White House Petition Charges Fauci With Mass Murder

[Dr. Vladimir Zelenko leads a White House petition asking Dr. Fauci and 3 others be charged and brought to justice for "Crimes Against Humanity / Mass Murder"](#)

In March 2020, Fauci, Redfield, Birx, Bright were insubordinate to POTUS and blocked HCQ / Zelenko Protocol access to the American people in the pre-hospital setting. As a result, over 160k people were hospitalized and died unnecessarily. Lets make life saving treatment available and end the pandemic. Let's bring these criminals to justice.

"Dr. Zelenko is a Hasidic Jewish doctor and a board-certified family practitioner in New York. We first [wrote](#) about him in March after he reportedly treated coronavirus patients with a 99% success rate using hydroxychloroquine and zinc. Back in July, Dr. Zelenko reported that he had treated [over 1,500 coronavirus patients using a cocktail of the three-drug regimen](#).

Dr. Zelenko is one of the several doctors who said the deaths of thousands of Americans could have been prevented if they had been treated with hydroxychloroquine. In August, another doctor, renowned epidemiologist and Yale professor Dr. Harvey Risch [accused Dr. Fauci and the FDA of causing the 'deaths of](#)

hundreds of thousands of Americans' that could have been saved by hydroxychloroquine. Dr. Zelenko has since taken his fight for justice to social media. In the early days of coronavirus, he created a Twitter account and also launched a website to promote what he called the 'Zelenko Protocol' for the treatment of coronavirus patients.

Yesterday, Dr. Zelenko led a White House petition to investigate Drs. Fauci, Redfield, Birx, and Bright for 'Crimes Against Humanity and Mass Murder' and also calling on the White House to make the life-saving treatment available to end the pandemic....

Dr. Anthony Fauci is not the first public figure to be called to be investigated for 'Crimes Against Humanity and Mass Murder.' Back in July, over 600,000 people signed a petition to investigate Bill Gates Foundation for 'crimes against humanity and medical malpractice' “

Covid-19 Prehospital Protocol:

Prophylaxis Protocol

[Dr. Vladimir Zelenko](#) nominated for Nobel Peace Prize says:

“[Dr. Vladimir Zelenko](#) has been included in a group of doctors nominated for the Nobel Peace Prize for their role in addressing the coronavirus pandemic. The list of this year’s

nominees includes 43 candidates.

[Dr. Zelenko](#) achieved worldwide prominence for treating COVID-19 patients with hydroxychloroquine and zinc, finding that mortality [dropped 8-fold](#) with use of those two substances. He says treatment with hydroxychloroquine and zinc within the first 5 days reduces death rates by 85%.

“Basically, the main element of this treatment approach is zinc,” he said in an [interview](#). “Zinc inhibits a very important enzyme called RNA dependent RNA polymerase or replicase. It basically stops the virus from replicating or copying its genetic material, essentially reducing the amount of virus. However, zinc doesn’t get into the cell of the viruses, they need a way to get the zinc into the cell, and that’s the role of hydroxychloroquine in the outpatient setting. Hydroxychloroquine has four other, fourfold mechanisms of action, but those are relevant in the later stages of the disease.

“... And 3rd component of this was the antibiotic I was using azithromycin, based on the work of Dr. Raoul, and it turns out that azithromycin has both antiviral properties and antibacterial properties, and seem to prevent pulmonary complications.

“But it turns out, very simple: If you wait more than five, six days, that’s when all the lung damage and the blood clots happen. So it’s very important to intervene as soon as possible, as soon as you see the patient and you have clinical suspicion. And it’s very easy to make the diagnosis.”

Political Opposition To HCQ Life-Saving COVID Treatment

As his treatment protocol was [portrayed](#) by mainstream media as an unsuccessful, dangerous drug regimen, [Dr. Zelenko](#) had been saving his patients’ lives with his “Zelenko Protocol” since March 2020.

“I can give you reasons why there’s resistance, it’s very simple. It’s called politics, profit, arrogance, and fear,” he said. Dr. Zelenko did not stop there, however, but flatly called hydroxychloroquine/zinc efficacy deniers “[guilty of mass murder](#)”. He led a White House [petition](#) asking that Dr. Anthony Fauci and three others be charged and brought to justice for “crimes against humanity/mass murder”.

