The European (EEA and non-EEA countries) database of suspected drug reaction reports is [EudraVigilance](#), verified by the European Medicines Agency (EMA), and they are now reporting 44,821 fatalities, and 4,351,483 injuries following injections of five experimental COVID-19 shots:

- [COVID-19 MRNA VACCINE MODERNA \(CX-024414\)](#)
- [COVID-19 MRNA VACCINE PFIZER-BIONTECH](#)
- [COVID-19 VACCINE ASTRAZENECA \(CHADOX1 NCOV-19\)](#)
- [COVID-19 VACCINE JANSSEN \(AD26.CO2.S\)](#)
- [COVID-19 VACCINE NOVAVAX \(NVX-COV2373\)](#)

From the total of injuries recorded, almost half of them (1,972,105) are **serious** injuries.

*“Seriousness provides information on the suspected undesirable effect; it can be classified as ‘serious’ if it corresponds to a medical occurrence that results in **death**, is life-threatening, requires inpatient hospitalisation, results in another medically important condition, or prolongation of existing hospitalisation, results in persistent or significant disability or incapacity, or is a congenital*

anomaly/birth defect."

A *Health Impact News* subscriber in Europe ran the reports for each of the four COVID-19 shots we are including here. It is a lot of work to tabulate each reaction with injuries and fatalities, since there is no place on the [EudraVigilance](#) system we have found that tabulates all the results.

Since we have started publishing this, others from Europe have also calculated the numbers and confirmed the totals.*

Here is the summary data through May 21, 2022.

Total reactions for the mRNA vaccine Tozinameran (code BNT162b2, Comirnaty) from BioNTech/Pfizer: 21,070 deaths and 2,207,919 injuries to 21/05/2022

These totals are estimates based on reports submitted to [EudraVigilance](#). Totals may be much higher based on percentage of adverse reactions that are reported. Some of these reports may also be reported to the individual country's adverse reaction databases, such as the U.S. VAERS database and the UK Yellow Card system. The fatalities are grouped by symptoms, and some fatalities may have resulted from multiple symptoms.

Here are some faces and names to put on these cold, hard statistics.

Horrible: A Mom Films Her Daughter Receiving The Jab – The

Young Girl Ends Up Puking, Then Dying

(Brazil)

Listening to her mom cry over the phone is one of the saddest things I've ever heard.

These are unspeakable atrocities against children and it needs to stop now. I don't like sharing these types of videos but as a truth seeker it's my duty to warn others.
