In previous articles [1] [2] [3] [4] [5], I've established the fact that the existence of the SARS-CoV-2 is unproven; and I've brought forward Dr. Tom Cowan's evidence that the genetic sequence of "the virus" was cobbled together, piecemeal, from databases, based on zero science. In other words, the "sequencing" was a fraud. [6] [7] [8]

The chosen direction of the fraud: a coronavirus. That was the arbitrary choice.

Researchers picked, off the data-shelf, a "new coronavirus"—meaning they assembled pieces of genetic code they claimed were "corona," and they hooked them up and said, "Voila, we have a new SARS-type virus."

If you look at the motley collection of pre-pandemic drills and exercises and conferences, the theoretical virus almost always turned out to be a coronavirus. THAT was the pre-ordained story line.

That was the plan. Selling that story.

Am I suggesting that many, many scientists, and even political leaders and globalist big shots knew, in advance, that no real virus would ever be discovered, that the sequencing would be a fake? Of course not.

In every major covert operation, information is

compartmentalized. In this particular operation, we have a stunning fact: almost everyone automatically believes the genetic sequencing and the virus are real. That goes for elite scientists as well. They're in the dark.

Only a very few are aware that the whole process of cobbling together the "new virus" is fraught with fraud. So, for all intents and purposes, "the virus" con is protected. It's protected by institutionalized science. By massive consensus and massive ignorance.

The situation is even more stunning than that. All over the world, there are scientists in labs of various kinds who believe they're working with "the virus," when they're working with a cobbled-together IDEA of the virus.

So, for the most part, in this COVID operation, the key players are only aware that researchers could arbitrarily choose one virus over another as the "cause of the pandemic." They're not aware that the choice is actually a fake virus.

The choice of a new coronavirus was made for a simple reason. The diagnostic test would turn up huge numbers of false positives, thus jacking up case numbers and providing the rationale for the lockdowns and the economic devastation. Which were, all along, the real aims of the operation.

To put in more specifically, the PCR test would register positive, because it was geared to detect genetic sequences commonly present in people all over the world.

To put it still another way—the PCR test was pre-set with DATA which would "match" THE DATA extracted from patients. The fix was in.

The virus was concocted out of data. It was and is data. The test was loaded with data that frequently matches the virus-data.

Think of it this way. You have a map of a lost gold mine. It seems to chart a course through the mountains and valleys of California. Of course, the map is a fake. It was drawn and made to look old.

You follow the map, and sure enough, in a remote mountain area, you arrive at a giant hole in the side of a hill. But the hole and the “mine” are fake, too. They’re a Potemkin Village. The tunnel and the braces and the struts were built recently.

The “map” matches “the mine.” Fake leads to fake.

In the digital age, any material thing can be digitized. The material thing is then represented by code. “Activate the code” and a virtual portrait of the thing pops up. But it’s just as easy to invent code for something that doesn’t exist. Or has never been proven to exist.

Like SARS-CoV-2.

Pure gold and pure garbage are made interchangeable. In the form of DATA. [9]

The Virus That Isn't There, Genetic Sequencing, and the Magic Trick

[The Virus That Isn't There, Genetic Sequencing, and the
Magic Trick](#)

by [Jon Rappoport](#), [No More Fake News](#)

October 22, 2020

Recently, I've written a series of articles revealing that the

existence of the SARS-CoV-2 virus is unproven.

I've quoted key CDC and study documents that confess "the virus is unavailable." Which is like an ice company saying they have no access to water. [1] [2] [3] [4] [5]

I've published quotes from Dr. Tom Cowan's major article [6] exposing how CDC journal authors "assemble" the idea of a virus from cobbled sequences they ASSUME are parts of SARS-CoV-2. (Below, I reprint my article on Dr. Cowan's shocking findings.)

Now, I want to make overall comments on the con, the game, the hustle.

The public, and most medical professionals, are awed by the whole concept of genetic sequencing. They accept the process as a holy of holies. If researchers in their lab claim they've "sequenced the virus," the virus must exist. How else could its genetic structure have been discovered?

Of course, the virus doesn't have to exist at all. We are talking about an illusion. Stage magic.

And if we could force him to explain his trick, the magician would say:

"Notice, I begin with a fragment of RNA I assume is part of a larger new virus. My assumption isn't proven. I simply make the claim."

"Then I lay out the genetic structure of that little piece of RNA, and I discover I need a great more genetic information to fill out the sequence of the whole virus."

"That's not really a discovery. I already knew I'd need much more. The question is: where am I going to get that added information?"

"The answer is: from data bases. These bases contain miles of

sequences that have already been established—rightly or wrongly. Sequences of other viruses.”

“Which sequences do I choose? I make guesses. I make assumptions. Actually, I choose according to a story line that has already been laid down. In this case, a story about a member of the coronavirus family. That’s right. I always knew what I was going to look for. In fact, that initial piece of RNA I began with? I could have selected all sorts of other pieces of RNA, but I chose that one because it seemed to be from the coronavirus family.”

“Does this whole business sound like a Lego or tinker-toy operation? Well, it is. I never have a physical specimen of the virus. I never isolate the purported virus from all the material that surrounds it. I just assume or pretend the virus is in there.”

“Anyway, I now select all sorts of genetic sequences from the huge database. And I hook the sequences together, AS IF they were already connected and real and waiting for me to find them. They weren’t, but I pretend they were.”

“That pretense is the key. It’s like selling a sucker a map leading to a lost silver mine. There was never a map. The con artist cobbled it together from pieces of other old maps of a territory in the mountains of Colorado. The map looks real. It looks whole. But it was never whole.”

“THE GENETIC SEQUENCE OF THE VIRUS is that map. It’s made to look like a one long code that was there all along. But it wasn’t. It isn’t.”

“Every good magic trick works this way. The magician makes the audience believe he is performing one smooth operation. But he isn’t. He’s taking all sorts of detours. He’s reaching into his sleeve and pulling out a card. He’s palming that card so no one sees it. He’s slipping the card into the deck in his other hand. And all the while, he’s talking confidently and

making other gestures to distract the audience.”

“The whole purpose of the trick is to inspire awe. In the lab, the same principle applies. The researchers SEEM to find one long genetic sequence of the whole virus. Astonishing.”

“But that’s not what happened. Not by a long shot.”

“And notice one other very important thing. In the lab, we are actually piecing and cobbling together the pattern—the code—of a virus. We don’t have to deal with actual genes. What we do is all on the level of IDEATIONAL construction. We’re hooking up DATA. So that’s another level of the trick. We’re not stringing together pieces of material. We’re stringing together pieces of data from genetic databases. This would be like standing on stage in front of an audience and doing a very clever card trick without having a deck of cards in the first place. Now THAT’S a trick for the ages.”

With all this I mind, read my previous article on Dr. Tom Cowan’s shocking discoveries:

Dr. Tom Cowan explores the COVID virus invented out of sheer nonsense

—Cowan analyzes yet another key document posted by the CDC, in their journal, Emerging Infectious Diseases: “Severe Acute Respiratory Syndrome Coronavirus 2 from Patient with Coronavirus Disease, United States”—

by Jon Rappoport
October 19, 2020

The hits keep coming. The CDC used an arbitrary computer “tinker-toy” process to invent a description of the virus. The virus that no one has proven exists. This is the basic conclusion of Dr. Tom Cowan.

[The CDC article](#) [7] was discovered by Sally Fallon Morrell. Her co-author, Dr. Cowan, fleshes out the fraud. Cowan’s

article is titled, ["Only Poisoned Monkey Cells 'Grew' the 'Virus'."](#) [6]

Dr. Cowan: "[The CDC journal article] was published in June 2020 [original publication, March 2020]. The purpose of the article was for a group of about 20 virologists to describe the state of the science of the isolation, purification and biological characteristics of the new SARS-CoV-2 virus, and to share this information with other scientists for their own research. A thorough and careful reading of this important paper reveals some shocking findings."

"First, in the section titled 'Whole Genome Sequencing,' we find that rather than having isolated the virus and sequencing the genome from end to end, they found 37 base pairs from unpurified samples using PCR probes. This means they actually looked at 37 out of the approximately 30,000 of the base pairs that are claimed to be the genome of the intact virus. They then took these 37 segments and put them into a computer program, which filled in the rest of the base pairs."

In other words, the sequencing of the SARS-CoV-2 virus was done by assumption and arbitrary inference. If this is science, a penguin is a spaceship.

Cowan: "To me, this computer-generation step constitutes scientific fraud. Here is an equivalency: A group of researchers claim to have found a unicorn because they found a piece of a hoof, a hair from a tail, and a snippet of a horn. They then add that information into a computer and program it to re-create the unicorn, and they then claim this computer re-creation is the real unicorn. Of course, they had never actually seen a unicorn so could not possibly have examined its genetic makeup to compare their samples with the actual unicorn's hair, hooves and horn."

"The researchers claim they decided which is the real genome of SARS-CoV-2 by 'consensus,' sort of like a vote. Again,

different computer programs will come up with different versions of the imaginary 'unicorn,' so they come together as a group and decide which is the real imaginary unicorn."

[As I've been stating](#) [5], the "discovery" of the "new virus" was actually the foisting of a PRE-DETERMINED STORY ABOUT A VIRUS. Nothing real or believable about it.

But once the official pattern is laid down, others follow it dutifully.

Dr. Cowan uncovers more insanity in the CDC journal article. Using the ASSUMED new virus, in an UN-ISOLATED STATE, the researchers try to prove it is harmful by injecting it on to several different types of cells in the lab:

Cowan: "The real blockbuster finding in this study comes later, a finding so shocking that I had to read it many times before I could believe what I was reading. Let me quote the passage intact:"

"'Therefore, we examined the capacity of SARS-CoV-2 to infect and replicate in several common primate and human cell lines, including human adenocarcinoma cells (A549), human liver cells (HUH 7.0), and human embryonic kidney cells (HEK-293T). In addition to Vero E6 and Vero CCL81 cells [monkey cells]. ... Each cell line was inoculated at high multiplicity of infection and examined 24h post-infection. No CPE was observed in any of the cell lines except in Vero [monkey] cells, which grew to greater than 10 to the 7th power at 24 h post-infection. In contrast, HUH 7.0 and 293T showed only modest viral replication, and A549 cells [human cells] were incompatible with SARS CoV-2 infection'."

"What does this language actually mean, and why is it the most shocking statement of all from the virology community? When virologists attempt to prove infection, they have three possible 'hosts' or models on which they can test..."

“The third method virologists use to prove infection and pathogenicity – the method they most rely on – is inoculation of solutions they say contain the virus onto a variety of tissue cultures. As I have pointed out many times, such inoculation has never been shown to kill (lyse) the tissue, unless the tissue is first starved and poisoned.”

“The shocking thing about the above [CDC journal] quote is that using their own methods, the virologists found that solutions containing SARS-CoV-2 – even in high amounts – were NOT, I repeat NOT, infective to any of the three human tissue cultures they tested. In plain English, this means they proved, on their terms, that this ‘new coronavirus’ is not infectious to human beings. It is ONLY infective to monkey kidney cells, and only then when you add two potent drugs (gentamicin and amphotericin), known to be toxic to kidneys, to the mix.”

“My friends, read this again and again. These virologists, published by the CDC, performed a clear proof, on their terms, showing that the SARS-CoV- 2 virus is harmless to human beings. That is the only possible conclusion, but, unfortunately, this result is not even mentioned in their conclusion. They simply say they can provide virus stocks cultured only on monkey Vero cells, thanks for coming.”

So first...use a process of genetic sequencing that involves concocting, out of an arbitrary computer program...

The existence and structure of the “new virus”...

And then, taking a soup that the researchers claim contains the virus, in an un-isolated state, inject the soup into several types of cells in the lab...

And discover the prime target–human cells–are not infected by the imaginary virus.

And after this good day’s work, walk away and pretend nothing

odd or self-incriminating happened.

And oh yes, lock down the planet based on this “science.”

Naturally, we MUST take a toxic vaccine that prevents non-infection by the non-virus.

If the Virus Isn't There...Why Do They Believe It Is?

[If the Virus Isn't There...Why Do They Believe It Is?](#)

by [Jon Rappoport](#), [No More Fake News](#)

October 15, 2020

For the past eight months, I've been providing evidence that no one has proved the COVID virus exists.

Over the past week, I've quoted two major sources—the CDC and the authors of a major European study—who admit they did not have any virus. [1] [2] [3] And both of these groups were, at the same time, constructing a way to do a diagnostic test for that very virus which wasn't there.

I've also pointed out that scientists throw around the phrase, "isolation of the virus," like short-order cooks slinging hash in a diner. The phrase is used with incredible carelessness and deceptive imprecision.

Likewise, researchers' claims of having "sequenced" the genetic structure of the virus are very misleading, because the sequencing is done without direct observation of the virus. It is INFERRED from analyzing a piece of RNA which is ASSUMED (not proved) to come from the virus.

Most of these scientists are true believers. They accept, like dogma, the standard and non-valid procedures for "isolating" and "sequencing" the virus.

A smaller number of scientists understand the hoax, but they remain criminally silent—or they are actively perpetuating the hoax.

In a similar vein—but without the absurd certainty—astronomers make all sorts of inferences about what is occurring on distant planets; but they support sending probes into space to actually see and record what is happening there; and they admit they are frequently surprised and shocked by what they find: a picture that contradicts many of their inferences.

Not so with virologists and geneticists. They utilize a closed system of analysis, which automatically confirms what they already believe. This is the furthest thing from science. This would be on the order of claiming the devil is causing hurricanes, and then "proving it" with a gibbering brand of abstract theology.

Of course, when it comes to viruses, the follow-up is censorship or ridicule of those who doubt theological "biology."

If a prestigious medical journal opened up its pages to an intelligent debate about the existence of the COVID virus,

remarkable things would happen. In the light and fresh air of honest debate, all sorts of skeletons would emerge from the closet. But such a debate is not permitted.

Why? Obviously, because the result would be devastating.

Because of the absence of such open and frank discussion, people are left with two thoughts: a pandemic based on nothing is too astonishing to consider; and a hundred years of official propaganda about germs (and genes) as the ominous ever-present source of all disease is too formidable to reject.

I want to give you an idea what it's like to encounter researchers' arcane descriptions of "isolating the virus." Here is a section from a major Chinese study, published in the New England Journal of Medicine, on February 20, 2020. This is the key study which "confirmed" that a new virus was causing an outbreak in China. Title: "*A Novel Coronavirus from Patients with Pneumonia in China, 2019.*" [4] The section is: "Isolation of Virus". You'll need hip boots and a machete as you wade your way through it—

"Bronchoalveolar-lavage fluid samples were collected in sterile cups to which virus transport medium was added. Samples were then centrifuged to remove cellular debris. The supernatant was inoculated on human airway epithelial cells,¹³ which had been obtained from airway specimens resected from patients undergoing surgery for lung cancer and were confirmed to be special-pathogen-free by NGS.¹⁴"

"Human airway epithelial cells were expanded on plastic substrate to generate passage-1 cells and were subsequently plated at a density of 2.5×10^5 cells per well on permeable Transwell-COL (12-mm diameter) supports. Human airway epithelial cell cultures were generated in an air-liquid interface for 4 to 6 weeks to form well-differentiated, polarized cultures resembling in vivo pseudostratified [!]

mucociliary epithelium.13”

“Prior to infection, apical surfaces of the human airway epithelial cells were washed three times with phosphate-buffered saline; 150 µl of supernatant from bronchoalveolar-lavage fluid samples was inoculated onto the apical surface of the cell cultures. After a 2-hour incubation at 37°C, unbound virus was removed by washing with 500 µl of phosphate-buffered saline for 10 minutes; human airway epithelial cells were maintained in an air-liquid interface incubated at 37°C with 5% carbon dioxide. Every 48 hours, 150 µl of phosphate-buffered saline was applied to the apical surfaces of the human airway epithelial cells, and after 10 minutes of incubation at 37°C the samples were harvested. Pseudostratified [!] mucociliary epithelium cells were maintained in this environment; apical samples were passaged in a 1:3 diluted vial stock to new cells. The cells were monitored daily with light microscopy, for cytopathic effects, and with RT-PCR, for the presence of viral nucleic acid in the supernatant. After three passages, apical samples and human airway epithelial cells were prepared for transmission electron microscopy...”

