Introduction by Peter Koenig

*13 October 2024 will be the first anniversary of **Reiner Fuellmich's** pre-trial prison custody. His conditions, especially for someone who has not committed and is not suspected of a criminal act of violence are, to say it benignly, horrendous, bordering on torture.*

Let me remind you, **Dr. Reiner Fuellmich** in 2020 founded the *Corona Investigative Committee* (CIC) in Germany, investigating the worldwide corona fraud. In a CIC internal strife, probably instigated from outside forces and secret services, he was unjustly accused of embezzlement. The CIC collapsed. Dr. Fuellmich attempted to return to California, where he had a license to practice law and where he also owned a house.

For some "bureaucratic" formalities (cooperation secret services Germany-US), he was "temporarily" refused entry to the US. He then settled with his wife in Mexico, where he created the *International Crimes Investigative Committee* (ICIC), and continued investigating crimes committed by the covid scam, as well as related social and economic misconducts by those who dictated the "rules-based order",

overriding all international, national and local laws.

In March 2023, the German Government issued an arrest warrant for Dr. Fuellmich. Since he had not committed a violent crime, an extradition order has no value outside of the EU / Schengen countries.

Therefore, the German Government – through their secret agents – lured him to a German representation in Mexico, where they kidnapped him on 12 October 2023, took him immediately – as is, without a change of clothes, or even a toothbrush – to the airport, and flew him between two German guards to Frankfurt, where he was immediately arrested on 13 October 2023. Ever since, Reiner has been in pre-trial custody, under the most inhumane conditions, in **the Göttingen high-security prison in Rosdorf.**

Pretrial custody is on average six months in Germany, at most 11 months. He is detained in solitary confinement, cannot see and talk to anyone, not to his fellow prisoners, must walk alone for his daily hour of exercise in the prison yard, and can have contact by phone or visits by his family for no more than three hours a month.

For every court appearance, Reiner is body-searched, then handcuffed, tightly foot-shackled, and accompanied by two fully machine-gun armed prison guards with bulletproof vests – as if he was a mass murderer.

He is shackled and body-searched, naked, every time the court interrupts, and he is led to an isolated basement room of the court to wait.

This deeply dehumanizing humiliation reminds of German concentration camps during Hitler's Third Reich regime over 80 years back.

One would think that humanity has learned from the horrors of WWII, but nada, zilch, nothing.

Humanity is led by the same inhumane monsters; except much worse today.

Then, the Third Reich was confined to Europe and North Africa; today, the New World Order or One World Order – one that wants to become One World Government, for which Germany is again playing a leading role, spans the entire globe, all 193 UN member countries.

There is seemingly no way to escape.

But as history has shown time and time again, any system of excesses, be it injustice no end, war atrocities, abhorrent dehumanization with torture, corruption and genocide no limits, will fall. There is no doubt that the diabolical Cult that allows Germany to hold an honest citizen in such atrocious prison conditions, wants to scare and shut up any others that may speak up against the crimes committed, and are still being committed, by the German Government, and by association, other western governments.

Dr. Reiner Fuellmich is a western world political prisoner.

Reiner's description, illustrations and photos speak for themselves.

Reiner Fuellmich – A Political Prisoner in the Federal Republic of Germany

A report by Dr. Reiner Fuellmich on his conditions of detention in the Göttingen high-security prison in Rosdorf, in response to the author Kerstin Heusinger, Germany correspondent for the French-language online publication BAM! With exclusive photos from the courtroom and sketches.

7:00 a.m., court date for the civil rights activist and lawyer Dr. Reiner Fuellmich:

“Heavily armed officers with pistols and submachine guns equipped with bulletproof vests are there to greet me. They try to persuade me to put on a bulletproof vest, which I consistently refuse. They then make me sign a waiver releasing them from liability if I am injured or killed by gunfire.

One of the officers searches my body and then, as always, forces me to kneel on a stool while he puts ankle cuffs on me.

He ties a wide leather belt around my waist and then puts handcuffs on me, which are attached to the belt with chains that are in turn secured with a large padlock.

The ankle cuffs force me to take very small steps, making it difficult to get in and out of the transport vehicle. If I were to trip while cuffed like this, I would not be able to stop or soften my fall and would likely break my wrists.

Prison officials told me that they had never seen a defendant held in pre-trial custody for more than 11 months for a simple offense (and not for a serious crime or an act of terrorism), kept in solitary confinement, and, above all, brought to court hearings handcuffed at the hands and feet.

In court, I was taken to the basement, to a tiled cell with a simple wooden bench. Another strip-search. Then I had to wait to be handcuffed and led into the courtroom. Each time the proceedings were interrupted, I was handcuffed again and taken back to the “basement”.

Each time I returned from court, I was stripped naked in a transit room to undergo a thorough body search.

**Harassment,
humiliation,
punishment**

Mr. D., the deputy director responsible for pre-trial detention, ordered my complete isolation on the grounds that my legal advice to other detainees could incite them to revolt.

The *Rosdorf prison* is divided into two sections: the penal section (400 detainees) and the pre-trial detention section (80 detainees), where I have been detained since October 13, 2023.

