

# Strange History & Peculiar Happenings around Atlantis

Source: [Dark Journalist](#)

## *Antarctica Synchronicity with Deep Events*

In this fascinating Part 1 episode, Dark Journalist Daniel Liszt welcomes back Oxford Scholar [Dr. Joseph Farrell](#) to analyze the strange history and peculiar recent happenings around the mysterious icy wilderness of Antarctica. The last year has seen many high level figures visiting there as Farrell has written about extensively. From Former Secretary of State John Kerry to Apollo Astronaut Buzz Aldrin, the list of luminaries who are suddenly appearing at this remote location has grown quite unusual and eclectic raising major questions.

**BOMBSHELL Admiral Byrd JFK Connection Revealed Here for the First Time!**

A major connection between Admiral Byrd and the JFK Assassination will be revealed here for the first time as Dark Journalist and Joseph Farrell reveal that D.H. Byrd, the Texas Oilman that was friends with LBJ and owned The Texas School Book Depository where the designated culprit Lee Harvey Oswald was framed for the shooting President Kennedy, was actually Admiral Byrd's cousin! In fact Admiral Byrd had one of the mountains of Antarctica named after him! This strange artifact of Deep State intrigue opens more doors to a huge underworld of military, intelligence, and oil interests that have conspired to control history.

**Nazi Obsessions with the Mystical Aryan Fatherland**

Farrell details how the Nazis actually enlisted Admiral Byrd previous to World War II to help guide them with details of what they could expect once their expeditions had reached

Antarctica. The Nazi mythology entrusted a great deal of mystical interest in an Atlantis-like Fatherland that they believed lay somewhere in the Icy South Pole.

Flying Discs in Antarctica?

Byrd's strange comments to a Chilean journalist after his strangely brief Antarctica expedition in 1947 about the US needing to prepare to fight an enemy that could fly easily from pole to pole with 'tremendous speed' have led to dramatic conjecture about what he saw that led him to come back so soon and be rattled so deeply. Byrd never again discussed his powerful sightings in public.