I can guarantee one thing: If a medical journal opened up its pages to a frank and protracted discussion, from all comers, about this “process of isolation,” you would see fireworks exploding in all directions. Within a few months, there would be raging global debate about the authenticity of “isolation.”

The density of the description in the China study is exactly why, for months, I’ve been demanding a straightforward real-world experimental test of the “new virus.” [5]

You line up 1000 patients who have been diagnosed with the new epidemic illness. You remove tissue samples from all of them. You put these samples through the above “isolation process.” You decide which patients have a huge amount of virus in their bodies.

Those patients should certainly be ill.

Then LET'S SEE. Are they ill or are they running marathons?

Real world.

Not lab world.

This study will never be done for one obvious reason. Unlike the astoundingly complex manipulations that go on in the lab, this real-world experiment has a yes or no answer. Are the patients ill or healthy?

But that's asking too much from these researchers. They would rather infer and assume whatever suits their fancy.

They never want the rubber to meet the road.

yourself, including how Shannon Hicks took staged photos of a mock evacuation of children from the school. This may be the most important article ever published on the Sandy Hook hoax.]

Among the Everest-like mountain of unbelievable “facts” and assorted discrepancies that make up the official Sandy Hook story delivered to Newtown residents and the American public, are the many mind-boggling and statistical-shattering “coincidences” that connect family members in key town positions. First up on our list for consideration: The Sandy Hook Fire Department.

Most anyone outside of Newtown (and maybe even those in Newtown who haven’t lived here long enough to know the names of certain town leaders and their well-placed family members) – probably wouldn’t piece together the mafia-like family ties and otherwise of those in Newtown’s power positions during and after the Sandy Hook event. But these local relationships between town, police, fire, church, newspaper, real estate, school and court – are incredibly revealing when taking a good, close-up look at what was delivered as the official Sandy Hook story according to the distorted lens of the controlled media and especially according to the Connecticut State Police (CSP) report on Sandy Hook issued in 2013 by Danbury District Attorney and Newtown resident (coincidence #1) Stephen J. Sedensky III.

For starters, let’s take a look at the Sandy Hook Fire Department who was so hyper-connected to the Sandy Hook terror production they could have hosted it and served refreshments at their fire station (oh yeah, they pretty much did). And let’s not neglect to examine the key divorces, marriages and family relations between Sandy Hook firefighters and important power players in our town leadership, the likes of which make the intermingling and intrigue of a 1980s soap opera look

mild.

Horrificed citizens of this country who watched the orchestrated terror descend on Newtown that fateful Dec. 14, 2012 morning, likely didn't bat an eyelash when the media reported that Sandy Hook Elementary School secretary Barbara Halstead was one of the first "victims" to call 911 that morning. That's because your average citizen (and maybe even your average Newtown resident) might not have known that among the first five emergency responders that morning, two were directly related to Barbara and all were firefighters from the Sandy Hook fire station located at the bottom of the Sandy Hook Elementary School's driveway. The first to arrive on scene was Barbara Halstead's former husband and long-time Sandy Hook Fire Chief William "Bill" Halstead Sr. (coincidence #2), along with Barbara's Sandy Hook firefighter daughter Karin Halstead who just happened to also be Captain of Newtown's EMS (Emergency Management Services) department in charge of overseeing emergency communications that morning (coincidence #3).

Also in tow as among the first five responders, was former Sandy Hook Fire Captain John Jeltema who was Karin Halstead's boyfriend at the time and now her husband. As head of Newtown's Emergency Management on 12/14, Karin Halstead was therefore in charge of overseeing the 911 system and EMTs – and was likely one of the first to hear her mother Barbara's 911 call from the Sandy Hook school office (coincidence #4).

At 9:46 a.m. that morning, Karin Halstead is also the one who absurdly and shockingly told the first two ambulances and paramedics responding to the emergency 911 call to NOT drive up the school driveway but rather park and wait in the rear lot of the Sandy Hook fire station. Karin Halstead's husband is Sandy Hook firefighter and former Sandy Hook Fire Captain John Jeltema who is also brother to Connecticut State Trooper Christine Jeltema (coincidence #5) who we just saw give a press conference in May regarding the apparent mental

breakdown and killing rampage [reportedly perpetrated by Peter Manfredonia](#). Peter being the Sandy Hook native and UConn student who just happened to grow up on the same Yogananda Street as Adam Lanza (coincidence #6) and whose uncle Chris Manfredonia lived directly behind the Lanza house (coincidence #7) and ... (try and swallow all of these “coincidences” without choking, please) .. arrived at the Sandy Hook school at 9:30 a.m. at about the same time as Adam Lanza (coincidence #8).

Chris Manfredonia was reported as saying he got to the school 15 minutes early with plans to attend a scheduled 9:45 a.m. gingerbread house-making activity with his first-grade daughter in Kaitlin Roig’s class. According to news reports in the L.A. Times and elsewhere, Manfredonia reportedly said he heard popping sounds, smelled sulfur and then ran around the outside of the school to try and get to his daughter when he was stopped and handcuffed by police. Chris Manfredonia and an armed, off-duty tactical SWAT officer who just happened to be near the school that morning and was running through the woods away from Sandy Hook Elementary School were both detained by police (as were [three other men](#) who are seen in aerial footage fleeing the school grounds). A troublesome entry on the official Sandy Hook Timeline (Page 1, A 84, Appendix) of the Connecticut State Police (CSP) report, states that a “parent” arrived at SHES at 9:30 a.m. for a gingerbread house project and was “buzzed into” the school at the main doors after which he reports hearing gunfire of about 15 shots.

Here’s the excerpt from Page 1 of the CSP Timeline:

09:30:00 Parent arrives at SHES for the gingerbread house event and has to be buzzed into SHES. At around 9:34, hears gunfire, reports approx 15 shots.

So the official narrative of the Connecticut State Police and Stephen Sedensky’s district attorney’s office puts Chris Manfredonia INSIDE Sandy Hook Elementary School at 9:30 a.m.

at about the same time Adam Lanza reportedly shoots the glass out to the right side of the main entrance doors and begins shooting the teachers and kids. Why would the press report that Chris Manfredonia was running around the outside of the school trying to reach his daughter somehow and then was stopped by police? Who gave them this information? How could there be such a significant discrepancy in the CSP report and what was told to the public? How come nobody in the press ever interviewed Chris Manfredonia to clear up this matter? How come the Newtown police quickly cleared and released Chris Manfredonia that morning, especially if he was IN THE SCHOOL when the shots were reportedly being fired, as the official CSP report attests?

Janus, Illuminati God of Chaos & Deception: Twin Towers & Two-Faced Rulers

[Janus, Illuminati God of Chaos & Deception: Twin Towers
& Two-Faced Rulers](#)

Janus Bifrons ~ Who was the two-faced Greco-Roman god?

The irony is that people not only know their rulers and society overall are two-faced, they expect it.

Whether consciously or subconsciously we all know lying and deception are inherent to the matrix that's been foisted upon us.

Another irony is that even in the definition of Janus there are two very different versions as to whom this mythological character really was.

Who was Janus?

We see this two-faced image a lot in our lives. Many know it dates back to Greek and Roman mythology. However, there's much more to this character than meets the eye.

We'll start with the lighter version:

Janus means "archway" in Latin. Janus was the Roman god of gateways and beginnings, often depicted as having two faces looking in opposite directions. The month of January is named for him.

Interesting. Sounds pretty innocuous. Wikipedia also mentions:

As a god of motion he looks after passages, causes the

startings of actions, presides on all beginnings and since movement and change are bivalent, he has a double nature, symbolized in his two headed image.

And more:

His two faces (originally, one was always bearded, one clean-shaven; later both bearded) originally represented the [sun](#) and the [moon](#). He was usually depicted with a key.

Janus head is a popular phrase for deception, that is, when action does not match speech.

OK. I can do that.

“Two-faced” apparently came from this archetype emblazoned into our collective subconscious.

There’s a lot of deceit and cover up in the world, to the extent most people are quite leery of each other. Very unfortunate, when trust would go so much further but the world’s been corrupted and corruption is glorified.

And this “permission” to deceive to get ahead and even subjugate others is apparently too good to pass up for some.

A quick perusal of governmental, corporate, legal, financial and social leadership and behavior around the world is all the confirmation you need.

Keys, Janus and the Pope

Janus with key and cock

Note Janus was depicted with a key. It turns out there's a lot to this. Remember he's the god of doors.

There's another god, a goddess, who also bore a key.

Remember, Catholicism teaches ancient paganism with Christian names and terms. This is another perfect illustration of that.

Follow me:

About 378, the Pope fell heir to the keys that were the symbols of two well-known Pagan divinities at Rome. Janus bore a key, and Cybele bore a key; and these are the two keys that the Pope emblazons on his arms as the ensigns of his spiritual authority. (and flag)

*Cybele...with fish god mitre the pope wears,
and key in hand ~ goddess worship anyone?*

What was this power of the keys?

It was these two gods (Janus and Cybele) that had the power of heaven and earth.

Whoa...that's a lotta power, heaven and earth. As you can see, all this ties in with the Isis-Samiramis et al lineage of goddess worship that goes down through millennia and in which today's Illuminati still revel.

Look at early American architecture and symbolism from the goddesses on pedestals and domes around Washington DC to the Freemasonic gift called the Statue of Liberty.

It's all essentially the same old goddess.

In the US she's called "Columbia". Ring a bell?

*Compare the headgear of the two above images.
In this picture the Pope carries the bent cross of the
antiChrist.*

Yup, the government is fully based on Freemasonic paganism to the core. All for occult power as they honor the forces they worship and tap into. More on that in a minute.

But this Vatican connection and switchover from these pagan key gods to supposed “keys of the kingdom” that somehow links to Peter whom they claim to be the first Vicar of Christ of which the Pope is spiritually descended is absolutely typical historical revisionism.

The pagan Roman priesthood (before the birth of Jesus Christ) had a sovereign pontiff who held the keys.

Pagan keys of Janus and Cybele

The goddess Cybele was also worshiped as Cardea, and the College of Cardinals was named for her.

She bore a key like Janus, which opened the gates of the

invisible world.

*In Greek mythology Cybele holds **the key to Earth**, shutting her up in winter and opening her again in the spring.*

*Similarly, Janus opens **the door of the sky** and releases the dawn.*

The term Cardinal is derived from Cardo, a hinge. Janus, whose key the Pope bears, was the god of doors and hinges...

It was only in the second century before the Christian era that the worship of Cybele under that name was introduced to Rome; but the same goddess, under the name of Cardea, with the "power of the key," was worshipped in Rome, along with Janus, ages before. [Source](#)

*Byzantine two-headed (faced) Eagle
holding the keys*

Now the "Flip Side" of Janus

Janus was no small potato. As you research more and more into him, he connects a lot of dots and represents serious forces.

He presides over the concrete and abstract beginnings of the world, such as religion and the gods themselves; he too holds the access to Heaven and other gods: this is the reason why men must invoke him first, regardless of the god to whom they want to pray or placate.

He is the initiator of the human life, of new historical ages,

and economical enterprises: in myth he first minted coins and the first coin of the libral series, bears his effigy on one face. [Source](#)

Who was this guy?

He's apparently a gateway, for economic power and societal change.

But is this a real entity?

Someone they invoke?

And/or a blueprint for chaos?

Texe Marrs calls it:

The Illuminati secret formula for world revolution and deceit. This is how and why Satan is making such incredible progress. The Janus Factor is Satan's hidden method. The two-faced Roman god Janus was known as "Keeper of the Keys" and as "Interpreter of the Mysteries." Throughout history, Janus operatives ~ Darwin, Hegel, Freud, Marx, Lenin, Obama, and others ~ have successfully employed the Janus method to psychically and culturally churn global events and overturn all standards of morality and human dignity. [Source](#)

In other words, by playing with right v. wrong and reversing social norms to bring society into chaos, or utilizing the use of opposites with the Hegelian dialectic where a planned action provokes a similarly planned re-action, and other techniques, you can do a lot of manipulative damage.

As they have. Another dialectical symbol found throughout history, signifying the same concept as Janus is the two headed eagle, or phoenix.

eagle of the Holy Roman Empire

Double headed eagle on Albert Pikes Freemasonry book 'Morals and Dogma' with Order Out of Chaos slogan.

Enter Freemasonry

Freemasonry is all about opposites and duality, and playing one side against another as some sort of occult ritualistic exercise, supposedly to evoke the illuminated man and world.

It's basically what the motto on their two-headed eagle crest says, create chaos to bring about the new world order essentially.

Most involved in lower level Freemasonry don't know what the heck they're involved in, like lower level anything.

But the commitment to their agenda gets extremely serious at higher levels and human life takes a back seat to the "illuminated" program of using these techniques and powers for very evil ends.

Freemasonic symbolism is rife with duality..sun-moon, black-white, twin pillars, male-female etc.

Janus-Bifrons is his full name

The Illuminati are all about levels of disguise via carefully constructed lies, half-truths and diversions. Just as their doctrines of opposites seem to have this new-agey air of esoteric truth, these entities they literally worship in some form or another always have a cover.

What they are leaving out in the name Janus in all the popularized pictures and references to this guy is that Janus was actually known as **Janus-Bifrons**, and when you research THAT name it takes us to a whole different place.

In [demonology](#) **Bifrons** was a [demon](#), Earl of [Hell](#), with six legions of [demons](#) (twenty-six for other authors) under his command.

He teaches sciences and arts, the virtues of the gems and woods, herbs, and changes corpses from their original grave into other places, sometimes putting [magick](#) lights on the graves that seem candles. He appears as a monster, but then changes his shape into that of a man.

The origin of the name is, without any doubt, the [Roman god Bifrons](#) (Janus).

Other spellings: Bifrovs, Bifröus.

*The Queen of England's royal
Masonic goat on parade.*

Oh dear! How did this photo of the future King of England with his “pet goat” end up here?

Bifrons was also one the names given to the baphomet allegedly worshipped by the Knights Templar, and which description was as a statue with two heads surely inspired in the Roman god **Bifrons**, one looking towards the left to tell the past, and the other looking towards the right to tell the future, all this by means of the power of a demon (there were other suppositions on the figure of the [baphomet](#)). [Source](#)

It is also said the Janus-Bifrons appeared as a monster and then changed his appearance to that of a man.

In other words, he was (is) a shape-shifter.

A computer game demon named Bifrons (Janus' real name) Reptilian. Hmmm...

AND BAPHOMET?

The Knights Templar were the precursors to today's Freemasons. Now we see how this all ties in together. Looks like this could be the same nasty dude in a few different disguises. Typical.

Now Baphomet actually takes us straight to witchcraft and the horned goat.

Which also ties in with Freemasonry. Any way you connect it, we're down in the bowels of the occult now.

And as we know, the Illuminati are drenched in witchcraft however you slice it or want to call it.

✖ *The melding of Janus and Cybele.*

Speaking of keys, when it comes to evoking spirits as the Satanic Illuminati do, there's a lot of black magick involved

that has very specific procedures. And many of these wicked controllers are adepts in this to increase their power and obtain favors.

The Lesser Key of Solomon contains detailed descriptions of spirits and the conjurations needed to invoke and oblige them to do the will of the conjurer (referred to as the "exorcist"). It details the protective signs and rituals to be performed, the actions necessary to prevent the spirits from gaining control, the preparations prior to the invocations, and instructions on how to make the necessary instruments for the execution of these rituals. [Source](#)

Things to steer clear of. Janus was considered the most important god of the Greco-Roman pantheon...even above Zeus (Jupiter). Yes, he was above the recognized head god ~ a very Luciferian concept.