The pre-trial detainees are spread over 4 levels. Those considered to be particularly dangerous or vulnerable are isolated on level A0, where security is increased and additional restrictions are imposed. I was placed there.

Like the other inmates on level A0, I am strictly forbidden to talk to any other inmate.

For 11 months I have had no internet access, no computer, and no cell phone. I am only allowed to watch TV. My only contact with the outside world is my lawyer and the 3 hours per month for visits or phone calls with my family. Yes, a total of 3 hours per month.

My isolation goes so far that even my daily walk in the courtyard must be done alone. This one-hour walk is suspended if I am caught communicating with another inmate, even if it is only a hand signal. Yes, if I exchange a greeting with a fellow inmate through the bars of a window, even if I just nod my head – he and I will be punished immediately.

All disciplinary measures are imposed without stating reasons and without the possibility of appeal.

Everyone is guilty!

The treatment of pre-trial detainees is particularly poor and borders on torture. Mr. D., who administers pre-trial detention, and also works as a social worker, makes no secret of his convictions: he believes that if you are in pre-trial detention, you are guilty.

His disregard for the presumption of innocence is the main reason why I was placed in solitary confinement.

He has committed serious and intentional breaches of duty, which I have witnessed. These violations were covered up by the prison management. With two exceptions, the security officers carry out the orders they receive without compunction, like robots.

On August 8, 2024, I asked to speak to the deputy director of the penal institution. I informed her that personal belongings and documents had disappeared from my cell during my absence for court hearings. The cells are normally searched regularly according to strict rules. These thefts occurred outside of the official inspections, which are recorded.

Persecution: Dr. Reiner Fuellmich refers to the case of Redzep [another, former case of unjustly incarcerating a man for murder which he did not commit, and the court knew it]

“The seriousness of the situation is demonstrated by the attacks on a pre-trial detainee, Kevin Redzep, who was seriously injured. He has allowed me to publish his name and story. He comes from Montenegro and although he is intelligent and speaks several languages, he cannot write or read German fluently. He was placed in a department where there were several violent inmates or those accused of premeditated murder. He was called a “gypsy” by his fellow inmates, threatened, and asked for help from Mr. D., who refused to take him to the high-risk inmates. The next day, Kevin Redzep was attacked by three fellow inmates during a walk. He was hit over the head with a glass bottle so severely that the zygomatic bone above his left eye was crushed and his vision was at risk.

On July 9, 2024, Kevin Redzep had to undergo surgery before returning to Rosdorf Prison, even before he had recovered. He was involved in another physical altercation with five or six prison officers who threw him to the ground and injured him again in the head. Mr. D. then ordered the isolation of Kevin Redzep, who was already severely traumatized.

Kevin Redzep, who wanted to sue Mr. D, the penal institution, and the state of Lower Saxony for assault, asked me for help. When Mr. D. learned that I had advised this inmate and provided him with a lawyer, Kevin Redzep disappeared. It is assumed that he was transferred to another prison. Since then, Ms. Wörmer, my lawyer, has been trying in vain to find him, hoping that he is still alive.

A glimmer of hope.

Despite the disciplinary punishments they face, the pre-trial detainees show solidarity with me. They encourage me. They shout to me, for example, “Don’t give up, keep going.”

Some prison officials have seen through the pandemic scam and know that my trial is a sham staged by the secret services. They let me know and wish me well.

What helps me most is the enormous support from the international public.

I receive a large number of letters that are no longer read by the prison administration. I read all the letters and I am deeply touched by the affection they show. I try to respond as best I can.

Sometimes I see the pickets and the people who greet me, while I'm sitting in the transport vehicle to court.

I feel the remarkably strong connection to all those who support me. It is this connection that allows us to overcome adversity together.

I have to go to the medical service twice a week to be examined because I refused to give blood. I argued that any medical act, especially any invasive medical act, constitutes a violation of physical integrity if the patient does not voluntarily give consent. I am therefore regularly examined because a prisoner suffering from tuberculosis could potentially have infected people with whom he has been in contact.

One of the prison doctors expressed sympathy for my work. He also told me that the medical staff believe that the health of many detainees is incompatible with detention. However, the prison management prefers to ignore this fact.

After having personally witnessed what happens in pre-trial detention – the suspension of the fundamental rights of the accused, their difficulties in accessing a defense that really cares about their fate – I am convinced that prisons only benefit those who profit from them, with pre-trial detention being more lucrative than post-sentencing detention.

I have not met a defendant who I would describe as “evil”. I have met many, many remand prisoners who appear innocent to me, or who, above all, need therapeutic treatment, as a prison doctor admitted.

If we did not need a few prisons for a few sociopaths, for example those responsible for the pandemic, the wars, the massacres like in Gaza and for the corrupt of the system, I would be in favor of abolishing prisons.”

This statement was recorded by Dr. Reiner Fuellmich on the phone of his lawyer, Katja Wörmer.

