*“Knowledge coming to light changes things.”*  
~ Eric Coppelino

Recently, I have been fortunate to have connected with the inspiring Eric Coppelino, who is based in New York State.

Eric has an incredible history of exposing scientific fraud and environmental pollution cover-ups. He was one of the first to start investigating the COVID-19 scam and is putting something big together to help all of us who are questioning the narrative.

We talk about:

- the problems with the PCR

- how Eric realised there was no SARS-CoV-2 “virus”
- nuclear waste contamination cover-ups
- how to be a citizen scientist
- [COVID-19 Chronology](#) and much more...