Janus Global Communications logo.

So when you see references to Janus it's nothing innocent, believe me.

Pleasant. By the way the dove at the top represents the goddess Columbia aka Isis aka Semiramis et al...right back to the other key holder, his contemporary Cybele...

Janus brought up to date

Janus is a very popular name and logo. Again, freemasonry rules the corporate world in addition to politics, finances, etc. They speak to each other in logos, and attempt to evoke spiritual power from their use.

The elite bloodlines and their minions have been into this for millennia. Take a look at an occult Rothschild party in the early part of last century:

Baroness Marie-Hélène de Rothschild sporting golden calf baphomet, and Baron Alexis de Redé as two-faced Janus at a Rothschild soiree..

Janus was also a secret government psyop group. Again, nothing really constructive going on, one might say:

The super-secret Janus Group utilizes very highly-trained [psychic assassins](#), who employ such techniques as the green and red marble systems, as well as the White Glove method.

In order to psychically kill enemies of the Illuminati, the Director of Janus (an Illuminatus) wields more political clout than the hierarchy of the National Security Agency.

He was an intimate friend of the late Roy Cohn ~ a director of Permindex, the group which masterminded the assassination of President John Kennedy. [Source](#)

Comforting to know you're in good hands...

Weathered gargoyle embraces Shepard Hall, City College of New York

This one even boasts the Illuminati pyramid.

And finally...

Speaks for itself.

The lying, masked manipulative media in a Janus nutshell...

Conclusion

I hope this little foray into this age old deity has been “illuminating”.

It continues to amaze me how it always traces back to an innate lust for power and control by these elite Illuminati minions right through the ages.

They preserve what they consider to be their “inside edge” within their bloodline, and this can be traced back to the dawn of this civilization...and probably the one before.

[ED: From the ultimate deception of 911. The harbinger of change bringing the world to a darker place, serving the desires of the very dark beings on this planet. I repeat, Bush's sitting with that classroom of children was Masonic symbolism and dark ritual at its most bizarre, in-your-face, in plain sight variety. The goat book, the innocent children, their chant. It all harks back to Janus!]

It's important to decode their language, be it through symbolism, mythology, alchemical practices or societal

engineering and programming.

ONCE YOU'RE ON TO IT,

IT LOSES ITS POWER.

The simple and ignorant will pass on and suffer the consequences.

Keep on learning, and most of all....keep wondering.

Sopping Up the Gullibles and the Truly Great Escape

[Sopping Up the Gullibles and the Truly Great Escape](#)

by [Zen Gardner](#)

April 4, 2018

I'm continually dumbfounded by the things our human family will fall for. Myself included obviously, even what draws my attention. It's a wild ride here.

Actually it's not surprising nor at all unprecedented. We've been duped all of our lives. In fact, we're bred duped in a fabricated whirled of false choices. I look back at my own life incredulously at the things I've fallen for. But I woke up from much of it, and continue waking up as many are doing. The key is to keep on – keep on learning, keep on changing, and keep on letting go of what doesn't serve us any longer.

The pace is quickening. Today's belief is tomorrow's interesting phase we passed through, as we learn yet again to keep letting go. Fluidity is the key. What's real and truly effective in our growth and lives will manifest. It's all in place – we just need to clear the rubble, let things out, admit them and get in touch with them, learn deeply from them, and release it. All the while digging deep within for the Wellspring.

Easier said than done but it's a process that can't be bypassed.

In the external, the massive examples of “the big dupe” in society at large are religions, governments and the imposed economic system for starters. But those are obvious. Society is rife with containment systems from the top down and bottom up. Finding out about manipulated wars, false flags and controlled opposition is a massive wakey wakey moment for most. But that's just the tip of the iceberg. The true degree to which humanity is being manipulated is almost unfathomable. But we need to pass through that phase into the realm of profound personal freedom and spiritual empowerment.

The False Hope Trap and the Mutant Matrix

What seems to escape the awareness of many is this false hope phenomenon designed to draw the disillusioned back into the arena of endless futility. From hopey changey political types to diversions with outlandish “inside information” of never substantiated “massive political changes” under way – all to suck up energy and attention. That so many seemingly awake activists got swept into Trumpmania right on the tail of the 0-bummer illusion was a total shock to many of us. And it goes on, one after the other.

By design.

I’ll add Q-anon to that just because of the effect and what it’s aroused, but I don’t know and it doesn’t matter to what extent it’s “real”. Psyops abound no matter how much “truth” they reveal. Now “The Event” is captivating everyone’s imagination. That’s hardly any different from the rapture escape hatch but again, there’s truth to it. For goodness’ sake, we’re in the middle of “the event “- we are the event if you ask me. The shift is arriving through us. The external will change, if need be, once we do. But it will likely collapse as the new is concurrently being born in the hearts of mankind.

It’s anything but “be here now” it seems. There’s always another ploy afoot to channel this false hope agenda and keep us from the business at hand. Beware of that.

My question regarding these ploys is: why Isn’t this stuff obvious at this point? As Ole Dammegard, who has relentlessly and fearlessly exposed the pattern of these psyops says, “Come on, people!” What do people want, a revival or reformation of a system that was a set up from the get go? The US for example was designed from its inception to be exactly the manipulated globalist corporation that it is today, for all those holding on to the Constitution as some sort of safe guard. That’s way hard for many to swallow it, but it’s the truth.

Be A Glean Machine

Of course there are elements of truth and safeguards for supposed freedom peppered throughout the American experiment. How else would it work? This is true of just about everything, learning to see what's true, false and/or agendized. We need to learn how to glean the truth and what resonates from any source and jettison the rest.

Just look how whole populations have been funneled into complete slavery and servitude. Of course they have to give the illusion of choice and some tenets of apparent freedom and personal rights. It's still a gulag; a big comfy spun-into-fantasyland one. They discovered a long time ago this phony idea of democracy would work better at subduing a populace than outright despotism, which is very hard to enforce and obviously wrong and therefore causes rebellion.

The master stroke is to keep everyone seemingly "happy" with their "stuff" and entertainments and the illusion of choice. Of course you can add in the Huxleyan pharmacological nightmare and Orwellian style full spectrum surveillance and all the rest. And how was that sold? For peoples' protection of course; and the drugs are to make us "happy and healthy". Not to mention all the other vectors aimed at crippling humanity, from toxic food, air and water to the microwaved environment and on and on.

It's quite the mind-boggle. No wonder so few want to wake up out of this dystopian nightmare. Not only would they have to do something about it, but they'd risk losing their comfy lives. That's why they fiddle with energy and commodity prices to keep everyone placated. That's also why they don't pull the plug on the economy. It would be too messy. They like the slow full spectrum control and population reduction method, as outlined by the Fabians way back when and even before. That way we clean up as we go and the population slowly dies off and the rest give in. They're long range planners, and slow

burn executioners.

Does this surprise you? Or scare or depress you? It's just reality on that level. We're at an amazing convergence point in human history. We need to see it for what it is and the opportunity this provides us. What is the real solution to all this? Try and fix it? Try and stop it? How? Can we even? Certainly not on their playing field that they keep luring people back into.

This is where the supernatural comes in. It's actually just plain natural but it's been marginalized again by the matrix lie. What are we essentially? Just meat robots pushing or being pushed around by other meat robots? That's what these dark forces would have us believe. Why?

Because once we discover who we really are and the soul-level power within us it blows the whole thing to smithereens. And it's not a low level power thing like the brute force or clever mind tricks and tech crap they use. Our weapons are not of this world. They are spiritual. It's time to activate those and trust the fact that fighting on their level or fearing them or being in awe of their phony power (think Wizard of Oz behind the curtain) is not an option.

Because it isn't. We cannot play their game. We have a much much bigger mission here.

We need to get to Source as deep and as fast as we can and drop everything else. That's how I see it. We set the wheels of the Multiverse in motion when we put first things first and dig deep to our eternal connections. We cannot do it ourselves at their level. It's a ploy to draw us in and not discover the heavy duty amazingness that we are connected to and can thereby co-create and release the immense power of true love and truth from a level they know not of.

I'm reminded of the ancient Chinese tale of a spiritual master who was confronted by barbaric warriors who had just slain a

whole village. He stayed in complete peace as they threatened him every which way. The inner and outer chatter of the thugs grew and grew as the wise man didn't flinch even at thrusting swords. Eventually the errant attackers killed themselves to prove how brave they were.

For those of you in the know, that sure sounds like the Samson option the psychopaths have up their sleeve – so be it. We're just visiting this planet anyway to learn many things and move on. But oh, what drama! It's very real, but ephemeral at the same time as we grow through this.

The Big Lie Sold Via Many Tricks – Over and Over

The matrix is a set up and complete lie in absolutely every aspect, permeating every phase of deliberately structured society. As the sign in the close-out store says "Everything must go!" That goes for virtually everything external and internal, including all of our personal idols and worn out beliefs and ideas and self image fears and contortions. The only way out of this mess is through the wormhole within us – our essential being that is connected to all of the Universe, and powered, protected and led by its very Source.

But I do wonder how can anyone place any credence at all in these obvious tricks. That may sound arrogant but you have to admit, it's remarkable. What are people hoping for? For the metastasizing mutant matrix to correct itself, or that it's in any way, shape or form fixable?

That's a central tenet of the trap. Work on the illusion as if it's real. It's heavy duty energy diverging stuff and distraction from the real work within us to discover who we truly are and our connectivity to Source. The implications of this awareness are paramount.

The matrix is a vibrational black hole. Get in it, work in it, enter into conflict with it and ceaselessly describe and gripe about its workings and we're burnt toast. Not just spent

misdirected energy, but actually feeding the thing we're so called opposing. Yes, go through the process to become aware of its existence and pervasive hold on humanity, but let's be conscious and take the wisest course of action once we are awake and informed, and move through it.

The attachment is what to look out for. False hope diversions are incessantly being thrown at us and they're easy to glom into. They seem to bring temporal peace and assurance in the battleground here. They're not real. We can't let ourselves get fooled and diverted from the real work. Drilling down to awareness and powers we never dreamed of. This is the first step. They can happen concurrently, but never neglect the drive for true connection to Source, unimpeded. We'll know it when we get there. That's the battle.

The good thing about any or all of these tests is that they show us how centered and grounded we are, or aren't. We have to heed the signals as we go. Tests only make us stronger – ours is to keep drilling down to what's actually real and then and only then make the true “difference” we long for.

Drop Out, Get Free and Grow Up

This awakening is real, as tired as that word may be getting. People are having massive personal changes in their lives now, shifts in perspective and awareness that in many cases they weren't even looking for. Or wanting. It's on. It's in and all around us, evident in the preponderance of awake internet contributors, budding voices in society, and especially ourselves and those around us going through inexplicable personal changes. Let's pay attention to this and move with it and let the rest go.

The mutant matrix is bound, and meant to, collapse and shrivel up. Don't try to fix it or revive it, that's a trap. The more we get on board with this vibrational shift and make the necessary personal changes the easier the transition will be. We can't let fear or allow anger in any of their many forms

direct our minds and lives. It's easy to fall for, let's just let our anger turn to compassion and give our full energy to this shift, beginning with ourselves.

Reactivity is enslavement. Observe and stay conscious and heart led. Guard your space.

The public arena is a play, a very persistent and intricately staged one. Let's turn off our mental TVs as well as our physical ones. It's a lure, a bait and switch, never mind the mindless amusements, which means away from thinking. It's time to focus our lives like a laser to where we truly desire in our hearts. This brings great peace. Call it prayer, meditation, focus, personal commitment through shedding of distractions and shallowness. Whatever works.

But please realize this: the external and everything illusory is deliberately collapsing to help us all in this process. it's a symbiotic unfolding as it should be. When we truly step back and observe from true inner selves this is clearly manifest.

Operations Here As I See Them

I keep any eye on what's going on in the outer world, but it doesn't rule my life and thoughts. My journey and continued awakening does. I prefer learning about inspirational and revelatory deep spiritual teachings most of all, as well as advances in true science, hidden history, archeology, and extra-normal phenomena in context if I feel like learning.

And I like learning. Processing towards a greater understanding in a greater and greater heart felt context is my passion.

The amount of alone and quiet time I spend has increased exponentially. My motto the past two years has been "keep the space". In other words, guard my personal time and surroundings carefully with plenty of time for silence and

nature and learning to be receptive and submissive to the process, because that's where the real workings are going on. They need space and time to transpire and work through us. That may help others. There are no shortcuts – I feel like I've tried them all. Some learn more quickly than others, I'm on the slow boat but I'm thankful to be afloat.

It's not particularly pleasant in some respects as the old impulses atrophy, but it must be done. We must venture into the unknown as I see it, and let the Universe, the great Creative force, work in our lives, without which we will never be equipped to effectively aid this amazing transition we're in the midst of. This calling to Source is manifesting in amazing ways, many turning to previously held or newly discovered "faiths" of different persuasions and paradigms. Let it be. All roads eventually lead to Source or whatever you want to call it, as long as our hearts are pure and we don't fall for limiting beliefs, dogma, hierarchy, interfering entities, or mind-titillating trip offs.

But such is the journey. We each have our own, and create our own realities along the way to deeper discovery.

It appears to me our contribution is first and foremost vibrational and spiritual in many ways. Our personal beingness is our contribution. At the end of life it is only who we have become that matters; not our deeds, reputation or good works. That's the secret "weapon" that's not so secret anymore. Who we are. Let's revel in our newfound personal openness and the subsequent changes that brings on, and move boldly through everything thrown at us and make that connection.

And let's not try to take all this and ourselves too seriously. We're missing the fun and excitement of this great play when we do that. Let's find our eternal centers, hook up, do our parts joyfully, and enjoy the show!

Keep on keeping on. We are the greatest secret! It's in us.

See you there!

All the best, Zen

CIA Mind Control Morphed into Psychiatry?

Source: [No More Fake News](#)

by Jon Rappoport
July 11, 2017

Here is a new introduction to a piece I wrote several years ago. Then I'll reprint the piece.

The famous CIA mind-control program, MKULTRA, always used psychiatrists; often these professionals headed up projects; they carried out the bulk of the research. But what I'm

talking about here is the “evolution” of MKULTRA into mainstream psychiatry that affects the lives of millions of people every day.

I’ve demonstrated, on a number of occasions, that not one of the 300 so-called official mental disorders has a lab test to back up the diagnosis. No defining lab test. No blood test, no saliva test, no brain scan, no genetic assay. All 300 “disorders” are described and defined by committees of psychiatrists—and their non-scientific decisions are published in the DSM, the Diagnostic and Statistical Manual of Mental Disorders, published by the American Psychiatric Association.

Unfortunately, the treatments for every one of these arbitrary diagnoses are toxic drugs; drugs that addle the brain; drugs that reduce people to a state of abject dependence; drugs that make people think they’re insane; drugs that cause violent behavior; drugs that create life-threatening problems when patients try to withdraw from them quickly; drugs whose effects mimic the very descriptions of mental illness.

In other words, modern psychiatry, backed by drug makers, has an ideal formula for disabling populations.

So it’s more than interesting that the CIA has pursued a mind control program (MKULTRA) to achieve, in certain respects, the same objectives.

—end of introduction—now here is my piece on a forgotten CIA document:

Drugs to transform individuals...and even, by implication, society.

Drug research going far beyond the usual brief descriptions of MKULTRA.

The intention is there, in the record:

A CIA document was included in the transcript of the 1977 US

Senate Hearings on MKULTRA, the CIA's mind-control program.

The document is found in Appendix C, starting on page 166. It's simply labeled "Draft," dated 5 May 1955.

It states: "A portion of the Research and Development Program of [CIA's] TSS/Chemical Division is devoted to the discovery of the following materials and methods:"

What followed was a list of hoped-for drugs and their uses.

First, a bit of background: MKULTRA did not end in 1962, as advertised. It was shifted over to the Agency's Office of Research and Development.