It was translated into French by Kerstin Heusinger; and translated into English by Peter Koenig via *Deepl.com*

Uncovering World Tyranny and Its War Strategies

[Uncovering World Tyranny and Its War Strategies. Peter Koenig and David Icke](#)

An introduction by Peter Koenig

by [David Icke](#) and [Peter Koenig](#), [Global Research](#)

October 07, 2024

Everyone interested in where we are going in this dystopian civilization and ever-more tyrannical world, must see this extraordinary interview with **David Icke by KLa.TV**.

It can, and hopefully does, bring a larger awakening to the people around the globe.

David Icke talks about the corralling of the world population into ever smaller spaces under the pretext of “climate change” that requires a “net-zero” CO2 world, no travel, no industry, promoting the “15-minute cities”. It is absurd.

“Zero-Net” – by 2050 – is propagated by the globalists as a must for humanity’s and Mother Earth’s survival. It will not happen. Humanity will survive.

And all this while they – the self-declared masters of the universe – namely the financial establishment know very well that **CO2 is a life essential gas; without which there would be no life, no plants, no food, no economic development – nothing.**

But the believers in authority follow the masters' orders and practically commit suicide by following and obeying a lie, **attempting the reduction to zero of CO2.**

David explains how world events are connected. With a little research and a clear-thinking head, you will find that all major geopolitical, socioeconomic events are not just haphazardly occurring side by side or in certain sequences, they are all linked up throughout the world. So, connecting the dots, you will see that we are living in a well-orchestrated web, where all makes sense – for those who are in command of the web – and to the detriment of the vast bulk of populations.

There is a tiny-tiny elite behind the web, pretending to have all the power, only because we believe all the lies from our government and institutional so-called authorities, dictated to them by this elite.

We have been taught in school to trust in authority and to obey authorities. It is a difficult axiom to break.

The constant drill of the mainstream media assures a steady drop-by-drop indoctrination of lies becoming the truth.

David Icke also describes how *true non-mainstream media* some 20 years ago, gradually was converted into "*mainstream alternative*" media, also called "controlled opposition" by the big media outlets, Murdoch, Disney, Warner Brothers and more.

As a new, **controlled alternative media**, he mentioned Tucker Carlson, among others. They are promoted and funded by **Big Tech and Big Finance**, but cannot trespass their given boundaries.

The TRUE non-mainstream and independent remaining journalists and news sites are cornered, cyber-attacked and censored. That is how a small group of financial and big-tech oligarchs takes ever more control of society.

We MUST break out from this giant net or worldwide matrix controlled by a tiny elite that controls technology, finance, and decides over our health or death, through WHO, supported by Big Pharma. Exiting the matrix is our condition to become free and sovereign citizens again.

And, yes, we can –by becoming self-asserted and independent thinkers, joining up with others and together breaking the elite-bullies “rules-based order” back to legality, international, national and local laws, respecting one another, and respecting the rights of people, indigenous, westerners, easterners, Africans and Middle Easterners and whatever ethnicity you may find.

We are all the same.

Our souls are not bound to a pyramid order of hierarchy.

They are equal.

David’s motto is: *“Know the goal, then you will see the way leading there!”* In the interview he shows that even free educators are in danger of supporting the development of a centrally dictated global dystopia.

David Icke, the Dot-Connector, starts the interview by saying,

“If you look at the world as a series of random events, random happenings, it makes no sense. Why do they do that? Why do they do it this way? Why don’t they do it that way? It would be much better if they did it that way. And so on and so forth. Why does this happen? But when you connect the dots, you connect these events, you find that they do all connect. It suddenly makes all sense. And, you know, people say sometimes about me: “You see a conspiracy everywhere.””

“No, I do not. I see one conspiracy to turn the world into a global dystopia. And that one conspiracy has endless facets and forms. But it is actually one conspiracy. It is one

gigantic web. And that is literally true in terms of what I call the Global Cult, which is a global network of secret societies which are operating outside or in the shadows from those that appear to be running the world.”

David’s clear-sight points to a key element that may lead us into a dystopian world. Our societal behavior is based on our perception. The perceptions are based on the messages we receive. The Global Cult that pretends to control us, formulates the messages as lies, to make us believe there is a problem, the people react, then they can present, or impose us a solution.

He calls it simply, *“Problems, Reaction, Solution”*.

David uses the recent example of covid. He says,

“People caved in to the COVID hoax because they perceived there was a dangerous virus. And they perceived, that the fake vaccine, not a vaccine under previous criteria, was a way to save them from the dangerous virus.

That perception led to people submitting to what were fascistic impositions all over the world. So, if you want to control behavior, you must control perception. And if you control behavior, well, collectively, that is what we call human society. And then you ask the question, where do perceptions come from? Well, they come from information received”.

And information is controlled and manipulated to serve the purpose of the controllers.

David Icke’s presentation is brilliant. It is a MUST-SEE for every truth seeker.

“Hell is Empty and the Devils are All Here”.

~ William Shakespeare, “The Tempest”, 1623

[Peter Koenig’s Contemporary Analysis of “The Tempest 2020-2030”](#)

From 5G to 6G

We, the People, are in a race against the Globalists committed to Depopulation; control the survivors, exploit us, dehumanize us, and ultimately digitize us, so that we can

be remotely controlled by 5G;

And, now, just “launched” by China, 6G. See [China launches ultra-high-speed next-generation Internet backbone – SHINE News](#).

Incidentally, has the health impact of 6G been studied? Maybe. But nobody divulges the results.

This is how **Qualcomm** describes 5G:

5th generation mobile network. It is a new global wireless standard after 1G, 2G, 3G, and 4G networks. 5G enables a new kind of network that is designed to connect virtually everyone and everything together including machines, objects, and devices. See [this](#).

Nobody has openly spoken about the health impact of 5G, though, that has been studied. Yet, the studies are not revealed to the public.

Beyond George Orwell’s 1984

There is “guessing”; and scientists who come forward with the truth depicting the impact caused on wildlife and humans by these ultra-microwaves, are most often labeled “conspiracy theorists.”

This is the “shut-up” phrase for everything the mainstream, the Cabal, the Matrix, the Globalists do not want the public to know. ***We are way beyond George Orwell’s “1984.”***

The 6th Generation Mobile Network or 6G is about 100 times faster, more powerful, than 5G. It will be able to digitize everything.

This is what **RantCell** has to say about 6G:

It is Operating at terahertz frequency bands, 6G will deliver a peak data rate of 1,000 gigabits/s having air latency less

than 100 microseconds. When we talk about 5G vs 6G network speed, 6G speed is expected to be 100 times faster than 5G with enhanced reliability and wider network coverage. See [this](#).

We, the People, are in a race – life against death. If we wake up and counteract, the Globalist's, namely the project of the diabolical protagonists of **UN Agenda 2030** and **The Great Reset** will “be doomed”.

But if we keep letting us being duped, We, the People, “Will go to Hell”.

This is the reason why the entire UN system is desperate to get the world digitized. The faster the better so, there may be not enough time for **We, the People, to wake up in masses to take our world, our lives back before it is too late.**

The Financial, Military, IT, Media, Pharma Complex Nominates UNCTAD

Therefore, the United Nations, the political body under full control of the Globalist Cabal (openly led by Washington), but really, by the powerful **Financial, Military, IT, Media, Pharma Complex (FMIMPC)**, has nominated one of its under-agents, the **UN Conference on Trade and Development (UNCTAD)** as the flag-carrier – at least for now – for the deadly onslaught of All-Digitization.

UNCTAD –in blatant derogation of its **historical mandate on behalf developing countries, namely the Global South–**, will **level the playing field**, as the saying goes, on behalf of the entire UN System by announcing in a *Press Release in Geneva on 15 November 2023*, its e-Week from 4 to 8 December 2023, in a major revamp of its annual e-Commerce Week series which began in 2016.

UNCTAD's Secretary-General, Rebecca Grynspan said,

“The digital economy plays a critical role in advancing

development goals at all levels. Through inclusive and multi-stakeholder discussions, we can together build a global digital future that works for all.”

UNCTAD’s infamous e-Week is called

“UNCTAD e-Week 2023 to Mobilize Global Support for a More Inclusive Digital Economy.”

Sub-titled:

“More than 3,000 stakeholders from 130 countries will examine how to turn digital opportunities into shared development gains and close existing divides for a sustainable future.”

The text of the Press Release abounds in sloganism, niceties and “noneties” (senseless talk for the “sold to the system gnomes”).

For example...

“The Conference is themed for **“Shaping the Future of the digital economy”**. The topics will feature over 150 sessions focused on tackling pressing issues related to digitalization. Key topics will range from platform governance, the development impact of artificial intelligence (AI), eco-friendly digital practices, to empowering women through digital entrepreneurship and accelerating digital readiness in developing countries.”

This intro-phrase hardly misses one of meaningless globalist jargons, that are now current and circulate in the minds of people, without them giving a second thought of what they really mean.

Wait a minute, they forgot the term “sustainable”. Surely, it will appear later in the text.

UNCTAD and the “Digital Playing Field”

Very Important Persons (VIP) attending. They also talk about

several high-level speakers like **Amandeep Sing Gill**, the UN Secretary General's Envoy on Technology; **Nizar Ben Neji**, Tunisia's minister of communication and technologies; as well as **Henry Puna**, Secretary General of the Pacific Islands Forum; and many more IT-VIPs.

The AI Potential. They are not missing out on **Tapping the Artificial Intelligence (AI) potential**, reminding the world that time is of the essence as the world navigates uncertainties surrounding emerging technologies, including the rapid uptake of AI, which is increasingly revolutionizing the digital economy.

It is clear – our future, the People's future, is being planned as a digital future. And that, without any consultation. The UN body and those who pull its strings are planning to decide for We, the People. But only if we let them.

Leveling the digital playing field will concentrate on the massive data flows from the digital economy, call for global governance responses to market concentration and unequal distribution of benefits.

They say that over 70% of the global digital advertising revenue goes to just five digital platforms.

