Watch these ten buildings collapse. Nine of them were deliberate controlled demolitions.

The tenth is supposedly a “progressive collapse due to fire”. If you think all ten videos look eerily similar, you’re not alone.

Millions of people world wide – including thousands of architects, engineers and scientists – believe there needs to be a fresh, independent investigation into the events of September 11th 2001.

It’s never wrong to ask reasonable questions, or seek rational answers.