John Marks is the author of the groundbreaking 1979 book, *Search for the Manchurian Candidate*, which helped expose MKULTRA. Marks told me a CIA representative informed him that the continuation of MKULTRA, after 1962, was carried out with a greater degree of secrecy, and he, Marks, would never see a scrap of paper about it.

I'm printing below, the list of the 1955 intentions of the CIA regarding their own drug research. The range of those intentions is stunning.

Some of my comments gleaned from studying the list:

The CIA wanted to find substances which would "promote illogical thinking and impulsiveness." Serious consideration should be given to the idea that psychiatric medications would eventually satisfy that requirement.

The CIA wanted to find chemicals that "would produce the signs and symptoms of recognized diseases in a reversible way." This suggests many possibilities—among them the use of drugs to fabricate diseases and thereby give the false impression of germ-caused epidemics.

The CIA wanted to find drugs that would "produce amnesia."

Ideal for discrediting whistleblowers, dissidents, certain political candidates, and other investigators. (Scopolamine is such a drug.)

The CIA wanted to discover drugs which would produce "paralysis of the legs, acute anemia, etc." A way to make people decline in health as if from diseases.

The CIA wanted to develop drugs that would "alter personality structure" and thus induce a person's dependence on another person. How about dependence in general? For instance, dependence on institutions, governments?

The CIA wanted to discover chemicals that would "lower the ambition and general working efficiency of men." Sounds like a general description of the devolution of society.

As you read the list yourself, you'll see more implications/possibilities.

Here, from 1955, are the types of drugs the MKULTRA men at the CIA were looking for. The following statements are direct CIA quotes:

A portion of the Research and Development Program of TSS/Chemical Division is devoted to the discovery of the following materials and methods:

1. Substances which will promote illogical thinking and impulsiveness to the point where the recipient would be discredited in public.
2. Substances which increase the efficiency of mentation and perception.
3. Materials which will prevent or counteract the intoxicating effect of alcohol.
4. Materials which will promote the intoxicating effect of alcohol.

5. Materials which will produce the signs and symptoms of recognized diseases in a reversible way so that they may be used for malingering, etc.
6. Materials which will render the induction of hypnosis easier or otherwise enhance its usefulness.
7. Substances which will enhance the ability of individuals to withstand privation, torture and coercion during interrogation and so-called "brain-washing".
8. Materials and physical methods which will produce amnesia for events preceding and during their use.
9. Physical methods of producing shock and confusion over extended periods of time and capable of surreptitious use.
10. Substances which produce physical disablement such as paralysis of the legs, acute anemia, etc.
11. Substances which will produce "pure" euphoria with no subsequent let-down.
12. Substances which alter personality structure in such a way that the tendency of the recipient to become dependent upon another person is enhanced.
13. A material which will cause mental confusion of such a type that the individual under its influence will find it difficult to maintain a fabrication under questioning.
14. Substances which will lower the ambition and general working efficiency of men when administered in undetectable amounts.
15. Substances which promote weakness or distortion of the eyesight or hearing faculties, preferably without permanent effects.
16. A knockout pill which can surreptitiously be administered

in drinks, food, cigarettes, as an aerosol, etc., which will be safe to use, provide a maximum of amnesia, and be suitable for use by agent types on an ad hoc basis.

17. A material which can be surreptitiously administered by the above routes and which in very small amounts will make it impossible for a man to perform any physical activity whatsoever.

—end of quoted section from the 1955 CIA document—

At the end of this 1955 CIA document, the author [unnamed] makes these remarks: “In practice, it has been possible to use outside cleared contractors for the preliminary phases of this [research] work. However, that part which involves human testing at effective dose levels presents security problems which cannot be handled by the ordinary contractors.”

“The proposed [human testing] facility [deletion] offers a unique opportunity for the secure handling of such clinical testing in addition to the many advantages outlined in the project proposal. The security problems mentioned above are eliminated by the fact that the responsibility for the testing will rest completely upon the physician and the hospital. [one line deleted] will allow [CIA] TSS/CD personnel to supervise the work very closely to make sure that all tests are conducted according to the recognized practices and embody adequate safeguards.”

In other words, this was to be ultra-secret. No outside contractors at universities for the core of the experiments, which by the way could be carried forward for decades.

A secret in-house facility.

Over the years, more facilities could be created.

If you examine the full range of psychiatric drugs developed since 1955, you'll see that a number of them fit the CIA's

agenda. Speed-type chemicals to addle the brain over the long term, to treat so-called ADHD. Anti-psychotic drugs [Haldol, Risperdal, etc.], AKA “major tranquilizers,” to render patients more and more dependent on others (and government) as they sink into profound disability and incur motor brain damage. And of course, the SSRI antidepressants, like Prozac and Paxil and Zoloft, which produce extreme and debilitating highs and lows—and also push people over the edge into committing violence.

These drugs drag the whole society down into lower and lower levels of consciousness and action.

If that’s the goal of a very powerful and clandestine government agency...it’s succeeding. In mainstream psychiatry.

Parasites on the Loosh – Knowing and Dissolving the Enemy of Mankind

[Parasites on the Loosh – Knowing and Dissolving the
Enemy of Mankind](#)

Introduction

The fundamental understanding that we are an energy source for some form of inter-dimensional parasites is becoming more and more predominant. After all, it fits not only ancient and even

current religious and spiritual teachings, but every form of social and psychological framework as well. That we're being used and abused is obvious, but by whom ultimately, and why?

There's clearly a wickedly contrary current at play working against the instinctive creative and loving force most of us are tapped into and endeavor to manifest in our lives. We have not just opposition, but apparently a seemingly coordinated or similarly "inspired" enemy of mankind continually acting contrary to our best interests.

A simple perusal of the abusive systems at large in the human societal fabric paints a very clear picture.

Whether it's deliberately dumbing down education and controlled media that only stifle and misdirect, or the engineered highly toxic social, geological, technological and essential resource manipulation we see escalating at an exponential rate, humanity and our planet are under attack and at a serious crossroads.

Loosh Change

Understanding the gnostic/archontic explanation of earth's situation as propounded by John Lash as well as the Wetiko teachings put forth by Paul Levy, or even the growing body of alien occupation and exploitation research coupled with exposés of the real meanings of ancient religious and archeological discoveries, are profoundly important in order to more fully grasp what is going on here.

In addition, a further understanding regarding the actual energy being harvested, also known as loosh energy, is imperative and complimentary to this and extremely compelling, having its own attributes to help us more fully understand our socio-political, economic as well as psycho-spiritual environment.

Just how these parasitic forces operate and indeed manage us,

however we conceptualize them on whatever level, in order to provide the enslaved energetic food source they need to live on, is essential to our empowerment.

It's not exactly a pleasant subject, but then neither is the human devolution and depopulation agenda for the obvious purpose of the obvious, abject domination, if not destruction, of our species and planet.

The concept of loosh energy was more modernly articulated by Robert Monroe of the Monroe Institute, although the concept as a known reality has been around a long, long time. His articulations are revealing, compelling and ultimately empowering.

*Loosh, being life force energy (spiritual energy), is just simply energy, and includes the energy familiar to us as **emotional energy** both happy and unhappy.*

Most notably, as terminology of rare usage, "loosh," per se, was the word devised by Robert Monroe referring to the emotional energy radiated by animals and humans in dire circumstances that entail intense, severe pain and suffering in body and psyche.

And so, "loosh," in this older usage, described a negative experiential spectrum.

So Who is Utilizing It, and Why?

That humanity is in a deliberately induced state of suffering is an incontrovertible truth. History attests to the oppressive and cruel reigns of dynasty after empire after micro hierarchy. We seem to resign ourselves to them in the knowledge that we can see them, yet the present day in our faces reality that it's still going on and we're even subject to them escapes us. We're basically designed to not truly "see" them for what they truly are.

The "why" of that is a massive subject, our cowardly, seemingly self serving personal abdication of responsibility and sovereignty, but let's stick to the overarching reality for starters.

[Spoiler Alert. Knowing these self-evident truths and the personal responsibility directly implied will bring on extreme personal turmoil; that or abject rejection in the form of denial, another learned behavior at the behest of the assumptive, invading controllers designed to defuse action.]

Back to loosh...

This "loosh" was not a discovery of something new.

Rather, it was simply Monroe's identifying, and hence naming, of a metaphysical, alchemical phenomenon that has always existed (spiritual energy simply is) and – probably since many centuries ago, perhaps even millennia – was developed and exploited as a dark, multidimensional occult art and skill, utilized by secret societies and institutionally for social programming and mind control, and raised to a zenith in our electronic era.

Once there was a Monroe Institute, then related offshoots and derivations of that type of experimentation and research soon became the specialized, highly refined activities and techniques of Area 51 and Montauk for “military” and “defense” objectives (so-called), and the pop-music /entertainment industries and institutional pedophilia as they particularly are today.

As a type of spiritual energy identified by Monroe, capitalized upon by the secret services and black-ops, and exploited as a social engineering utility by the interdimensional Negatives, “loosh” essentially is of the earth planes (lower dimensions) and the trauma energy of the human and animal emotional body (for example, via the cruelty imposed upon and endured by the animal kingdom, and the brutality of the abbatoir).

As negative emotional energy, especially the energy of pain, trauma, stress, abuse, and suffering, or as Georgi very rightly described it, as “dreadful loosh,” it contains the heightened molecular content and organic /hormonal adrenalin-cortisol cascades, coursing through the quantum dynamics of blood, body, and brain systems.

Under such intense extremity of trauma, the blood and flesh is, for the Negative Entities, thus highly ‘enriched’ and hence highly prized, their brand of premium gold caviar diamond steak, as it were.

(There is a passage in the Old Testament where the gods rush in from afar, salivating at the aroma of burning human flesh. The so-called “God” or “Gods” in the O.T. – Old Testament – were/are mostly Negative Entities.)

Not only is this negative loosh highly coveted, but most crucially of all, it is absolutely necessary for probably most Negative Entities, for enabling and facilitating existence in the Earth planes, as well as for the ability to hold the human form so they don't slide into shapeshifting.

Apparently, because of the vibrational difference in frequency levels, there is a fundamental physiological incompatibility which our negative loosh neutralizes for them, and which even enhances their energetic stamina and function in the Earth and lower dimensions.

Vibration and frequency, in them, in humans, and animal Earthlings, are key to loosh's entrapment dynamics and emancipation from it.

More “Loosh” Energies and the Muti-faceted Entropic Breakdown Agenda

This is nothing less dramatic than demon possession and vampirism on a massive scale explained, or whatever semi-or-not paradigm you might subscribe to. We have to understand the dynamics of what is being reined upon us in order to fully empower ourselves in every facet of our being.

We’re in an interdimensional as well as an earthly, material conflict and it’s a battle for our survival, consciously as well as physically. Understanding these deeper dynamics is paramount to our welfare.

The concept of entropy lends itself to this, the scientifically identified impact of breaking down and reducing the energy of any given process or body in order to release energy. Burning fossil fuels is a perfect example, breaking down elements in order to harvest their energy.

There are so many examples of this, physically as well as socially... and especially spiritually. Religious institutions and belief systems are designed to do this.

You'll see that entropic breakdown for energy harvesting phenomena such as nuclear reactions, cyber information and attention harvesting more and more, but understand the destructive process we are witnessing is releasing energy for a much deeper purpose than is being told. In fact, it's unfathomable to the deliberately controlled mind.

These are the aspects we need to research for ourselves, but when we do, we find common denominators on every side.

Good Loosh, Bad Loosh

Now the good news.

All "loosh" is not bad or necessarily manipulated. We generate amazing amounts of good energy that won't necessarily be contained or tainted.

But it takes some recognizing on our parts, as well as a centered and truth grounded reference point on our parts:

That's empowering and should resonate. We clearly have the upper hand, despite their reversal of truth. Something to beware of continually. There's always an overwhelming energy harvesting design to whatever they devise.

Harvesting Through Fear and Focused Attention

Our focusing on their designed end product is what brings their synthetic construct into reality. False education and especially media propaganda play an important role in all of this, with the ever looming backdrop of immense social engineering. That today's news is focused almost solely on the acts and programmed words of world puppet leaders and the moves and lives of oligarchs and the parasitic "elite" is evident. As the expression says, energy flows where attention

goes.

We're feeding them with our attention, by design.

In other words, humanity is empowering the entire construct, in addition to energetically feeding this parasitic, spiritual and fully inorganic invading force.

This is vitally important to realize. While billions are glued to their boobtoobs drinking in not just propaganda and mind control, there's an energetic exchange happening. As quantum physics has proven, we bring into reality what we direct our energy towards. This has profound ramifications on every moment of our lives.

The engineered wars, terror, tension and scarcity memes used for millennia, and heightened today by the aid of artificially intelligent empowered synthetic technology, makes for fertile ground for abuse and negative loosh production.

The Parasitic Loosh Harvest Reality – Child Abuse and

Human Sacrifice

Meanwhile, not just by the terrors of war or continued engineered suffering of humanity, oligarchs, secret societies, and just about any organization or individual, human or not, who is integrally involved in this anti-human parasitic, self serving force, will also be an active participant in horrific child abuse and human sacrifice, to degrees unimaginable by true, empathic natural humans.

It's part of the formula. An essential one. Torture, pain, suffering and death as the ultimate energy release to be harvested are their staples. It's not aberrant in their minds; it's survival. They are not of us. A profound differentiation you have got to make if you're to survive and learn how to fight back and help save our race and planet.

The abuse, ritual sacrifice, and trafficking realities are coming into greater conscious awareness but it's a long way from really hitting home. When you extrapolate this out to realize the entire control grid is parasitic in the most horrific and obscene ways possible, using us as literal energy sources via not just our work value, but our life force, that's when the truth starts hitting home.

So How and Why is this Understanding Empowering?

These would-be controllers and seeming 'hot shots' we see in the news with their suits, uniforms and even religious or otherwise regalia are fundamentally impotent. They're not organic nor do they care one bit about anything but themselves and some sort of Borg mind, cancer-like agenda to suck their host dry. If you look honestly at even the exposed public power figures they're sick psychos in human form. I would venture to say they are not of us and a fully infiltrated, unscrupulous enemy within, and that we are in deep, dire straights if we don't shake the hypnotic trance and rise up against them.

That includes the secondary psychopaths who've bought into the Borg program.

The real truth is, based on anything natural and creative and good, they're ugly, sickly, shallow and weak, the definition of a blood and life sucking parasite. What needs to be realized, most of all, is that the power of this so-called enemy attempting to oppress us is ultimately of our own complacent making. Their only power is that which we empower them with. Without us they're nothing.

Therein lies our strength. Not just to our awakening to these greater truths and understandings, but completely disengaging in any form of physical, economic, social or psychic support and letting ourselves be empowered by the realization of their resultant futility. But only if we truly wake up and take appropriate action in our lives, cleaning up our own selves and old programming, facing fears and avoidance issues, and detaching, yes detaching, from our tick like dependence on this false system and take full control of our lives – and then stand up for the truth in everything we do, whatever it takes.

They or their collective "it" are a synthetic virus, lab manufactured if you will. They can only mimic, just as psychopaths mimic normal behavior to get by while they suck anything in their path dry.

Nature itself is not on their side. That's why they're attempting to destroy it.

Conclusion

That the power of one candle is enough to enlighten a darkened room is weeny compared to the powers that lay within each of us. But it alludes to the idea. But I say enough over spiritualizing and convenient mental distancing of ourselves from our horrendous situation on this planet. This is way too late and beyond any reparation short of complete and utter pro-active rebellion with an intent to destroy their power. We have been invaded and beyond oppressively controlled, abused and sucked dry long enough. Anything at all was too much, but now we find ourselves so far down the tubes it may seem hopeless.

Screw that attitude. That we're here, alive and just now discovering our true natures and infinite possibilities only speaks to the fact that this must have been our living, creative universe's way of challenging us to the max to bring out the best in us. That's good enough for me. It sure resonates.