On April 7th, 2020, Dr. Zelenko wrote a [detailed letter](#) to [President Donald Trump](#), saying:

1. Based on my front-line experience, it is essential to start treatment against Covid-19 immediately upon clinical diagnosis of the infection and not to wait for confirmatory testing. There is a very narrow window of opportunity to eliminate the virus before pulmonary complications begin. Delaying treatment is the essence of the problem. My treatment regime is listed below and please know that as of today it has saved 383 patients without complications or negative side effects.
2. Based on my front-line experience, the emphasis must be on preemptive treatment for high-risk patients in the outpatient setting – primary care and urgent care settings. It makes no sense to wait until a patient is admitted to a hospital and put on a ventilator. High-risk patients are those over the age of 60, those with underlying health conditions or compromised immune systems, and anyone with symptoms and shortness of breath.

“In addition, we should consider immediate prophylactic treatment of very high-risk individuals. Very high-risk individuals are front-line health care providers, nursing home residents, police officers, etc.”

He concluded his letter to the President:

“Any bureaucratic/man-made obstacles that interfere with

doctors' ability to treat their patients with these well-known, field-tested, inexpensive and life-saving medications in my humble opinion is inexcusable and should be treated as a crime against humanity."

Dr. Zelenko Says: HCQ Deniers Are "Guilty of Mass Murder"

[In Doctors Love It, Fauci Hates It. Why?](#), Del Bigtree, host of The Highwire, discusses Fauci's strange opposition to HCQ, a proven inexpensive cure for COVID-19! The show says:

"WHY with so many frontline doctors speaking up on their success treating Covid19 with a 65-year-old FDA-approved malaria drug, many wonder what would motivate our top health officials and social media platforms to silence their voices."

[Watch: In New Interview, Dr. Zelenko Says: HCQ Deniers Are "Guilty of Mass Murder"](#)

The site says:

"As the Covid-19 treatment Hydroxychloroquine continues to be portrayed by MSM as an unsuccessful, dangerous drug, Vladimir Zelenko, MD saved his patients' lives with his 'Zelenko Protocol' since March. Del goes in depth with Zelenko about how he developed his protocol, the attack against the drug, and how his letter to the President might have changed history."

AFLDS Held HCQ Press Conference July 27, 2020

[America's Frontline Doctors](#) (AFLDS), led by Dr. Simone Gold, held a press conference on July 27. Their message was that Americans need not be afraid of COVID-19 because HCQ is had saved the lives of over 200,000 American COVID patients. Read the [transcript](#) of their press conference.

America's Frontline Doctors site said:

“American life has fallen casualty to a massive disinformation campaign. We can speculate on how this has happened, and why it has continued, but the purpose of the inaugural White Coat Summit is to empower Americans to stop living in fear. If Americans continue to let so-called experts and media personalities make their decisions, the great American experiment of a Constitutional Republic with Representative Democracy, will cease.”

Dr. Gold is the author of [*I Do Not Consent: My Fight Against Medical Cancel Culture*](#). The Amazon description says:

“The bumper-sticker directive to ‘follow the science’ was actually an evasion of responsibility. It let people off the hook for their bad decisions in a crisis.”

Fauci Knew COVID-19 Was Just a Seasonal Flu

Dr. Fauci published [*Covid-19 – Navigating the Uncharted*](#) in March 2020 in the *New England Journal of Medicine*. The article says

“...the overall clinical consequences of Covid-19 may ultimately be more akin to those of a severe seasonal influenza (which has a fatality rate of approximately 0.1)...rather than a disease similar to SARS or MERS, which have had case fatality rates of 9 to 10% and 36%, respectively”.

The recent email dump confirms Fauci knew COVID was a flu – not a “global pandemic” that justified lockdowns, masks, social distancing, tests, and “vaccines”.

COVID Shots Are Killing Large Numbers of People

[World Renowned Conventional Doc Blasts The COVID JAB-Erwocks](#) includes an interview with Dr. Peter McCullough, Vice Chief of Internal Medicine, Baylor University Medical Center. It says Dr. McCullough “might be the world’s top cardiologist, who also holds an MPH degree and is a professor of medicine. His work/background is totally stunning, and seems [impossible for one person](#). ...Even better, he’s also world famous. Meaning...he has the exceptional intelligence to analyze and dissect the COVID VAX atrocity. The measured way in which he delivers this bombshell is also remarkable.”

