President Trump just shot himself in both feet by launching a trade war and by going after the guns! If this doesn't snap Trump supporters out of their [#MAGA](#) delusion then I truly don't know what will! Meanwhile censorship is running rampant as the Alex Jones Channel was just suspended so it now seems that social justice warriors have worked their way to the top of our various social media platforms and now their ideologies are starting to have an effect on us all! And on top of all that it turns out that The Trailer Park Boys are awake to the issues PFT exposes and so are the guys from Fubar! In this video Dan Dicks of Press For Truth brings you his latest installment of "What You Need To know"