Listen to the true human heart speaking. Learn to discern who

is who out there and around, and stand in your truth and learn to act decisively. Don't let them divert your attention or appeal to some soft peddling new age or otherwise compromise about reformation, "love and light", or pray to some external BS to keep you from exposing and hence destroying their influence.

This parasitic voice works through the ego. As Don Juan called it, they gave us their mind, the predator mind. It's that false self, out to protect itself, and hence this whole overriding system of abuse and compliance with it. If we're not going militant in our resolution and understanding we will be consumed and the planet devoid of truly human life. What's left will be a replica, virtual sadomasochist robots who love their slavery. Those who survive that is.

Do you want your progeny to live like that?

Because that's what we're heading for at such an incredible speed and with such momentum it's causing even good hearts to faint.

Not me, and I hope not you. Get some damn courage and get to work. You're gonna lose it all and all your loved ones and beloved home planet anyway if we don't wake up and rise to this occasion.

Epilogue – The Empowerment of Greater Truth Coupled with Conscious Action

The fact that we can now specifically identify our oppressors and their techniques is incredibly empowering. While they appear to and in many ways do have the upper hand, it's fundamentally extremely flimsy and illusory – a construct meant to displace our humanity and sense of conscious connection.

But it's only if we agree to it and support it.

It will take a form of spiritual violence to take a stand.

This is what's being called for, and whatever else may follow. I hope you're up to it. I sure am. This is what I came here for. And I've done the work to prepare for it.

Know your true identity as an amazing individual yet part of a vast continuum of the ultimate Source. Their fear based intimidation wilts in our gaze of knowing truth. Be strong. Informed, empowered and encouraged. And ACT accordingly, whatever the consequences. Everything will be thrown at you. That's the nature of being a warrior in battle.

We already have every possible element needed to refute and dissipate this imposed, parasitic control system.

Live freely – and carry on the process. We're not just observers, but doers of the very real truth we've come to understand. Act and be bravely! There's nothing to fear in all truth and reality. It's a charade only made real by letting their false reality in, like choosing to let a nightmare go through your waking day. Why do that? Shake it and simply be who you truly are and act accordingly and be willing to go where it takes you, fears and all.

Their only power is in illusion, as real as the mass hypnosis and resultant subservience and empowerment makes it appear. It doesn't matter how weird or strange these manifesting influences may seem to be or how many are bowing down to them. Stand on your authentic own.

Find it first of all, that's the real journey, and then stand like a tree against the storm – and then move forward.

See you on the frontline. We were born for this.

Fluorides, the Atomic Bomb, and Fake News

Source: No More Fake News

by Jon Rappoport

March 15, 2017

Occasionally, I reprint this article. I wrote it some years ago, during research on toxic chemicals pervading the landscape. I used to send the piece to mainstream reporters, but I eventually gave that up as a bad bet.

They're dedicated to fake news...and now they're losing control over public consciousness. Losing badly. Independent media are in the ascendance, and rightly so.

In 1997, Joel Griffiths and Chris Bryson, two respected mainstream journalists, peered into an abyss. They found a story about fluorides that was so chilling it had to be told.

The Christian Science Monitor, who had assigned the story, never published it.

Their ensuing article, "Fluoride, Teeth, and the Atomic Bomb," has been posted on websites, sometimes with distortions, deletions, or additions. I spoke with Griffiths, and he told me to be careful I was reading a correct copy of his piece. (You can find it—"Fluoride, Teeth, and the Atomic Bomb," at fluoridealert.org.)

Griffiths also told me that researchers who study the effects of fluorides by homing in on communities with fluoridated drinking water, versus communities with unfluoridated water, miss a major point: studying the water is not enough; toxic fluorides are everywhere—they are used throughout the pharmaceutical industry in the manufacture of drugs, and also in many other industries (e.g., aluminum, pesticide).

I want to go over some of the major points of the Griffiths-Bryson article.

Griffiths discovered hundreds of documents from the World War 2 era. These included papers from the Manhattan Project, launched to build the first A-bomb.

Griffiths/Bryson write: "Fluoride was the key chemical in atomic bomb production...millions of tons...were essential for the manufacture of bomb-grade uranium and plutonium for nuclear weapons throughout the Cold War."

The documents reveal that fluoride was the most significant health hazard in the US A-bomb program, for workers and for communities around the manufacturing facilities.

Griffiths/Bryson: "Much of the original proof that fluoride is safe for humans in low doses was generated by A-bomb program scientists, who had been secretly ordered to provide 'evidence useful in litigation' [against persons who had been poisoned by fluoride and would sue for damages]... The first lawsuits

against the US A-bomb program were not over radiation, but over fluoride damage, the [government] documents show.”

A-bomb scientists were told they had to do studies which would conclude that fluorides were safe.

The most wide-reaching study done was carried out in Newburgh, New York, between 1945 and 1956. This was a secret op called “Program F.” The researchers obtained blood and tissue samples from people who lived in Newburgh, through the good offices of the NY State Health Department.

Griffiths/Bryson found the original and secret version of this study. Comparing it to a different sanitized version, the reporters saw that evidence of adverse effects from fluorides had been suppressed by the US Atomic Energy Commission.

Other studies during the same period were conducted at the University of Rochester. Unwitting hospital patients were given fluorides to test out the results.

Flash forward. Enter Dr. Phyllis Mullenix, the head of toxicology at Forsyth Dental Center in Boston. In the 1990s, Mullenix did a series of animal studies which showed that, as Griffiths/Bryson write: “...fluoride was a powerful central nervous system (CNS) toxin...”

Mullenix applied for further grant monies from the National Institutes of Health. She was turned down. She was also told that fluorides do not have an effect on the CNS.

But Griffiths/Bryson uncovered a 1944 Manhattan Project memo which states: “Clinical evidence suggests that uranium hexafluoride may have a rather marked central nervous system effect...it seems most likely that the F [fluoride] component rather than the [uranium] is the causative factor.”

The 1944 memo was sent to the head of the Manhattan Project Medical Section, Colonel Stafford Warren. Warren was asked to

give his okay to do animal studies on fluorides' effects on the CNS. He immediately did give his approval.

But records of the results of this approved project are missing. Most likely classified.

Who was the man who made that 1944 proposal for a rush-program to study the CNS effects of fluorides? Dr. Harold Hodge, who worked at the Manhattan Project.

Who was brought in to advise Mullenix 50 years later at the Forsyth Dental Center in Boston, as she studied the CNS effects of fluorides? Dr. Harold Hodge.

Who never told Mullenix of his work on fluoride toxicity for the Manhattan Project? Dr. Harold Hodge.

Was Hodge brought in to look over Mullenix's shoulder and report on her discoveries? It turns out that Hodge, back in the 1940s, had made suggestions to do effective PR promoting fluoride as a dental treatment. So his presence by Mullenix's side, all those years later, was quite possibly as an agent assigned to keep track of her efforts.

Getting the idea here? Build an A-bomb. Forget the toxic fluoride consequences. Bury the fluoride studies. Twist the studies.

More on Hodge. In 1944, "a severe pollution incident" occurred in New Jersey, near the DuPont plant in Deepwater where the company was trying to build the first A-bomb. A fluoride incident. Farmers' peach and tomato crops were destroyed. Horses and cows became crippled. Some cows had to graze on their bellies. Tomato crops (normally sold to the Campbell Company for soups) were contaminated with fluorides.

The people of the Manhattan Project were terrified of lawsuits and ensuing revelations about the toxic nature of their work. A heads-up memo was written on the subject. Its author? Harold

Hodge. Among other issues, he reported on the huge fluoride content in vegetables growing in the polluted area.

Also the high fluoride levels in human blood.

The farmers began to bring lawsuits. Big PR problem.

The lawsuits were settled quietly, for pittance.

Harold Hodge wrote another memo. Get this quote: "Would there be any use in making attempts to counteract the local fear of fluoride on the part of residents [near the A-bomb facility]...through lectures on F [fluoride] toxicology and perhaps the usefulness of F in tooth health?"

Griffiths/Bryson write: "Such lectures were indeed given, not only to New Jersey citizens but to the rest of the nation throughout the Cold War."

This was a launching pad for fluorides as "successful dental treatments."

Now you know why promoting toxic fluorides as a dental treatment was so important to government officials.

Footnote: In Stanley Kubrick's 1964 film, Dr. Strangelove, Brigadier General Jack D. Ripper rails about the destruction fluorides are wreaking on the "pure blood of pure Americans." Of course, General Ripper is fleshed out as a crazy right-wing fanatic. He's ready and willing to start a nuclear war. How odd. Apparently unknown to the Strangelove script writers, fluorides were, in fact, very toxic and were an integral part of the program that created atomic bombs in the first place.

The Psycho-Schism Is Here

[The Psycho-Schism Is Here](#)

by [Zen Gardner](#)

April 23, 2013

Crazy times for sure at Psychotic High. And as predicted, the shift we're undergoing is impacting vast swathes of society as people either recognize the awakening or are completely ignorant of what's going on, willingly or unwillingly, and are succumbing to the induced confusion.

All on cue.

The blinding Boston Bullshit Massacre is just another in a long sequence of stimuli in the planned psycho-spiritual assault on Americans, cramming ever more freakish fear into their already overloaded heart, mind and spirit components.

Marie Antoinette would have been brainwashed instead of decapitated in this day and age. Much easier.

Here's an appropriate post that begins to tell part of the tale of the drastic literally psychotic effects we're witnessing:

Terrorism. Chaos. Fear of the future. In the age of Obama, America is undergoing a "fundamental transformation" – that much everyone knows.

But what few seem to realize about this transformation is that the sheer stress of living in today's America is driving tens of millions to the point of illness, depression and self-destruction. Consider the following trends:

- *Suicide has surpassed car crashes as the leading cause*

of injury death for Americans. Even more disturbing, in the world's greatest military, more U.S. soldiers died last year by suicide than in combat;

- Fully one-third of the nation's employees suffer chronic debilitating stress, and more than half of all "millennials" (18 to 33 year olds) experience a level of stress that keeps them awake at night, including large numbers diagnosed with depression or anxiety disorder.
- Shocking new research from the federal Centers for Disease Control and Prevention shows that one in five of all high-school-aged children in the United States has been diagnosed with ADHD, and likewise a large new study of New York City residents shows, sadly, that one in five preteens – children aged six to 12 – have been medically diagnosed with either ADHD, anxiety, depression or bipolar disorder;
- New research concludes that stress renders people susceptible to serious illness, and a growing number of studies now confirm that chronic stress plays a major role in the progression of cancer, the nation's second-biggest killer. The biggest killer of all, heart disease, which causes one in four deaths in the U.S., is also known to have a huge stress component;
- Incredibly, 11 percent of all Americans aged 12 and older are currently taking SSRI antidepressants – those highly controversial, mood-altering psychiatric drugs with the FDA's "suicidality" warning label and alarming correlation with school shooters. Women are especially prone to depression, with a stunning 23 percent of all American women in their 40s and 50s – almost one in four – now taking antidepressants, according to a major study by the CDC;
- Add to that the tens of millions of users of all other

types of psychiatric drugs, including (just to pick one) the [6.4 million American children between 4 and 17 diagnosed with ADHD and prescribed Ritalin](#) or similar psycho-stimulants. Throw in the [28 percent of American adults with a drinking problem](#), that's more than 60 million, plus the 22 million using illegal drugs like marijuana, cocaine, heroin, hallucinogens and inhalants, and pretty soon a picture emerges of a nation of drug-takers, with hundreds of millions dependent on one toxic substance or another – legal or illegal – to “help” them deal with the stresses and problems of life.

By the way, things are no better over the pond – and may be worse, according to one major study that concluded almost 40 percent of Europeans are plagued by mental illness. ([More here](#))

It Goes To Show

We're living in strategically and psychologically compressed and driven times. Hardly anything major in the socio-political realm happens by coincidence or natural means. It's almost always staged and by very professional executors. Any reasonable open minded study of history will reveal the same conclusion as to how their particular paradigm was sculpted via similar staged events and conditions during virtually any epoch of human history.

Same story, different time.

The recent frenzy over Boston's own Baked Bullshit Barrage is a manifestation of a mounting, desperate effort to cauterize the American mind once and for all. They want the masses to accept any and every state explanation for anything, great or small, according to their interpretation. These are tests.

And they're getting away with them.

It's nasty to the bone, yet so few see it. A very sad state of affairs indeed...when so few challenge the status quo and start to wake up, so little and so late.

Find out the Truth for yourself. Challenge the mainstream disinfo, and reach for the light. Then spread the word.

It's all there in plain sight.

YOU are the difference! We all are.

Keep on consciously and lovingly being awake, aware and active,

Love always, Zen

Social Engineering in the

West; the Shutting Down of Human Consciousness

[Social Engineering in the West; the Shutting Down of Human Consciousness](#)

by [Willem Felderhof](#)

“The conscious and intelligent manipulation of human behaviors, thoughts and opinions is the primary element in society. Those who hold the knowledge and manipulate these unseen mechanisms in society constitute the invisible government and are the true rulers of humanity. We are governed, our minds are molded, our tastes are formed, and our ideas are suggested, by men we never heard of”.

The above quote was made by Edward Bernays in 1928. He was referring to then already highly effective forms of mind control programs that humanity was subjected to in the manipulated 3 dimensional control matrix as we still know it. Close to a century later and with the help of numerous think tanks and institutes that serve the ruling elites like the Tavistock institute, mind control techniques have been refined to unimaginable levels, where humanity is on the brink of becoming fully robotized and ready to serve in the new world order, without even knowing it. Anyone who claims not being under the influence of social engineering/Mind control or is not aware of it at all, is clearly lost and does not have a clue what is going on in their manipulated minds and therefore they do not understand what is going on around them as well.

Following quote by [überpsychopath Zbigniew Brzezinski](#):

“The technotronic era involves the gradual appearance of a

more controlled society. Such a society would be dominated by an elite, unrestrained by traditional values. Soon it will be possible to assert almost continuous surveillance over every citizen and maintain up-to-date complete files containing even the most personal information about the citizen. These files will be subject to instantaneous retrieval by the authorities".

Now bear in mind that this statement was made almost 50 years ago and think about the endless technological possibilities the psychopathic social engineers have access to today. Fact is that most of humanity embraces his/her enslavement and illusionary state of freedom, not only due to ignorance but also because it helps avoiding any responsibility and/or precious time consuming Self-work. We just do not want to know the unpleasant Truth that our minds are owned and controlled by Satanic dark occultists. The result of lifelong (trauma based) refined mindcontrol programming is a shut down of consciousness on a massive scale. As a result of that we see the rise of an engineered obedient slave with a total lack of any impulses of authenticity and free will, that operates from the vibration of fear.

Eugenics

One of the main game tools of the occult social engineers is Eugenics. Eugenics is an ancient satanic social ideology advocating higher rates of sexual reproduction for people with traits and characteristics desired by its proponents and, reduced rates of reproduction and sterilization for those with undesired traits and characteristics. This satanic practice is a primary religious tenet of the psychopathic rulers, who believe that it is simply "natural order" for the most ruthless of humans whose genes are the fittest to rule over the rest of the human herd. They truly see themselves as the chosen ones, as gods, because they are genetically superior over those they rule over. From that deceased psyche emanates the twisted belief that they can decide who is allowed to live

and who must die. And this morbid form of human harvesting happens in plain sight for those who are willing to see the Truth.

Garbage in, garbage out

The occult ruling class discovered long, very long, ago how to influence the breeding process within entire populations for the purpose to make these populations easier to control. The controlling of human breeding is done by manipulation of the human consciousness. In other words; population control through mind control.

They are also creating humans with horrible traits and characteristics through the manipulation of human biology, biochemistry, and consciousness via chemicals in our food/water and air. Exposure to insane levels of unnatural electro magnetic fields are interfering with, and changing human physiology for the worse. It is literally a form of "down" breeding since the tactics are clearly used to weaken and destroy the targeted population i.s.o. improving them. Of course this is part of the depopulation agenda as well.

