

Dr. Andrew Kaufman: On the Ongoing Debate About Viruses – Germ Theory vs Terrain Theory

[Dr. Andrew Kaufman: On the Ongoing Debate About Viruses – Germ Theory vs Terrain Theory](#)

by [Paul Wittenberger](#), *Framing the World*

August 24, 2022

‘Liberty Man’ Paul Wittenberger in conversation with Andrew Kaufman M.D:

Andrew Kaufman talks about his own path of questioning and discovery about how viruses are claimed to be identified. He goes over the key issues involved in the ongoing debate between those asserting official germ theory and those who are sharing the perspective of terrain theory.

They break down the scamdemic and share thoughts about their research into nanotech in the biomedical field.
