Beware the Blue Beam!

Description:

Discussion includes nanotechnology, the current C60 health fad, the control system's use of blue beam light, what the blue beam project really is, artificial intelligence, nano genetics, nano contamination in vaccines, optogenetics, sonogenetics or sonicgenetics, on avoiding all metallic nano, ways to block blue frequency.

Tony's website [augmentinforce.50webs.com](#) is in an old format and very difficult to navigate for some (including me).

[Health-axis.com](#) has organized many of his articles in a more readable format.