A blatant indication of a deeply mind controlled human being, that is in a solid state of denial, is someone who claims that this is all just the result of normal evolution. Where eugenics is one of the pillars of Satanism, ego worship and self preservation is another one. Most people do not want to hear the ugly Truth that we are ruled by occultist with a Satanic mindset. Let alone consider the idea that the hijacked human consciousness is being morphed into a pseudo satanic, false self obsessed clone of its rulers through social engineering. But all you have to do is look around you to get a confirmation of this unpleasant Truth.

The end product of this programming is a self obsessed human being that is totally disconnected from reality, and full time occupied with (false) self serving activities. That product is lost in non relevant behavior and thoughts and is entirely

establishment serving and non establishment threatening. The perfect obedient slave. Because this “product’ is fully ego identified and self obsessed, it is unaware of its connection to the collective reality; it is operating by a consciousness that is in a shut down modus. On a deeper level this engineered contracted type of consciousness operates from the vibration of fear, self loathing and ignorance. And because of that it will feed (while being unaware of it) the ongoing manifestation of more chaos, control, and suffering in the “external” collectively manifested reality.

The current manifested reality that we as a collective experience, is the aggregate of the consciousness of the individuals. So in order to change the current external reality, large numbers of people have to change their inner reality by (re) gaining the sacred knowledge of human consciousness and how it operates and manifests in accordance with Natural Law. Understanding the concept of non separation from the external reality, is an indication of knowledge of a True Self that operates from non duality.

War on the True Self

Through the relentless eugenics and trauma based mind control programs we see the clear emerging of a false self/ego identified, socially engineered woman and man that operate from the vibration of fear and that is stripped from “it’s” genuine masculine and feminine modalities. The desired by products of this engineered madness are: further destruction of the sacred masculine and feminine dynamics; break down of traditional family bonds and the break down of the sacred emotional, spiritual and sexual bond between man and woman. (if you google sacred bond man and woman you will see mostly pop ups from Hillary Clinton)

The engineered woman is being culturally conditioned to no longer be attracted to any of the qualities of the genuine man. Such genuine qualities include high holistic

intelligence, real/natural confidence emanating from healthy self-esteem, being very vocally opinionated, independence, a rebellious attitude towards authority and placing very high values on individual freedom. Such traits are, of course, seen as highly dangerous to the goals of the rulers, who wish to see society produce weak men, since weak emasculated men are very unlikely to resist the State, while the genuine man will rebel against it.

The socially engineered woman wants to be placated, revered and pampered through relentless princess programming at early age where they are programmed to: value only what can be gained for themselves through relationships with men, to seek only a man who can "provide for them". To place obsessive importance on their looks to "lure" a male, to devalue the importance of their own intelligence, to seek money as main value system and to think that "no man is good enough" for them. This false self identified woman is motivated by the psychological desire for attachment and security. "Love" is seen primarily as a form of co-dependent permanence and attachment and a search for an illusory form of security, rather than a deep autonomic healthy familial bond with another human being. Hence the irrelevant first and foremost question when a woman and a man meet for the first time: "What do you do for a living"?

This search for security in a man with money and/or good looks or the desire to be taken care of by someone else is an integral part of the ego-gratification. And self preservation is the primary pillar of a Satanic mindset. An inconvenient Truth that most will refuse to understand and/or admit. Most people prefer to attribute this to Darwinian logics when in fact this behavior is deeply ingrained social conditioning. The early princess programming, the trauma based outcome based education system, and the (neo) feminist agenda's have engineered the conditioned woman to love the State and her false self.

The State continually, through mass mind control, positions itself to be psychologically accepted as the provider, protector and husband. Especially the communist, marxist outcome based education slaughterhouse is a primary source of the engineered co dependence towards the State by both genders, partly through the insane prolonged compulsory separation from the parents.

Any parent who still continues to offer their children to these mind destruction factories without any significant resistance, is willfully facilitating the destruction of the authentic true Self of his/her child. The high sensitive, creative, and intelligent potential rebels against the increasing forms of tyranny are having severe problems to adapt to this profound sick system. This highly precious generation for humanity is being "neutralized" by labeling their entirely normal response to the State run compulsory torture system with ADHD/ADD or other ridiculous "diagnoses". Engineered computer/gaming addiction and disgusting medication regimes will zombify them further. Ignorant parents and pseudo psychologists, acting as agents for the system, are enforcing the identification of the child with their so-called problem, thereby pushing the child further into an engineered structural state of psychological stress and self loathing.

Marriage with the State

Fake, codependent, and false-self "love"programming through Hollywood love story movies, television series, books, music etc, drive the conditioned engineered man and woman into an obsessive search for the perfect relation and/or marriage. Marriage brings an even deeper personal relationship into union with the state- which has been traditionally used and steered to the benefit of the female, in the case of divorce. Up to 45 % of marriage end in divorce and divorce courts rule drastically in favor of women, feeding the division between man and woman and feeding the female's craving towards the State. Money and the maintenance of lifestyle is valued above

emotions, feelings and moral issues in relationships. This engineered system is structured in such a way that it breaks down both genders, the family tradition, and has a highly destructive impact on future generations as well.

Breeding out the rebel

The war on the genuine authentic men takes form of the emasculation of the human male, a process which breeds out the Sacred masculine dynamic (the willingness to stand up against any form of tyranny or bullies). The long-term agenda is to create a feminized man that will not ever challenge the state and to simultaneously condition women to view the state as a powerful husband/father figure. Rebellion against the state, a reverence for true freedom, and placing high value on personal responsibility and individual rights, are traits that are bred out of humanity through refined eugenics because such traits are undesirable to the ruling class. Socially engineered traits are being bred into the new "man" and include: a fear and disinterest of going against the norm, docility, submissiveness and obedience to authority. Mind control based eugenics are designed to breed compliant slaves and to eliminate raw rebels, independent thinkers, and spiritually aware human beings.

One of the most fundamental aspects of these programs is to influence the vast majority of women to be attracted only to fake men who are the most fitting to perpetuate the system of human slavery in a one world government system. This engineered self obsessed man displays pseudo and feminized masculine characteristics. Although presented as a real man he will most likely be dead-on-day-one in a real survival scenario as he is completely unaware of world issues and of his own enslavement.

Idolized self obsessed sport heroes and "musicians" serve as effective programming tools for pseudo rebellion. If you google the word rebel today, you will see that nothing will

pop up that comes near a real rebel. True rebellion against the state and healthy patriotism are being bred out human consciousness and the new socially engineered generations have no intention to search for it anymore, as it is an unknown concept for the disconnected and self centered obedient new world order slaves.

The rise of the engineered millennial human being.

Millennial human beings are the children of the post baby boomer generation and were largely “raised” by the state-run trauma based mind control education factories, television/computer, and pop culture. They have been conditioned by these systems to behave in ways that are complacent, compliant, unquestioning, unthinking, and narcissistic.

They absorb huge amounts of television programming and/or computer gaming, consume poisonous genetically modified foods, are obsessed with escapist pursuits, conduct only vapid, inane conversations, and express an extreme lack of concern or interest in real world issues.

If they are confronted with someone who questions authority or addresses immoral behavior they will react either with apathy, aggressively, or will collectively ridicule the person that is expressing the normal moral behavior. This form of engineered policing of each other emanates from the fear of being expelled from the group. This fear based mind controlled form of self policing is the result of deep self loathing. The fear of being different is partly engineered through the compulsory education system that enforces traumatic abandonment issues by creating further separation from the parents, and through television programming and other media tools.

The millennial human beings are the absolute dream of the social engineers.

Androgenization

Another tactic in the gender war is the deliberate androgenization of society, which slowly homogenizes and gradually erodes the distinctiveness of both genders. When genders and gender roles become skewed and blended, strong men and women sharing cohesive familial bonds become an endangered species.

As a result of the breakdown of the sacred bond between man and woman, society becomes further weakened at a fundamental level and thus easier to control. Besides that it serves the depopulation agenda as well, just like the other tactics in the gender war. And again, anyone who attributes these engineered phenomena as natural and a result of normal evolution is clearly operating from an "owned" mind. People call me a homophobic when speaking out about androgenization being hyped in the media as a tool for social engineering. This is exactly the goal of the social engineers; we should all accept these abnormal tendencies in society as normal; there is really no such thing as objective standards for right and wrong. Police each other with moral relativism; there is no Universal wrong or right.

Real external change comes ONLY from real change within

While the epitome of narcissistic paranoid psychopathy, embodied by Donald Trump, has been given the power over the controls of the most deadly and advanced nuclear war machinery the world has ever seen, the consensus in the majority of humanity is that we have to wait and see where it will go. Even under the so-called awake people are (or were) large numbers of people who consider the possibility that this time there might be a real chance for external "change". That apathetic and co-dependent reaction not only reflects a total lack of knowledge of the structures and dynamics of power in society, and the distractive role of the pathetic political arena's in general. It is also a disturbing indicator of the lack of rulership over, and knowledge of our individual

consciousness.

Would it really be possible that the presidency of Trump was unexpected, totally unforeseen and unaccounted for by the genius occultist ruling class who OWN the whole stage for centuries, and are masters of deception for centuries? Most probably not, maybe for a tiny part, I would not bet on it anyway. But the most, if not the only, relevant question here is WHY all this is happening. As stated before we have to understand by experience that this system of chaos, control, fear, and human suffering is manifesting as a direct result of the dynamics of our own individual consciousness.

Real transformation requires TOTAL commitment

The current collectively shared reality, and the ever increasing levels of control that come with it, is the manifest of the aggregate of our individual consciousness. Individual consciousness today is mostly operated by a false ego identified self, driven by fear and ignorance. Engineered fear and ignorance by the occult rulers who have kept the knowledge of human consciousness hidden (Occult) to humanity in order to be able to manipulate and control it. In this unique time of information we have a chance to regain that knowledge and create another external reality which is emanating from a consciousness that is operated by the True Self, driven by Love and true knowledge in accordance with Natural law.

Only with total commitment, deep Self work, time and energy, humanity can turn the tide. We need to radically change the way we think, the way we feel, and above all, the way we behave. True external change comes from within, not the other way around. Instead of focussing on, and trying to change the external, we should change our reality within.

That process requires the willingness for a deep psychological and physical surgery without anaesthesia that includes a slow but certain death.

Death of the engineered false self that operates from fear, and a breakdown of all attachments to the belief systems that caused the identification with it. Only then we can facilitate the rebirth of the genuine True Self that will be able to manifest a different external reality. An emerging external reality that represents anarchy because it is manifested from the vibration of Love and not from fear. Anarchy is the expression of True Freedom. The real fear for anarchy is the fear for True Freedom; the unknown. The social engineers worst nightmare.

Important note: this article is written in generalized terms for convenience, but I am referring to the majority of a gender group or certain engineered group tendencies in society in general. Of course we see also authentic human beings operating from their True Self, but they are very rare in their presence.

To understand more about the war on human consciousness, eugenics, mind control and Natural Law, watch these seminars by Mark Passio. In the first controversial presentation, Mark Passio blows wide open the Dark Occult agenda of Neo-Feminism, which is being used to sow the seeds of discord between men and women in order to weaken the human species and ensure that future generations of humanity lack the traits necessary to resist tyranny. The destruction of gender roles and the familial dynamic are explored as major themes throughout Mark's hard-hitting lecture.:

On October 19th, 2013 Mark Passio presented his seminar "Natural Law: The REAL Law of Attraction" at the Yale Omni, organized by Arthur Capozzi & Christopher Capozzi, and produced for distribution by Tragedy and Hope dot com. This is the morning session, which will be followed in this playlist by the remaining 2 segments. Take the time to watch, study, and enjoy it.

James Corbett: Welcome back to The Corbett Report ladies and gentlemen, I'm your host James Corbett of corbettreport.com podcasting to you as always from the sunny climes of western Japan, here on this 5th day of February 2015.

Welcome to Episode 301 of the Corbett Report – **How to Fake an Alien Invasion.**

Now you better be careful who's watching over your shoulder today because we're about to broach one of the most top secret, ultra-classified pieces of information in the entire conspiracy pantheon. A subject so sensitive that it's mere exposure threatens to topple the power-pyramid itself and, as a result, is never talked about in the establishment mouthpiece media. I'm referring of course to the topic of...[whispers] aliens.

Sorry my mistake, my mistake, no – this is clearly a subject that is propounded time and again ad nauseam in the establishment mouthpiece media . That same media that we know is lying to us about most major world events, either through direct lying or lying by omission. So why are they not omitting this little idea from the cultural context? Why are they constantly returning to the idea of 'alien presence', 'alien cover-up', 'alien invasion', 'alien threat'?

Why is this propounded so often, not just in the news media but of course also in those cultural-entertainment productions that I hope we understand are, at the end, a product of the culture-creation industry that has been predictably programming us, again for decades, generations perhaps, to accept various memes and ideas including of course this idea of 'alien invasion', 'alien threat' and the fallout and consequences thereof, which again is a theme that has been returned to time, and time, and time, and time, and time again for the better part of the century by this point. It's almost as if the billionaire power players at the top of this pyramid are actually connected to an idea to implant this idea of alien invasion in the public consciousness for the purpose of manipulating public opinion, and that's because... they are connected to such an agenda, demonstrably so.

"Ladies and gentlemen, here is the latest bulletin from the Intercontinental Radio News. Toronto, Canada: Professor Morse of McGill University reports observing a total of three explosions on the planet Mars, between the hours of 7:45 PM and 9:20 PM, eastern standard time. This confirms earlier reports received from American observatories. Now, nearer home, comes a special bulletin from Trenton, New Jersey. It

is reported that at 8:50 PM a huge, flaming object, believed to be a meteorite, fell on a farm in the neighborhood of Grovers Mill, New Jersey, twenty-two miles from Trenton. The flash in the sky was visible within a radius of several hundred miles and the noise of the impact was heard as far north as Elizabeth.”

NARRATOR: “Orson Welles’ War of the Worlds. Never before had a radio broadcast provoked such outrage, or such chaos. Upwards of a million people convinced, if only briefly, that the United States was being laid waste by alien invaders, and a nation left to wonder how they possibly could’ve been so gullible.

By a quarter past eight eastern time, telephones were ringing madly all across the country, as concerned Americans tried to determine the whereabouts of relatives, warn friends and acquaintances, and most of all, corroborate what they were hearing.

Man on the phone (archival): City Desk. A what?? Wait a minute.

NARRATOR: For the next several hours, newspapers, radio stations and police precincts from coast to coast would be swamped with calls.

Man on the phone (archival): Well I can’t help that ma’am, we just don’t know anything about it. Did I say something about a quiet Sunday evening?

Second man (archival): What’s going on anyway?

NARRATOR: Soon, strange bulletins began coming in over the press service wires. In Bergenfield, New Jersey, just north of Grovers Mill, some 20 families turned up at a police station, with all of their household possessions piled into

their cars. In Indianapolis, a woman rushed the pulpit in a Methodist church, shouting that the end of the world had come. And in Washington state, a spectacularly ill-timed power failure plunged the small town of Concrete into darkness , and sent terrified residents fleeing into the mountains.

