It's honestly a weird feeling to go to the birthplace of America – where the ideals of freedom, liberty, independence, etc. were enshrined – only to find that these symbols have been watered down, transferred, or stolen, and subsumed into a “global vision” that lacks substance, sovereignty or liberty of any kind. And yes, U.S. of A. is a “republic” not a “democracy” in the first place – but the powers that be are replacing either/both of those anyway...

The United Nations takeover of United States' landmarks is sending a clear message to newer generations – that the days of the Constitution, the Bill of Rights, independence, and the like are somehow gone – magically evaporated in the wake of a new world order that no one voted for, only a tiny elite few championed, and yet everyone is supposed to yield and submit to.
