The video below is clipped from the 59th session of the [Corona Investigative Committee](#) which was live-streamed to YouTube on July 2, 2021. The entire recording of this session has since been removed by YouTube censors.

The primary participants in this wide-ranging conversation are Dr. Reiner Fuellmich and Whitney Webb. Additional questions and comments are offered by Attorney Viviane Fischer and Dr. Wolfgang Wodarg.

Groups, corporations, governments and individuals mentioned in this detailed exposé include Google, Microsoft, AstraZeneca, Deutsche Bank, Bravo Capital, Sequoia Capital, Wellcome Trust, Jenner Institute, GlaxoSmithKline, US military, CIA, DARPA, the Pentagon, UK government, UNESCO, Bill Gates, Bill & Melinda Gates Foundation, Jeffrey Epstein, Regina Dugan, Vaccitech, Galton institute, George Church, Israeli intelligence, Robert & Isabel Maxwell, Melanie Walker, Klaus Schwab, World Economic Forum, Davos Agenda, Amazon, Wellcome Leap... and the list goes on.

Reiner Fuellmich:

"If I take a look at the names that you're mentioning, I mean many of these people are obviously stark raving mad."

Whitney Webb:

"Yes, a lot of people in these elite circles are totally crazy. But that's because, of course, that they have completely isolated themselves from any sort of interaction with regular people or the general public, and basically live in these in these bubbles where they have these obsessions like achieving immortality through transhumanism and all these different technologies they're developing."

...

"This is how the elite view us now – hackable animals."

...

"In my opinion the elite definitely thought that, specifically by now, they would have artificial intelligence much more advanced than it has been. They're very desperate to trigger what they refer to as 'the singularity'. It's very possible that they'll never be able to do that because essentially the singularity is making a conscious machine. And these are the most unconscious people in the world trying to replicate consciousness."