Announcer, The War of the Worlds (archival audio): *The battle which took place tonight at Grover Mills has ended in one of the most startling defeats ever suffered by an army in modern times; 7,000 men armed with rifles and machine guns pitted against a single fighting machine of the invaders from Mars. One hundred and twenty known survivors...*

Seymour Charles Hayden, Sunland, California (actor): *Well, my wife she came in, my wife, just wringing her hands and wailing away, her eyeballs about to pop out on to her lap going, "What is it? What is it? What could it be? Is it the Germans?" Well, she hadn't heard that word 'Martians', but I had.*

Announcer, The War of the Worlds (archival audio):*...a brief statement informing us that the charred body of Carl Phillips has been identified in a Trenton hospital.*

David Roepik, Journalist: We think that we're really smart, but if there's a cue out there that could possibly be dangerous, we're going to react to it protectively, autonomically, instinctively, fear first, and reason and fact second"

(Source: [War of the Worlds: The Panic Broadcast | PBS America](#) | Time Reference: 05:47)

Now I'm sure that the majority of the listening and viewing audience will be familiar with the story of Orson Welles' infamous 1938 radio dramatization of the famous H.G. Wells novel The War of the Worlds, and the resulting hysteria and panic that ensued, driving people insane, believing there to

be a real alien invasion taking place and farmers running out into the fields shooting at grain silos and the like, and that story is a fascinating one for a number of reasons, namely because it is a confluence of different events in world history at that time, that had an effect on shaping an entire field of study, and of course this relates to the advent of mass-communication technologies like the radio which was still, to some extent, in its infancy as a broadcast medium at that time, capable of reaching a nation as wide and diverse as America and reaching however many millions of people at the same time and inducing this kind of mass panic and psychosis, and it is interesting to study in that regard and so it is not surprising that it was immediately made the subject of such a study funded by, who else, the Rockefellers. And we can take more on this from a very very important article that was published on globalresearch.ca back in 2012 – [Early Psychological Warfare Research and the Rockefeller Foundation](#) by Professor James Tracy. Reading from that article:

“The “founding fathers” of mass communication research could not have established their field without Rockefeller largesse. Alongside World War One propagandist and University of Chicago political scientist Harold Lasswell, psychologist Hadley Cantril was a principal contributor to the knowledge and information that helped propel Rockefeller-controlled enterprises, an American empire in the postwar era. Throughout this period Cantril provided the Rockefeller combine with important information and new techniques in public opinion measurement and management in Europe, Latin American, and the United States. A roommate of Nelson Rockefeller’s at Dartmouth College in the late 1920s, Cantril took a doctorate in psychology at Harvard, coauthoring The Psychology of Radio with his doctoral mentor Gordon Allport in 1935. “Radio is an altogether novel medium of communication,” Cantril and Allport observed, “pre-eminent as a means of social control and epochal in its influence upon

the mental horizons of men.

The work garnered the attention of Rockefeller Foundation Humanities Division officer John Marshall, commissioned by the Foundation with convincing commercial broadcasters to include more educational programming into their advertiser-driven schedules. To this end Rockefeller was funding fellowships at the CBS and NBC broadcasting networks.

Aware of the Dartmouth connection, Marshall encouraged the enterprising Cantril to apply to the Foundation for support. Cantril's request resulted in a \$67,000 grant for a two-year charter of the "Princeton Radio Project" (PRP) at Princeton University. There Cantril proceeded to develop studies assessing radio's effects on audiences. In 1938 Cantril also became a founding editor of the Rockefeller Foundation-funded Public Opinion Quarterly, an organ closely associated with US government's psychological warfare endeavors following World War Two.

When the Princeton venture commenced another trained psychologist close to Rockefeller, CBS Director of Research Frank Stanton, was named PRP lead researcher but took a secondary role of Associate Director due to his position at the broadcast network. At this time Austrian émigré social scientist Paul Lazarsfeld was recruited to join Cantril. Thus Cantril, Stanton, and Lazarsfeld were closely affiliated and ideally positioned to embark on a major study involving public opinion and persuasion.

The opportunity for such an analysis presented itself when CBS broadcast Orson Welles' rendering of H.G. Wells' War of the Worlds on October 30 1938. Lazarsfeld saw the event as especially noteworthy and immediately asked Stanton for CBS funds to investigate reaction to what at the time was the largest immediate act of mass persuasion in human history. Over the next several months interviews with War of the Worlds listeners were collected, provided to Stanton at CBS,

and subsequently analyzed in Cantril's 1940 study, The Invasion From Mars: A Study in the Psychology of Panic"

(Source: [Early "Psychological Warfare" Research and the Rockefeller Foundation](#) | Time Reference: 09:46)

A fascinating little tidbit from history I trust that you'll agree and if you do I hope you'll go and follow the link in the show notes to that original article so you can continue reading about Hadley Cantril's adventures providing studies and information about psychological persuasion to the Rockefeller Foundation, and how that developed and contributed to world psychological warfare techniques for the US Army and things of that nature, but again I think it is interesting to see this confluence of HG Wells' War of the Worlds becoming a radio dramatization which incites this mass panic, the largest immediate act of mass persuasion in human history, that is then studied by the Princeton Radio Project backed up by the Rockefeller Foundation.

But you could argue that that's a tangential connection or just a coincidental connection, that this doesn't mean that the Rockefellers are interested in mass-persuasion in terms of alien invasion *per se*, it's just that that was the immediate proximate cause of this particular study.

So you might fruitfully ask "Are there any connections between the Rockefellers and this idea of faking an alien invasion or an alien presence of some sort?" and the answer is...yes! Yes there is such evidence...

"Mr. Rockefeller backed many UFO-related projects in the period between the late 80s and 2000, but for the purposes of this Hearing we will concentrate on his political initiatives in these areas. Laurance Rockefeller's first forays into ufology started sometime in the late eighties through Dr. Cecil B. Scott Jones, a parapsychologist and former U.S. Navy Commander who had worked as Naval Attache' in Asia and at the

Naval Scientific and Technical Intelligence Center. Between 1985 and 1991, Jones was Special Assistant to Senator Claiborne Pell (1918-2009), the powerful Rhode Island Democrat Chairman of the Senate Foreign Relations Committee (1987-1994) who was deeply interested in parapsychology, and who many of you met personally. Sen. Pell was also friends with Laurance Rockefeller and both served on the board of the Human Potential Foundation, a small think tank launched in 1989 in Vienna, Virginia, by Jones to conduct "research into all conditions of humankind: physiological, psychological and spiritual".

Many of the papers released by the White House's OSTP come from Scott Jones, who knew Dr. John Gibbons, a physicist who worked for many years as Director of the Office of Technology Assessment for the U.S. Congress and was appointed in 1993 by the Clinton administration to direct the OSTP.

What was the exact turning point of Laurance Rockefeller's evolution from a general interest in consciousness studies into the specific area of UFOs and Extraterrestrial Intelligence is still unclear, but the end of the Cold War and the arrival in Washington of a younger generation represented by Bill and Hillary Clinton are key factors. He felt the time was ripe for a new and fresh approach into an area that had been previously dominated by a Cold War mentality. Rockefeller recruited for this effort a long-time associate, Henry L. Diamond, an environmental attorney from Washington, DC whose links to the family went all the way back to the 1960s when he worked with Laurance in his conservation activities. Diamond also knew John Gibbons and so he was the right person to make the first contact with the OSTP chief when he sent a Memorandum on March 29, 1993 requesting a meeting, and I'm quoting now the first paragraph:

Laurance S. Rockefeller, who is a leading U.S. conservationist, businessman, and philanthropist, is anxious

to have a brief meeting with Dr. Gibbons to discuss the potential availability of government information about unidentified flying objects and extraterrestrial life. As one who has had a long-time interest in environmental and spiritual issues, Mr. Rockefeller, with other leading citizens, is planning to make an approach to President Clinton on this subject..."

"I invite all of the political media, all media in general but certainly the political media, to look at the Rockefeller initiative it is one of the stories in American history it's one of the great political story certainly in this or any other time. It is filled with amazing people who are still around and still very powerful. At the time that Rockefeller approached, through his attorney, President Clinton. Clinton's key adviser or one of his very key advisors was John Podesta. The Chief of Staff at the time was Leon Panetta. The wife of the president at the time was Hillary Clinton. A good friend of the family at the time, soon to be Clinton's Secretary of Energy, was Bill Richardson. This Initiative went on for six years. The press completely ignored it, as if What's the news there? It's just a billionaire Rockefeller trying to get the President to release all of the files on these phenomena. Possibly put a letter into every newspaper in the country, and release... and basically end the Truth Embargo. There's no news there."

Now for those of you not immersed in the topic of the disclosure movement you may not be familiar with some of these

names and faces but some of the main ones to take note of are, of course, [Dr Stephen Bassett](#) who founded and ran something called the Paradigm Research Group at paradigmresearchgroup.org. He defines himself as a political activist, lobbyist, commentator, the executive director of Paradigm Research Group and the Extra Terrestrial Phenomena Politicalist Action Committee and executive producer of the X Conference the Citizens Hearing on Disclosure and the Congressional Hearing Initiative and [Dr Steven Greer](#) who runs something called the Disclosure Project and he describes himself as the father of the 'Disclosure Movement' and the person who presided over the groundbreaking National Press Club Disclosure Event in May of 2001.

So these are some of the biggest names if not the biggest names in this disclosure movement and, well, they don't really make a secret of the fact that the Rockefellers are, well specifically Laurance Rockefeller was a big help in getting this movement launched back in the mid 1990s and again we can document this and in order to do so let's turn to a very important website which I will commend to your attention and I hope that you guys out there have... well I know some of you have already found and have emailed me about it. I have found it myself and it seems that myself and the author of this website are in accord on a number of political views especially the overall way in which the the BRICS and China and Russia and other aspects of the 'new world order' system are being used as the good cop in a 'good cop/bad cop' system, but also on this subject of the UFO 'disclosure movement' in a very important article called 'Why are the Rockefellers and the Jesuits guiding the UFO disclosure movement at redefining god.com, I will put the link in the show notes so you can go and follow it but just reading from that article:

"The Rockefeller role in getting the disclosure ball rolling is something of an open secret among the disclosure people, the disclosuristas as I call them, on Stephen Bassett's own

Research Group website, a specific Rockefeller effort referred to as 'The Rockefeller Initiative' is openly touted. The same effort is also touted on Steven Greer's disclosure project website as 'Project Starlight'.

This letter from the Project Starlight Coalition was the result of the historic as Asilomar California meeting that Dr. Greer organized and Laurance Rockefeller paid for in June 1995, just before Clinton's meeting with Rockefeller in August 1995."

Source: [Why are the Rockefellers and the Jesuits guiding the UFO Disclosure Movement?](#) | Time Reference: 20:06)

So who is Laurance Rockefeller ? Well according to Laurance Rockefeller's biography, in 1937 he inherited his grandfather's seat on the New York Stock Exchange. He served as Founding Trustee of the Rockefeller Brothers' Fund for 42 years from its inception in 1940 to 1982. During this time he also served as president 1958 to 1968, and later its chairman 1968 to 1980, for 22 years, longer than any other leader in the fund's history. He was also a founding trustee of the Rockefeller Family Fund from 1967 to 1977.

So not only was Laurance deeply involved in the financial industry, but he was also among the founders of the Rockefeller Brothers Fund and the Rockefeller Family Fund. These funds are notorious for advancing globalist aims under the pretense of 'philanthropy'. Laurance also served on the Rockefeller Brothers Fund's 'Special Studies Project'

Now, I'll let you continue reading about that special studies project and the interesting fact that even now, four decades after the publication of the final report the 'Prospect for America: The Rockefeller Panel Reports'. Certain sections of that report are still classified, which is interesting in and of itself, but there are also screenshots of some of the pages of this report here in this very important article talking

about how they are steering America towards shaping a 'new world order' and things that you would expect to find in a typical Rockefeller study.

I suppose the point here is to emphasize that Laurance Rockefeller, of course very much in the heart of the Rockefeller matrix, pushing this global-government agenda which David Rockefeller so gleefully admitted to in his memoirs, as I'm sure we all know or we all should know by now, and I would again suggest you go to see this original article if for no other reason than to click on such things as 'The Rockefeller Initiative' or the Disclosure Project's own 'Projects Starlight' page where you can browse through and see all of the main characters who are connected through this initiative, that ran from 1993 to 1996 including of course President Clinton and Laurance Rockefeller along with Hillary and Dr. John Gibbons and John Podesta and vice president Al Gore and all this other cast of Congress critters and very unsavoury characters including of course Dr. Steven Greer, the aforementioned father of the disclosure movement. And again all of these letters are archived here online so you can go and read through them all and the various correspondence between some of the players including Laurance Rockefeller and John Gibbons and Laurance Rockefeller and the Clintons.

I mean this is a pretty interesting and openly admitted non-secret that the disclosure movement was really launched with the aid of Laurance Rockefeller and the Clinton administration, so I think that should at least get our antennas up towards the possibility that this is going to be used towards the furtherance of some sort of staged or faked alien invasion .

Now that again sounds like an outlandish prospect to those poor souls coming in from mainstream-medialand who are just landing on this site randomly. I hope that you will be able to at least appreciate that there might be a reason why the very rich and powerful and well-connected would be interested in

doing something as ridiculous and outlandish, I agree with you there, as staging some sort of 'alien threat', 'alien presence' – whatever it may be. But, there are reasons why this might be done and these aren't reasons we have to speculate on. We can find all of the usual suspects talking about these reasons in all of the usual places, and of course the big ones: global religion; global finance and global government, uniting the world around this perceived alien threat.

"What is exceptional is that the Vatican was taking very seriously what science might tell us, about the possibility of extraterrestrial intelligent life-forms. That's what the conference was about. I can't tell you that the Vatican found any alien life, I don't think that's what they were looking for but they were taking very seriously, the issue."

"We probably won't be seeing aliens at mass anytime soon, but the Vatican's chief astronomer does say that there could exist other forms of life outside Earth, and he says if they do exist they are God's creatures."

INTERVIEWER: *"So how does this actually work? When Discovery decided they were going to do a show on alien invasions, your phone rings because you're on the, sort of, speed dial for theoretical physicists who can help them do the war game for how this might play out?"*

DR. MICHIO KAKU: *Well believe it or not we physicists have actually studied the question of what happens if we do encounter a hostile advanced civilization that space, and Hollywood gets it all wrong. Hollywood assumes that the aliens are maybe a hundred years more advanced than us, and*

if only we had a secret weapon we could defeat the aliens. Wrong. Either the aliens don't bother with us because we're simply too primitive, or if they do invade it'll be more like Bambi versus Godzilla."

MAZLAN OTHMAN: *"First I have to categorically deny that I was appointed or will be appointed the ambassador for aliens, the ambassador for the United Nations for aliens.*

No, the committee is not discussing this very... this subject matter but yes I was in the UK to attend a meeting which I can quote to you called 'Towards a Scientific and Societal Agenda on Extraterrestrial Life 'which is why this whole thing came about, because the British press caught hold of the fact that I was going to be at this meeting, and I was on a panel that was discussing... they call it the Great Panel Debate. I like that name, it's extraterrestrial life and arising political issues for the UN Agenda'"

PAUL KRUGMAN: *"It's very hard to get inflation in a depressed economy but if you had a program of government spending plus an expansionary policy by the Fed you could get that. So if you think about using all of these things together you could accomplish a great deal.*

If we discovered that, you know, space aliens were planning

to attack and we needed a massive build-up to counter this space alien threat and really that inflation and budget deficits took secondary place to that, this lump would be over in 18 months, and then if we discovered “Woops we’ve made a mistake there actually aren’t any..”

PROF. KENNETH ROGOF: We need Orson Welles is what you’re saying...

PAUL KRUGMAN: No there was a Twilight Zone episode like this in which, er, scientists fake an alien threat in order to achieve world peace, well this time we don’t need it we need it in order to get some fiscal stimulus.”

RONALD REAGAN: “Perhaps we need some outside universal threat, to make us recognize this common bond . I occasionally think how quickly our differences worldwide would vanish if we were facing an alien threat from outside this world.”

“And should we win, the day the 4th of July will no longer be known as an American holiday but as the day when the world declared with one voice ” We will not go quietly into the night, we will not vanish without a fight, we’re going to live on we’re going to survive. Today we celebrate our independence day.””

JIMMY KIMMEL: “If you saw there were aliens there would you tell us?

BILL CLINTON: Yeah.

JIMMY KIMMEL: You would?

BILL CLINTON: I think, look. What do we know? We know now we live in an ever-expanding universe. We know there are billions of stars and planets literally out there. And the universe is getting bigger. We know from our fancy telescopes that just in the last two years more than twenty planets have been identified outside our solar system that seem to be far enough away from the sun and dense enough that they might be able to support some form of life so it makes it increasingly less likely we are alone.

