### Lyrics:

*Well there ain't no rock and roll  
Ever since they sold out Rolling Stone  
All the words that were sung in the past  
Will never feel the same when we're looking back  
All the old men sitting in their make up chair  
With their gold record walls really couldn't care  
All the fame feels the same when you've had enough  
So they don't bother standing up*

*And there ain't no peace and love  
Ever since the sixties kids grew up  
All the drugs and the girls and the cash  
After all the songs it was gone in a flash  
All those bad boy rebels and the attitude  
What a show, we didn't know that none of it was true  
Only self serve anti-establishment  
We were all so innocent*

*Because there ain't no rock and roll*

*And the blues has lost it's soul*

*All the punks gave the man control  
And every pop star's bought and sold  
No, there ain't no  
Ain't no rock and roll*

*And there ain't no Joni, no Bob  
No one stuck around for their protest job  
All the stars and the big pharma whores  
Shilling for a check from their corporate chores  
All the actors say what they're paid to say  
While the fans take the blame  
All the once cool fools that were me and you  
Well they pushed us all away*

*Because there ain't no rock and roll*

*And the blues has lost it's soul*

*All the punks gave the man control  
And every pop star's bought and sold  
No, there ain't no  
Ain't no rock and roll*

*And there ain't no Boss, no Queen  
Never was a rage against the damn machine  
No there ain't no fighter in the foo  
No more rockin' in those free world shoes  
All the high strung Neil Young wannabes  
Yea their silence has been deafening  
All the suits lick the boots of the government  
What they sang they never meant*

*Because there ain't no rock and roll*

*And the blues has lost it's soul*

*All the punks gave the man control  
And every pop star's bought and sold  
No, there ain't no  
Ain't no rock and roll*

*No, there ain't no*

*Ain't no rock and roll*

*No, there ain't no  
Ain't no rock and roll*

*No, there ain't no  
Ain't no rock and roll*

## "Gates Behind The Bars"

*The wimp's on the loose  
He's bought all the land  
He's out for revenge  
To hurt every man  
He'll print all the food  
And drug every kid  
Pretend like he's good  
Then hide what he did*

*Nobody's safe  
Nobody's safe  
Nobody's safe  
'Til we have gates behind  
Gates behind the bars*

*The geek's in control  
He's changed his disguise  
His chemical world  
Will be your demise  
He's sick and he's cruel  
And acts like he's God  
Speaks on the stage  
While zombies applaud*

*Nobody's safe  
Nobody's safe  
Nobody's safe  
'Til we have gates behind  
Gates behind the bars*

*He's coming for you  
His plans at the door  
He's climbed through the windows  
He's part of the war*

*He deals in the dark  
And buys his own truth  
He'll package it up  
And he'll sell it to you*

*All the sheep will believe  
Afraid they will die  
Trapped by the one  
Who has wrapped them in lies*

*The creep's not alone  
He plots with his friends  
The forum they have*

*Is a circle of sin  
There's snakes all around  
Who traffic and kill  
They'll dope up the world  
With needles and pills*

*No body Is safe  
Nobody's safe, Hey Hey  
No body Is safe  
'Til we have gates behind  
Gates behind the bars*

*No body Is safe  
No body Is safe, Hey Hey  
No body Is safe  
'Til we have gates behind  
Gates behind the bars*

**Lyrics:**

This just in, another liar on the news  
Standing at the pulpit, ready to abuse

This just in, another coward in control  
Scared by the sounds, so he hides in a hole

He'll call on the guards to trample the crowd  
'Cause the louder they get they silence his power

Shame, blame, no matter what they say  
Don't let the bastard get to you  
He's going to try to shut us down,  
but we'll stand our ground  
Hey, this just in, he'll lose

This just in, another villain on the screen  
Acting like a hero for all the drama queens

This just in, another black painted face  
Lathered in his virtue, enslaving every race

He'll send out the troops and freeze the accounts  
Says the freedom you get is what he makes allowed

Shame, blame, no matter what they say  
Don't let the bastard get to you  
He's going to try to shut us down,  
but we'll stand our ground  
Hey, this just in, he'll lose

If you look in his eyes you can see he's afraid  
So fragile inside while the town's on parade

Shame, blame, no matter what they say

Don't let the bastard get to you  
He's going to try to shut us down,  
but we'll stand our ground  
Hey, this just in, he'll lose

No he'll never shut us down,  
'Cause we'll stand our ground

Hey, this just in, you lose

*Lock down all towns  
Everybody slow down  
Give 'em everything you have  
Mask up, vax up  
Get your body trashed up  
Better do what they ask*

