Lyrics:

I will not comply

*Quit tryin ta take me to task cuz I don’t wanna wear a mask
or take a vaccine that could maybe make me die*

They got no scientific evidence to back that crap up

All they do is feed us lie after lie

That’s why I will not comply

*Since back last March I’ve had an achy-breaky heart like
old Billy Ray Cyrus*

Been catching a case of the blues from the news around this damn coronavirus

Now they're telling us we gotta keep our chin diapers up even if we got the shot in the arm

But nobody's talkin bout exercise or eating food that's fresh grown from the farm

That's why I will not comply

Quit trying ta take me to task cuz I don't wanna wear a mask or take a vaccine that could maybe make me die

They got no scientific evidence to back that crap up

All they do is feed us lie after lie

That's why I will not comply

The only way to stop the violence is for us to break the silence right now

So if you tend to agree and you're pissed off like me

Stand your ass up and scream it out loud

Sing I will not comply

Quit tryin ta take me to task cuz I don't wanna wear a mask or take a vaccine that could maybe make me die

They got no scientific evidence to back that crap up

All they do is feed us lie after lie

That's why I will not comply

I'm here to tell ya people

I will not comply!!!

Mornin folks! If you haven't seen it yet... This is the

*acousticvideo that got the ball rolling! Go follow my buddy Chase Jobe... What a guy!☐☐ [#BlindJoe](#) [#IWillNotComply](#)
