[David Icke: “Common Law Is the Real Law of the Land” | Understand & Disconnect Yourself From the Deceit of Statute Law](#)

Excerpts:

“It is a deceit imposed upon the human race, generation after generation, on a scale that beggers belief and defies the imagination.”

“Common law is the real law of the land. Not the laws coming out of government, government agencies, and the institutions of state in general. Not the laws administered by the police forces and other forms of law enforcement.”

“There are two different systems of law. One they don’t want you to know about and the other one, they want you to believe it’s something that actually it isn’t.”

“This appreciation of the difference between common law and what is called statute law...offers a way to disconnect yourself, and it seems your business, from the impositions of law imposed currently in all the covid nonsense by governments and its agencies.”

“Common law is lawful. Statute law is legal. These are different terms having different meanings.”
