Tired of being hassled by stores for not wearing a mask? You're about to learn the legal remedies!

This video comes from a recent "live" interview on FB, so you'er hopping on here with a slightly shortened edited version. "Class is in session!" Grab a notebook and be ready to listen to this important broadcast two or three times to understand LEGAL REMEDIES that do not require a lawyer!

My special guest John Jay Singleton of www.privacyfightclub.com shows us EXACTLY how to file a legal notice to any establishment that is violating the law (we use Sprouts as an example).

John makes his 60-page document available here:
