

'Raw Milk Conspiracy' Band: "Miss Information Whore"

['Raw Milk Conspiracy' Band: "Miss Information Whore" Launch on Defiance Records](#)

[Truth Comes to Light](#) editor's note:

I was contacted by Raw Milk Conspiracy, letting us know about the release of their EP (Extended Play) recording of "Miss Information Whore". Raw Milk Conspiracy is an "awake punk rock band" based out of London.

Below you will find two videos (available at Resistance GB [YouTube](#) & [Odysee](#) channels). The first is a music video of their newly-released "Miss Information Whore". The second is an interview with Resistance GB that reveals more about their vision and backgrounds. A third video of a live launch event can be found [here](#).

On first listen, I was impressed by the strength and intelligence of their music. In listening to their interview with Resistance GB, I was touched by their personal story of standing up against the evil lies that are attempting to bulldoze all of humanity into compliance with self-harm.

Resistance GB on the new EP release:

"The EP [Miss Information Whore] covers the true journey of the band, from an engineer, a pot-washer and a music teacher to 'extremists' and convicted 'criminals', who find themselves enemies of the state.

"In a perfectly reflected world of mass formation psychosis driven by state propaganda, 'trusted news initiatives', mass censorship, police brutality, social hypocrisy and

government corruption, one man's actions calling a BBC employee a traitor and throwing a half-empty humus-pot in self-defence can lead him down a darker path.

"The following melodies describe the climate of fear, an act of protest, an arrest, a particularly trisyllabic interview, and a descent down a dangerous road of extremism, to the extent that one begins to question whether an emotion can truly be a crime."

In whatever way you can, please share their work and support them. Download the EP from [Amazon](#) or [Apple](#). If you live in the UK, consider attending live events or purchasing their [CD at Defiance Records](#). (Donations for Defiance Records' work can be made at the same link.)

Lyrics:

*Miss Information whore
Evil to the core
We're stuck in 1984
Ghastly corporate bore*

*Lies, on top of Lies, on top of lies
Cant believe my ears, my eyes
And now sadly
Now sadly it comes as no surprise*

*Ghastly corporate bore
Were stuck in 1984
Evil to the core
Miss Information whore
Evil, evil to the core*