JIMMY KIMMEL: Oh, you're trying to give me a hint there are aliens.

BILL CLINTON: No, I'm trying to tell you I don't know but if we were visited someday, I wouldn't be surprised. I just hope that it's not like Independence Day. That it, you know.. a conflict. Maybe that's the only way to unite this increasingly divided world of ours. If they're out there we'd better think of how all the differences among people on earth would seem small if we felt threatened by a space invader that the whole theory of Independence Day – everybody gets together and makes nice and you know...

KIMMEL: You and Bill O'Reilly would be hiding in a bunker together..."

(Source: [Bill Clinton Talks About The Coming FAKE Alien Invasion – April 1st 2014](#) | Time Reference: 28:54)

What an interesting milieu of characters we have floating around there. We have the Vatican and the U.N. and Nobel prize-winning economist/Keynesian wing-nut Paul Krugman and multiple presidents of the United States and all of these people, all talking about the same thing: 'Wouldn't it be great if we had this idea of an alien threat that would unite us all behind ..fill in the blank...World Government or world financial system or baptizing the aliens wouldn't that be wonderful!" and it's interesting to look at this, I mean I

didn't fall off the turnip truck yesterday, I understand and can smell a public preparation for some sort of staged event when I see one, and well if it looks and smells and quacks like a false-flag operation – it probably is one. And again being supported by some of the most prominent and powerful and well-connected political and financial elites, clearly there is something very very stinky here, and in order to really understand this stink, again we know why this would potentially be a valuable thing for the power elites to consolidate their power in a world government or what have you, but the question is could they do it, and if so how could they do it? These are important questions that we need to address if we want to really broach the subject and, I guess if we're going to address it we have two different routes we can take. We can go down the unverifiable, unsourceable, unfalsifiable, undocumented route, or we can go down the sourced, verified, falsifiable documented route, and me being me I'm going to go down the sourced, falsifiable, documented route. But if you want to go down that unsourced, unknowable, unverifiable route you can go, for example, with something called Project Blue Beam.

Now this is something that I'm sure most of the listeners out there have heard of at some point, at least in a vague sense, as some sort of plan that was uncovered there must be documents backing this up ,and about staging an alien invasion with holograms in order to create a world government, something along those lines.

Well, if you really want to open Pandora's box of Project Blue Beam it's much more specific than that and well, somewhat more outlandish and much less documented than you might expect.

This really all dates back and sources back to one particular French Canadian journalist [Serge Monast who was talking in the mid 1990's about this Project blue beam](#), this NASA project that he had uncovered and was unveiling to the public, that had a multiple-stage process for creating a: world religion;

world government; world tyranny, and this involved the induction of earthquakes in order to expose archaeological finds – manipulated, planted archaeological finds – that would change our view of human history and a staged extraterrestrial invasion, and the appearance of a new Messiah to be the head of this world religion, and the imposition of UN World Government etcetera , so this is a detailed plan that was talked about, but again there is literally no documents behind this, there is no NASA secret paper that was ever exposed about this. It really all sources back to this Serge Monast and a couple of [interviews that are available online](#). There's a transcript of a speech. There's a translation of what I guess is some sort of summary of a book that apparently he wrote on this subject. He did write a book, apparently in French, on this subject but it's never been reprinted and it's basically unobtainable so there's a couple of different translations of something that may have sourced from this book more or less, but that's basically it. I mean there's just a few scraps, and from those scraps there's been a lot of talk, and a lot of people have run with this idea but I think not a lot of people know where it actually sources from so I will put some links in the shownotes so you can actually follow them and read about them and come to your own conclusion: 'Is this worth following?', and 'Why should we believe this particular piece of information?'. Call me a doubting Thomas. I'll believe it when I see...something, anything documentable and verifiable in terms of this plan.

Now if we want to go down the other route and look at actual verifiable sourced and knowable technologies that we know exist, let alone those technologies that we don't know exist that are being worked on in the skunkworks of DARPA, down in the bowels of the Pentagon, and for more on DARPA I'll direct you to a [previous Corbett Report radio episode](#) where we talked about DARPA and its various projects, but for some of the technology that we do know about we can source that in a number of different ways, from a number of different seemingly

disparate threads, but definitely technologies that we now know exist. One place to start – we can get the clue from the book by previous Corbett Report guest [James Perlof: 'Truth is Lonely Warrior'](#) where he talks about a airforce military publication that is or was available on the Air Force website. You can still access it through there on [the Wayback Machine](#), and again the link will be in the show notes, and this is about an airborne holographic projector which this, again this af.mil website notes is:

“...a three-dimensional visual image in the desired location, removed from the display generator. The projector can be used for psychological operations and strategic perception management. It is also useful for optical deception and cloaking, providing a momentary distraction when engaging an unsophisticated adversary.”

(Source: [Airborne Holographic Projector](#) | Time Reference: 35:33)

You can see the unsophisticated visualization that is accompanying this on the website itself, but yes very crudely, it's a plane projecting an image of another plane elsewhere in the sky. Now that, of course is a very crude implementation of this type of holographic technology that, at the very least, would be required for making the world believe we were under some sort of alien invasion threat or what-have-you, but that, again, is twenty years old now and sources from an airforce military website. I'm thinking that the actual technology would be somewhat more advanced, but again we don't have to speculate about that we can take a look at the very real developments in technology including such incredible things as beaming sound directly into people's ears, touchable holograms, and being able to manipulate people's perceptions and incite fear and panic through brain wave technology.

PRESENTER: *“The ultimate weapon in the infowar would be so*

secret, so invisible, so undetectable you would never know your mind was under attack. At Laurentian University in Ontario, Canada a young student is about to undergo one of the strangest experiences of her life. They're hooking Denise's brain up to an electroencephalograph or EEG machine. For 30-40 minutes this will monitor her brain waves, while these electric coils attached on either side of her head will immerse her brain in an electromagnetic field. Her brain actually completes the circuit between the two coils. The field pulsing through her brain is less powerful than one given off by a digital clock radio, but acutely controlled and focused on specific parts of the brain, it will open Denise's mind to outside suggestion by this man. Dr. Michael Persinger is a professor of psychology and neuroscience. He is designing ways to put the power of mind-control to good use. Dr. Persinger's research focuses on brain trauma, and he uses carefully controlled doses of electromagnetic radiation to induce relaxation and alleviate pain.

DR. PERSINGER: So what Sandra did was to initiate a opiate releasing pattern that's a burst-firing field that is stimulated once every 4 seconds and that produces relaxation and a very pleasant sensation. Similarly using the appropriate field we can induce fear and apprehension but clearly that would be unethical in that setting."

PRESENTER: Dr. Persinger's tests suggest that carefully programmed electromagnetic frequencies can tap into individual brains and influence people's emotions.

DR. PERSINGER: The cognitive processes of the human brain are really quite simple and if you understand how they work you can make entire populations think and decide in the manner of which you wish."

PRESENTER: Many experts are skeptical of such an Orwellian scenario but Persinger thinks the implications are chillingly real.

DR. PERSINGER: Suppose you generate a field that produces fear, fundamental fear, in large numbers of people and then over the television or in traditional ways you say “The reason we’re having this fear is because of this particular group.” so now you start to move the population, believing in a direction that you wish.”

PRESENTER: To influence 250 million people, the equivalent of the entire population of the United States, may not be that difficult. According to Dr. Persinger we already have the technology, satellites and television and radio transmitters. Mind control may already be happening. We know the mysterious psyops plane can beam persuasive sounds and pictures into people’s television sets. Will it someday beam disturbing frequencies directly into the mind.”

(Source: [UltraScience '97 Electronic Mind Control](#) | Time Reference: 36:54)

DR. JOSEPH POMPEI: “First your voice is transformed into high-frequency ultrasound, a sound so high that no-one can hear it. Sound is highly directional, so like a torch it can be pointed at someone standing a long way away. Although they can not hear the ultrasound it causes secondary vibrations in the air around them and it’s that sound the person hears. So, if you imagine you’re in a room and I shine a flashlight at you it’s very bright for you but it’s very dark for everybody else. In much the same way the audio spotlight creates a very narrow beam of sound that can shine at a listener. They hear it very clearly and it doesn’t create noise that might bother other people in the same space.”

(Source: [Voice to Skull Time](#) | Time Reference: 40:12)

PRESENTER: “Researchers at Tokyo University have come up with the technology that is a first and significant step away from the mouse and keyboard, touchable holograms.

HIROYUKI SHINODA (translated): Up until now holography has

been for the eyes only. If you tried it touch it, your hand would go right through, but now we have the technology that also adds the sensation of touch to holograms."

(Source: [Japanese Scientists Create Touchable Holograms](#) | Time Reference: 40:51)

Now look I'm not necessarily saying that there's going to be a staged alien invasion tomorrow and that we should all be concentrating on this, nor am I saying that there is no such thing as alien life in the universe. I would be shocked, flabbergasted if there was not, and whether or not it's visiting Earth well, what do I know? How do I know? I mean I haven't seen it myself but does that mean it doesn't exist? Well of course not. Again I'll let you guys, you're grown up boys and girls out there I'm sure, I'm sure you can decide for yourself on things like that but we should know that there is a coordinated plan or an agenda in place, to capitalize on such things as fake alien invasions that is being funded and promoted by the financial power elite, at the top of the pyramid, and is being promoted and pushed out into the cultural sphere by the politicians and economists and the Vatican and the UN, and then underneath them the culture-creators in the entertainment industry, to prepare the public for such a possibility and we should be on guard against such manipulations.

And again these technologies that are now coming together, again the ones that we know about, let alone the ones that her secretly in development that we don't have access to, are clearly along the path towards making such an event possible ,and again you can look at something like the Norway spiral and believe the official response that this was a Russian ICBM test that went awry and if you believe that I have a bridge on the moon to sell you, but again all of these are just different pieces of the puzzle and I think they add up towards something very interesting and something that is potentially

coming sometime in the future, but even if this particular instantiation this fake alien invasion or what-have-you doesn't come together, still the concept of psychological manipulation through manipulated events in manipulated reality is an important one, and obviously one that we have to continue to keep in mind and now that the technology for making these events possible is more and more a documentable reality I think, again we should have our mental guards up for such eventualities.

So that's, I think, where we're going to leave things today.

Once again this is an open-source investigation and I invite and encourage and applaud the input of all of you out there so if you are a Corbett Report member please do leave your comments on the website with any relevant links or information. Any comments, questions, complaints, criticisms, concerns or otherwise all invited as usual there at corbettreport.com.

Once again I'm your host James Corbett of corbettreport.com thanking you for joining me for this edition of the Corbett Report podcast and inviting you to join me again next week.

Project Blueballs – Fulford, Wilcock and the False Hope

Energy Heist

[Project Blueballs – Fulford, Wilcock and the False Hope Energy Heist](#)

by [Zen Gardner](#)

April 21, 2012

They're all doing it.

From religious spewing to the political realm to phony financial prognostications and alternative community advantage-takers, inadvertently or not, it's an easy sell that goes down smooth.

False Hope Sells

[Obama's wrecking crew](#) is the perfect example as they finish what the last several Presidents started.

Their bullshit "Hope and Change" campaign was disgusting in its pandering to a teed-up America whose anti-war-and-everything angst was deftly fanned into a bonfire by the complicit media.

Hence the emotional fawning over Obummer that was enough to make anyone half awake puke.

I'm more concerned about the alternative research community. I think it's time to caution the sincere against these false hope snake oil salesmen that are bleeding the energy out of the goodhearted "wanting to believe something good" folks.

And that includes the '[Fulford](#) / [Wilcock](#)' preacher types and their cultish half-baked unsubstantiated claims of deliverance into a "new mafia" of all things.

No thanks.

Fulford-Wilcock Leads to Nowhere

There's not a lot that needs to be said about [the Fulford-Wilcock affair](#).

It may mean well but it's spun around a very strange dynamic of secretive information and supposed interpretation. What I resent is being tooled along with it all, as if it's real information and something to pin my hopes on.

And many sincere folks are falling for it because it brings hope. It's much like new age or religious info where you are strung along on supposed "facts" from doctrinal or channeled information and etherial suppositions.

Sorry, I've been tooled before. No longer.

This just smells completely wrong. [The "dragon family"](#) will supposedly replace [the Bavarian Illuminati](#) and all will be well? Hello? Anybody home? Millions of ninjas and Asian mafiosos will scour the existing power structure and bring harmony to the good of all?

Are we in a comic book?

Don't need this kind of disinfo, however "well meaning". Get your facts straight first, then report to us. We're busy here trying to survive and help others transcend in a very real matrix-ruled world and working our way around and beyond it. Don't screw with us.

Don't you get that?

Another Example – The Ron Paul Bus to Nowhere

Sorry, and I don't mean to make a blanket assessment on this issue, but it will seem that way. I like activism, I like to encourage participation, and I love to see people expressing their passion for freedom and a better world.

As long as it's going somewhere – most of all towards a fully

conscious awakening to the big picture which I believe is the litmus test.

But U.S. Presidential politics is a complete scam.

Like they say,

“Don’t vote, it only encourages them.”

It’s sickening-mostly that there are so many that don’t see it. Plain and simple.

More than that, to grasp that this crossroads of understanding is a place of decision that has everything to do with your spiritual outlook and overall perspective, that’s profound.

But few will get that.

The Big Issue – The Energy Vampires

Where is all this energy going? These are perfect examples.

We all know Ron Paul would never get in. They’d assassinate him if they had to, but it won’t get near that. It is a good background with which to contrast the shallow insanity of the mainstream press and all, and might be leading to further wake ups.

To have any hope that this current system is reformable is ultimately a distraction and energy zapper. It may be building community with common thinkers which can be real good, especially to help each other prepare for the coming chaos that’s unfortunately right around the corner.

But to give so much attention and energy to something we know isn’t going to come to fruition should be giving people pause to think.

Can we afford to really stop and think? I just hope they translate over to conscious awareness of the big picture.

Religion Preys on False Hope

We all wish something would work in our favor in the horrific situation we appear to be in. But we can't pin any energy on false hopes.

This is exactly [how religion operates](#). Anyone who has had a conscious awakening and come through some of these paradigms can smell these things when they come around.

And it's a lot healthier to be skeptical than a dumb sheep "believer" in something you have zip evidence is true. Only hope. And that's where it takes root in your heart. Be careful.

It's the same as "belief". Know, or don't know. It really is that simple. But the matrix programming will fight that. Learn this precept. Have a good heart, be intuitive, but don't be misled.

They are completely different frequencies.

When Hope is Right

Yes, there's hope. In fact in reality everything is just fine right now. Death isn't going to change a damn thing. We are eternal beings on a journey here and our main purpose is to discover who we already are.

The most wonderful thing there is in the Universe!

But we're not here to invent a new belief system that feels comfortable and "seems" to explain things around us... oh, and by the way, will save you at the eleventh hour when things turn nasty... and bring you new adherents, and to pad your ego and account balance. Sorry, bastards.

Damn that.

I do believe we're in a time of serious change, including esoteric influences that can be used in our favor, but I'm

very skeptical of sweeping promises that are not consciousness based. I know from personal experience that conscious awareness, our oneness, our inter-connectivity and being a part of the Source... call it God or whatever... is our essence.

I feel I know very little about it but I know it. Period. I'm just sharing my heart on all this. Hope it helps.

Be awake. Keep questioning.

Don't believe... just know what you know!

[Zen Gardner](#) is an impactful and controversial author and speaker with a piercing philosophical viewpoint.

His writings have been circulated to millions and his personal story has caused no small stir amongst the entrenched alternative pundits. His book *You Are the Awakening* has met rave reviews and is available on amazon.com. *You Are the Awakening* examines the dynamics of the awakening to a more conscious awareness of who we are and why we are here – dynamics which are much different from the programmed approach of this world we were born into.