*It's alright, okay  
Sorry, but ya can't pray  
Gotta keep the church doors closed  
No superstitions  
A saint politician  
Will tell ya what you need to know*

*Citizen fools  
And brand new rules  
Make everyone a hero now  
So keep your distance  
No resistance  
Only do what you're allowed*

*Cash that check  
Go dance in the wreck  
But just don't speak your mind  
Get your facts from the paid contracts  
'Cause never would they tell a lie*

*They don't know me  
And they don't own me*

*Oh God help us all  
Look what we've become  
Oh God help us all  
And fix what we have done*

*See no evil  
Bow to the needle*

*Didn't we turn out great?  
Sick is the new health  
Poor is the new wealth  
Truth is whatever they say*

*Expert lectures  
Media protectors  
Tell me who to love and hate  
Jail in the network  
Hail to the Zuck-burg  
Head down, just behave*

*Liberty, freedom, angels, demons  
Someone's in control  
(Well) no way, no how  
I wouldn't say it too loud  
Don't you know they're on patrol?*

*Need more likes  
Post up, let's fight  
There's no way that you're wrong  
Gott listen to the science  
'Cause it's all about compliance  
You agree or you're gone*

*They don't know me  
And they don't own me*

*Oh God help us all  
Look what we've become  
Oh God help us all  
And fix what we have done*

*Sell my info  
Hacked in, don't know  
Show me what I need to buy  
Sex consumption, no corruption  
Just as advertised*

*You've been labeled  
And I've enabled  
Better apologize  
Propaganda  
Racist slander  
Time to organize*

*Shot, bang, who's next?  
Brain dead, useless  
Show it on the TV screen  
Tell me who to vote for  
Gotta to start a new war  
Wouldn't want to live in peace*

*Divide and Conquer  
Weak, not stronger  
Everybody know your place  
Do it now, won't hurt  
Dig into your own dirt  
Virtue found it's grave*

*They don't know me  
And they don't own me*

*Oh God help us all  
Look what we've become  
Oh God help us all  
And fix what we have done*

*Incite violence  
Enforce silence  
Mainstream message  
Won't you guide us?  
You know what is best  
For our own good*

*Anti-this and anti-that  
Cancel this and cancel that  
Take it to the streets*

*And the neighborhoods*

*Worship actors*

*Food and drugs*

*Brand yourself*

*Give them your blood*

*Don't believe your eyes*

*Don't look around*

*Fake news, rumors,*

*Ok boomer*

*Ignorance will stain our future*

*Will ya make it through*

*Or burn it down?*

*Oh God!*

*Oh God!*

*Help us all*

*Oh God!*

*Help us all*

*Oh God!*

*Oh God!*

*Help us all*

*Oh God!*

*Help us all*

*Oh God!*

*Oh God!*

*Help us all*

*Oh God!*

*Help us all*

## Lyrics:

You can hate me, try to break me  
Talk me down and denigrate me  
You can try to silence every word  
But I will not be leaving quietly, no

I won't leave  
I won't leave  
I will not be leaving quietly

And you can mock me, try to out smart me  
You can shame me and try to blame me  
You can do your best to shut me up  
But I will not be leaving quietly, no I won't leave  
I won't leave  
I will not be leaving quietly

I'm gonna stand here

And I'll fight for every word  
I'm gonna shout the truth  
Until you know it's heard

I'm gonna stand here  
And I'll fight for every word  
I'm gonna shout the truth  
Until you know it's heard

You can scold me, attempt to control me  
Ban me and censor and label and troll me  
You can push me and try to kick me out  
But I will not be leaving quietly, no

I won't leave  
I won't leave  
I will not be leaving quietly

And you can mute me,  
Strike and dispute me  
Dumb down the rest, yea, but I'll keep refusin'  
You can pretend like you've seen the last of me  
But I will not be leaving quietly, no

I won't leave  
I won't leave  
I will not be leaving quietly

I'm gonna stand here  
And I'll fight for every word  
I'm gonna shout the truth  
Until you know it's heard

I'm gonna stand here  
And I'll fight for every word  
I'm gonna shout the truth  
Until you know it's heard

You can hate me, try to break me

Talk me down and denigrate me  
You can try to silence every word  
But I will not be leaving quietly, no

I won't leave  
I won't leave  
I will not be leaving quietly, no

I won't leave  
I won't leave  
I will not be leaving quietly, no

I won't leave  
I won't leave  
I will not be leaving quietly