So, what are they planning to do about it? Nothing. Because these five digital platforms control already the world – **Alphabet, Amazon, Apple, Meta and Microsoft**. These behemoths control about 9 trillion dollars-worth of IT communication. And now add **"X" (former Twitter)** and the horizon for change looks ultra-bleak, especially not by a minor UN body, called UNCTAD.

This is by far not all.

On the agenda also is another slogan: **Harnessing the digital promise**, which predicts and promises that the data-driven

digital economy holds vast potential for countries to spur economic growth, foster innovation and reduce geographic and physical barriers to inclusive development.

Here is the final icing on the cake:

Digitalization for development – the UNCTAD e-Week platform for constructive and inclusive dialogue is to generate insights and actions that can feed into global efforts, particularly the ongoing UN Global Digital Compact, aimed at catalyzing an open, free, and secure digital future for all, leading up to the **UN's 2024 Summit of the Future**.

And for all of that, they need **Stronger partnerships**; especially with multiple global crises unfolding on geopolitical, economic and climate fronts, countries must make critical decisions to chart digitalization paths for **equitable and sustainable** development.

They may be talking about the unethical and illegal 2019 compact between **Klaus Schwab's** World Economic Forum (WEF) and the United Nations as well as the wantonly man-made worldwide wars and conflicts, chaos, and killings, just to keep the population at bay, confused and distracted.

This completes the sloganism: **Equitable and sustainable** is not forgotten.

“Taking Down a Society That Is Digital”

When reading between the lines and beyond the slogans and digital jargon propaganda, it is not difficult to see that we are ever-more rapidly moving towards digital enslavement.

Consider what **Tucker Carlson** has to say in a recent interview that it is easy to **“Take Down a Society That is Digital.”**

Think about it.

If everything around us is run by digital signals that are

controlled by the “Globalist Cabal” (namely the **FMIMPC**) one or a few switches can turn off our different networks:

- water supply, electricity, gas, all kinds of energy,
- food supply,
- fuel deliveries,
- traffic signals,
- all transportation,
- all communication,
- the money in our accounts, and much more.

The impacts on people’s lives are beyond description. It does not need a nuclear explosion to implement its **depopulation agenda**, or the so-called “useless eaters” (a quote from WEF’s Israeli **Yuval Noah Harari**), that could also endanger those who control the switches.

And We, the People, would be completely powerless.

Listen to Tucker Carlson’s interview (start at 05:00).

Video

By now, it should be clear to all of us what is being gradually and, in many ways, imperceptibly prepared for us, We, the People, is “Pure Evil”.

It is, We, who are in the Matrix. The Elites that control the few switches to run the End Game are outside the Matrix. They will keep their supply lines open – of everything, hoping to live in paradise where, We, the People, own nothing but are happy.

They remote control the Matrix. We self-proclaimed “red-pilled” people thought we were *outside* and could watch the chaos being created *inside*.

It is the other way around.

People, do not be fooled. It is a confrontation between the powerful elites, namely the **Financial, Military, IT, Media, Pharma Complex (FMIMPC)** and the **We the People**, namely Humanity acting Worldwide at the Grassroots of Society.

Free Reiner Fuellmich!

[Free Reiner Fuellmich!](#)

by [Peter Koenig](#), [Global Research](#)

October 18, 2023

The famous lawyer, **Dr. Reiner Fuellmich**, founder of the *International Crime Investigative Committee (ICIC)*, formerly the *German Corona Commission*, was deported last Thursday, 12 October, from Mexico City to Germany, to be arrested for alleged financial irregularities at arrival in Frankfurt, on Friday, 13 October. He was immediately put in pre-trial detention.

In Mexico, Reiner had to consult with the German embassy for passport issues and, to his shocking surprise, was immediately arrested and flown to Germany – accompanied by two guards, no personal belongings, no clothing, not even a toothbrush. His wife is not accused and was allowed to remain in Mexico.

From Frankfurt, Dr. Fuellmich will eventually be transferred next week to Göttingen, where he will be kept for an undetermined period in pre-trial detention because they unjustly suspect him of attempting to escape.

His confinement was based on a 30-page arrest warrant written already in September 2022.

He is falsely accused for financial fraud, precisely by those people who themselves have questionable criminal records and who supposedly worked with him during the 2+ years Dr. Fuellmich was running the *German Corona Commission* from Berlin.

Dr. Reiner Fuellmich will be defended by two excellent lawyers, Dr. Dagmar Schön and Dr. Katja Woermer. They filed immediate counter-accusations against the predator-accusers.

Lawyer Dr. Dagmar Schön presented Reiner's story on Sunday evening, 16 October 2023, on *BittelTV*, where 33,000 spectators and supporters listened to his case.

Reiner is well known and highly appreciated throughout the world for his fine work, defending victims of government-induced COVID crimes, and other crimes against humanity,

perpetrated by governments and government institutions around the world.

The attempt to censure and outright silence him has failed bitterly – and the very German government, which disrespects human rights, freedom of speech and is guilty of lying and distributing false information on the media, has now found no other way than arresting Reiner illegally.

They will not succeed. Justice will eventually prevail. A higher justice, way above the manmade twisted laws – justice that reigns over Mother Earth and the Universe – always rules.

This case will be followed closely and updated periodically.

Elsa Schieder, PhD provided an English transcript of this announcement at her [The Truth Summit substack](#). She provides

additional background information, including the involvement of Viviane Fischer (of Corona Investigative Committee) in the charges made against Reiner Fuellmich. She also shares information on ways to offer support for Reiner Fuellmich.

Here is the transcript of the announcement made by Dagmar Schoen:

Reiner and his wife lost their passports and visas quite some time ago, needed to get them replaced. As they have been staying in Mexico, this led to their needing to go to the German embassy in Tijuana, Mexico. The first time they went, on Monday, they needed to come back. Dagmar was already uneasy, but everything seemed all right.

A time was arranged, for Friday, for them to pick up the documents. So the embassy knew exactly when they would be arriving.

When they went back on Friday, Reiner's wife got her documents and was allowed to go. Reiner was arrested. He had nothing with him, only the clothes he was wearing. No toothbrush, even.

A warrant for his arrest had been issued in March. A second warrant was issued in May. One was from Germany and the other from the EU. Obviously he was not informed.

As Reiner was in Mexico, which is outside the jurisdiction of the EU, the warrants could not be enforced.

So there needed to be a way to get him onto German soil.

Reiner's needing a new passport and visa gave those

who wanted him arrested the perfect opportunity.

When he entered the embassy on Friday, there were 6 men waiting to detain him, take him to the airport, escort him to Germany.

The charges, as Dagmar found out when she had the official papers opened, were 30 pages long – so this was something carefully planned and executed.

They related to allegations of Viviane Fischer, a former team member on the Corona Committee, about financial wrongdoing.

Three people signed the charges against Reiner.

Perhaps the craziest aspect of the charges is that the money Reiner allegedly took is in the bank account (or anyway, was in the bank account) of one of the 3 people.

As additional information becomes available, I will post links at [Telegram](#), [Brighteon Social](#), [Minds](#) and [Substack Notes](#), as well as include them in our New Posts newsletter.

[Central Bank Digital Currency \(CBDC\): The Weaponization of Money? WHO's Health Tyranny: Towards a Totalitarian World Government? No Way!](#)

March 30, 2023

Two kinds of absolute controls are being prepared to implement The Great Reset, alias UN Agenda 2030. A potentially straitjacket and total control by programmable Central Bank Digital Currency (CBDC), and an all-oppressive health tyranny by WHO, overriding national Constitutional rights and national sovereignty as far as health measures are concerned.

The former will be “managed”, coordinated and supervised for faultless implementation, by the so-called Central Bank of Central Banks, the Bank for International Settlement (BIS); the latter by the 1948 Rockefeller-created, falsely called UN-agency WHO. The emerging tyrant’s budget is to 80% pharma, Gates and otherwise privately funded. Both are criminal organizations.

These are plans, not yet implemented. But the world better be aware, so We, the People, may stop this terrifying assault on humanity in its tracks.

CBDC may be upon us, humanity, rather sooner than later. **Programmable CBDC is a weapon of mass destruction.** The weapon has been in the planning for decades – and it fits right into the Bigger Picture of the Great Reset / Agenda 2030.

Programmable – means the money can be programmed on how it is to be spent by an individual, or blocked, or made to expire, or made to be used for certain goods or services – or it can be totally withheld, wiped out, depending on how well you behave, according to the standards of the all-commandeering death cult elite.

CBDC is a master control element, a stranglehold on the population.

Simultaneously, **an all controlling health tyranny is being prepared by WHO.** The plan is that the new totalitarian rules – Biden Administration initiated revised International Health Regulations (IHR), including a new Pandemic Treaty – are to be

ratified by the World Health Assembly, presumably by the end of May 2023. If approved, by a two-thirds majority, the new rules will become effective in 2024.

Health Tyranny and Control by WHO

The elite who pretends to rule over humanity acts most silently from the shadows. It includes the financial giants, the largest funders of the World Economic Forum (WEF), the *Davos Boys*. The financial elite calls the shots on integrated and willing **Klaus Schwab**, WEF's CEO.

In turn, Mr. Schwab passes on instructions to the World Health Organization (WHO), for example, to redesign and implement the revision of the IHR which now also includes a Pandemic Treaty.

First, Bill Gates, also one of the key sponsors of WHO, puts a shady Ethiopian politician, **Tedros Adhanom Ghebreyesus**, at the helm of WHO. Tedros, a buddy of Bill Gates, is former DG of the GAVI Vaxx-Alliance, also created and funded by the Gates Foundation. – So much for WHO being a UN Agency.

If these new IHR / Pandemic Treaty are approved by the World Health Assembly at the end of May 2023, the world (currently 194 WHO members) will be living under a “health tyranny”.

WHO would have overreaching powers over otherwise autonomous countries, being able to overrule national Constitutions and decide whether a disease must be treated as a pandemic, i.e., with massive vaccination.

For example, WHO could decide that henceforth the common flue must be treated as a pandemic. Since “covid”, any “vaccination” will be the gene-modifying mRNA type. The same viral-technology that has, with covid inoculations, caused already tens of millions of deaths around the world. Of course, not openly recognized, but over-mortality statistics, especially in the western world, alias, Global North, speak for themselves. They are congruent with the countries' vaxx-

injection rates.

People have no clue that when they next take their kid for a polio, or measles vaccination, their child will be injected with a potentially deadly mRNA-type toxic solution, producing immune-averse spike proteins. See [this](#) by Dr. Mike Yeadon, former VP and Chief Science Officer of Pfizer.

Total Obedience

To assure utmost obedience of countries, Klaus Schwab has on several occasions boasted that the WEF was infiltrating scholars of the WEF “Academy” for Young Global Leaders (YGL) into governments around the world. They often are placed in Prime Minister’s or President’s positions. To name just a few of the more prominent ones – **Justin Trudeau**, Canada; **Emmanuel Macron**, France; **Mark Rutte**, Netherlands; former German Chancellor **Angela Merkel**; as well as **Olaf Scholz**, current Chancellor of Germany.

Central Bank Digital Currency (CBDC) – Welcome to the New Money Prison

The decision to introduce CBDC so-to-speak at warp speed was made at a Jackson Hole, WY, meeting in August 2019 by the Central Bankers of the G7 nations. They voted on a financial coup which was “Going Direct Reset”.

This was planned way ahead for at least the last 20 years, and now needed to be consolidated for the final stage of total and absolute financial control – the end game of the coming world tyranny. First applied by the Global North, where the impact will be greatest. See brief 1 min. video by Katherine Austin Fitts, it says it all.

https://truthcomestolight.com/wp-content/uploads/2023/03/video_2023-03-30_17-09-56.mp4

It is weaponizing money into programmable and controllable CBDC – a Weapon of Mass Destruction.

The rest of the world will follow suit. That's what they think. Destruction of the industrialized world is first. Germany is supposed to lead deindustrialization of Europe, prompted by artificially caused energy shortages. Then comes the absolute control of the world's natural resources – so that reconstruction of the system, with a drastically reduced world population, may progress rather fast.

The US / NATO Ukraine proxy-war against Russia is a forerunner aiming at dominating Russia and her wealth of natural resources.

Governments and banksters are the people's biggest, most nefarious, but least recognized enemies. How much longer does it take until a majority of people will wake up and stop this crime on humanity?

According to Katherine Austin Fitts, the introduction of CBDC, may put half a billion people out of work. That is just one part of the warfare. It is intimately connected to the plandemic. People did not die of covid, most perished from toxic vaxxes and from "covid" caused misery.

Dr. Michael Yeadon, former VP and Chief Scientist of Pfizer repeatedly said in his interviews and special addresses, the real, potentially massive dying, of the coerced vaxx-campaign – will take place after three and up to about ten years from the beginning of the vaxx-drive. Injections of mRNA material into people's bodies began in December 2020. We are now entering year three. And hundreds of thousands, if not millions, around the world have already died due to the "vaxxes", NOT covid.

Today, truth-seeking scientists and medical doctors warn – "don't get vaxxed, it is dangerous for your health, the jabs may kill you." If not, they may maim you for life, or reduce

massively women's and men's fertility. The latter shows already up in statistics – in Europe from 20% to 40% reduced fertility in 2022. Yet, worldwide vaxx-drives go on – a bulldozer stopping from nothing.

How to weaponize money?

A threesome tyranny – a “trinity”, is at it. The WEF and it's behind the scene giant financiers; the Governments, and the banksters, through a network of national central banks, all controlled by the Bank for International Settlement (BIS), in Basel, Switzerland. The “health industry” – Big Pharma, health- and hospital facilities and insurances are following the line with digitized health records and digitized health services.

The 2019 G7 Jackson Hole decision on massive bank failures to bring about CBDC, started in early March 2023 on a relatively light note in the United States. The opening was the apparent collapse of California's Silicon Valley Bank (SVB), California's Silvergate Capital and NYC's Signature Bank. None of them really needed to go into bankruptcy. They were “bailed out” by the Biden Administration, put in control of the “Regulator”, before rumors of failure could trigger a run on the bank.

We know how “rumors” can be fabricated or enhanced and how they may mobilize people.

On the other side of the Atlantic, Credit Suisse, second largest Swiss bank, had been plagued for the last two decades by scandals and “financial irregularities” one after the other, including drug money laundering, and helping Russian oligarch escape western sanctions by “disappearing “ documents linking them to their luxury yachts which were supposed to be confiscated.

Since earlier this year, the bank's share value plummeted, first by the week, then by the day. For a complete list of

financial scandals and more, see [this](#).

Much of the loss of confidence was, again, based on rumors – and rumors can be spread – true or false.

There was never a need to put CS into *receivership*. The bank, according to many analysts, also FINMA (the Swiss banking “regulator”) was solvent, especially after CS supposedly received on Friday, 17 March, a 50 billion franc “bail-out” loan from the Swiss Central Bank.

