Arthur Firstenberg is a scientist, journalist and author who is at the center of a growing worldwide movement to bring attention to the most ignored threat to life on Earth. His book, [The Invisible Rainbow: A History of Electricity and Life](#) is the first book to tell the history of electricity from an environmental point of view.

The Cellular Phone Task Force: <https://www.cellphonetaskforce.org/> provides a global clearinghouse for information about wireless technology's harmful effects, and a support network for the millions of people injured by this technology.

Firstenberg is the Administrator and Co-author of the International Appeal to Stop 5G on Earth and in Space. To date, the Appeal has more than 300,000 signatures from 214 countries and territories.