According to insiders (CS analysts)- and outsiders, this amount of cash would have been enough to restructure the bank, including quietly getting rid of undesirable *skeletons* – regaining trust of people and shareholders – and be functional again within less than a year.

However, there may be another agenda for the sudden change in direction, during the weekend, 18/19 March. Janet Yellen, US Secretary of Treasury, UK and German senior Ministry of Finance officials were in “consultation” with the Swiss Minister of Finance.

Outside pressure again cut into Swiss sovereignty politically and in terms of Swiss reputed private banking services.

What happened then, is the complete opposite to what the 50 billion “bail-out” should have achieved. One may ask, was the CHF 50 billion government “bail-out” just a disguise?

In an apparent sudden change of direction, the Swiss Government, without any consultation of shareholders and holders of some CHF 16 billion worth of bonds, forced UBS, the largest Swiss bank, to take over its slightly smaller sister, CS. Even stranger, this happened by applying a shady emergency decree. CS was never in an emergency of insolvency.

CS shareholders had to accept a take-over price of CHF 3

billion, about CHF 0.76 / share, less than half its last quoted share value. The bank's infrastructure alone is worth a multiple of the take-over price.

On Sunday, March 19, the Swiss regulator FINMA announced that the so-called additional tier-one bonds (AT1) of about CHF 16 billion will be written to zero as part of the deal. Neither the shareholders or the bondholders were warned.

This precipitous coerced deal has not gone down well in Europe. A famous law Professor at the Swiss Fribourg law-specialized university, called Switzerland a "Banana Republic".

The conservative Swiss newspaper NZZ reported on 19 March 2023 that a few months ago nobody would have believed the downfall of CS was possible. In 2007, CS had a stock value of over CHF 100 billion. It was gradually reduced to CHF 7 billion, less than a week before the decreed take-over. The paper concludes that *Switzerland got rid of a Zombie-bank, but acquired instead a Monster-bank*. After the merger, UBS will have about 5 trillion worth of managed assets. Compare this with about 10 trillion of BlackRock.

Instead of a 50 billion bailout credit – which would have been paid back, the new deal costs Switzerland about 230 billion – a 200 billion Central Bank line of credit, of which hundred billion are fully guaranteed by the Swiss Government (taxpayers), plus a 9 billion guarantee (taxpayer) for UBS losses, plus other guarantees in case of defaults.

As a sideline, the Swiss Central Bank, on 5 March declared one of the biggest losses in its recent history, of CHF132.5 billion. You add to this a potential loss position of another some CHF 100 to 200 billion – that makes you think – what else is planned to wipe out this debt?

The major CS shareholders may launch a massive law suit against the Swiss Government. Saudi National Bank (10%), Saudi

Olayan Group (5%), plus Qatar Holding (5%), hold together about 20%. For these oil-producing countries legal fees may not be an issue, but creating a precedent will be important. BlackRock with about 4.1% CS shares stays for now on the sidelines.

Looks and smells like all of this has been planned by a long hand. Remember the G7 Central Bankers meeting at Jackson Hole, Wy in 2019?

https://truthcomestolight.com/wp-content/uploads/2023/03/video_2023-03-30_17-09-56.mp4

Financial Times and Forbes report that there are about 200 small-to medium size US banks “at the brink” of collapse. The Credit Suisse collapse, one of the world’s 30 systemically most important banks, also one of the “Too Big to Fail” banks, rescued by the Swiss Government, may just set the beginning of a massive domino of bank failures in the US and Europe. See [this](#).

BlackRock’s Vice Chairman, responsible for Investments, Philipp Hildebrand, is the former President of the Swiss National Bank (forced out in 2016, because of a personal scandal), then joined BlackRock. He knows how the wheels turn in Switzerland.

The Biden Administration’s *rule of order*, ignores the 2010 Dodd-Frank Act that eliminates government bail-outs and opened the door for bail-ins, allowing banks to confiscating creditors’ money and converting it into equity. If this government bail-out policy continues, a never-seen before government debt will accrue. The same may apply in Europe, amassing potentially hundreds of trillions of national debts, on both sides of the Atlantic.

This would be the ideal moment to introduce at once in the

western world – US, UK, Canada, Europe, but also Japan and Australia – *programmable* Central Bank Digital Currency (CBDC).

These countries' combined 2022 GDP amounts to about US\$ 50 trillion equivalent, almost half of the 2022 world GDP (US\$ 103.86 trillion). See [this](#) (World Bank data).

Within the shortest period of time, the western US-dollar-based economy's debt could be wiped out with one stroke – with a new kind of money, the CBDC. With another stroke, the entire ignorant western population could be doubly straitjacketed – by WHO's Health Tyranny, as well as by *programmable* CBDC.

It is high time that We, the People, around the world gain consciousness and become aware of the dictatorial measures waiting just a short stretch down road to be implemented. Then, the bulk of The Great Reset / Agenda 2030 would have been achieved. Once that happens, it will be difficult to escape.

It is time that We the People, request our governments to exit WHO – in Switzerland a referendum to this effect has already been initiated – and that we are prepared for setting up parallel governments with local money, totally delinked from existing banking and central banks.