Dr. McCullough discusses blood clots for which the J&J product was halted and points out that blood clots caused by the mRNA vaccine are “*probably 30 times that*” – but it has not been halted. Dr. McCullough says “*...keep in mind that the NIH is a co-owner of the Moderna patent.*”

The article reports:

“One horrific injustice noted is that people are not being fully informed of the vaccine risks, nor of the volume of serious reactions. [Official propaganda says “Safe”](#). McCullough indicts every member of the criminal cartel running this scam, from NIH to the WHO to the Gates Foundation. That spectrum includes the individual most of us know as a criminal from the outset – Anthony Fauci. Not that the clotting issue takes anything away from the part about being WAY past the death point where any drug would normally be pulled.”

Dr. McCullough says if a new drug causes five deaths, it gets a “Black Box Warning”. At 50 deaths, a new drug is called off the market. The 1976 SARS vaccine program was stopped after 25 deaths. However, in the US where about 77 million people have been vaccinated with the COVID shots, there have been reported 2,260 deaths. Yet, those may be just 1-10% of the number because a [Harvard study](#) showed that just 1% of vaccine injuries are reported to [VAERS](#). Most deaths from the COVID

shots occur on day 1, 2, or 3. Some occur at the vaccination center! Yet, now the plan is [to vaccinate 12-15 year olds](#) who have less than a zero percent risk of catching the virus!

Is Fauci Getting Away With Murder or Is The Tide Turning?

[Getting Away With Murder Or Is The Tide Turning?](#) by Dr. Mark Sircus links to a video by Tucker Carlson which calls for an investigation into Fauci's COVID role.

The article says:

"The mainstream narrative of the COVID pandemic is changing. Mainstream media outlets are now permitting some severe criticisms of [Dr. Fauci](#), [Bill Gates](#), and the entire community of virologists who only know how to sell fear and vaccines.... At first, the reversal was driven by Senators who just got sick of listening to Fauci, who has been more than busy singlehandedly wrecking peoples' lives and the Constitution. It has ended up as an all-out attack on dangerous viral research [while nailing the Wuhan lab as the definitive source of COVID](#). But perhaps [leading the charge was Tucker Carlson](#) from FOX news, who has been [asking tough questions about vaccines](#) never before heard in the mainstream...."

The 55-year government lifer and windbag, Anthony Fauci, has single-handedly [made a mockery of "the science" and the U.S. Constitution](#) during the past 14 months, writes David Stockman. "America is indeed suffering from a dangerous plague—a plague of misanthropic fear-mongering from the likes of Dr. Fauci, the Scarf Lady, and the Biden's new CDC director, among countless others of the self-designated Virus Patrol." GOP Rep. Marjorie Taylor Greene introduces a [bill to slash Fauci's \\$400,000 salary to ZERO until he's replaced](#)."

Former NYTimes Science Editor Documents Fauci's COVID Role

[Evidence on the origin of Covid leads to lab in Wuhan – Former NY Times Science Editor writes extensive article in Medium](#) says:

“In the millions of articles, opinion pieces, and news stories written about Covid there is one topic that is more important than all the others. It’s more important than masks, vaccines, or lockdown measures. The origin of the virus is critical because no matter how many people die from covid, or how many businesses are wiped out, it’s critical that IF the next virus can be stopped, it must be.”

A science writer named Nicholas Wade has written the most thorough study on the origins of Covid to be released to the public. Wade has worked with Nature, Science, and the New York Times, but this article was released on [the public platform Medium](#). ... This is a long read, but it might be the most important article yet written during this pandemic.”

In [Tucker Carlson: Anthony Fauci let the coronavirus pandemic happen, why isn't there a criminal investigation?](#) Tucker says:

“We can’t recommend more strongly a new piece by [Nicholas Wade](#), who for more than 50 years has been one of the preeminent science writers in the world. For 30 years, Nicholas Wade worked for the New York Times, he edited the science section there. But this piece did not run in the New York Times, he edited the science section there. But this piece did not run in the New York Times. It ran on Medium. And the piece explains where the virus almost certainly came from. In it, Wade makes it clear that, more than any other single American, Tony Fauci is responsible for the COVID-19 pandemic. Wade lays out a nearly insurmountable amount of evidence that this virus originated at the Wuhan Institute of Virology in [Central China](#). We’ve raised this possibility from the early

days of the pandemic. But this piece all but proves it."

Follow "The Science"

Throughout 2020, the media told us to "follow the science" as presented by Dr. Anthony Fauci. In the video linked below, Del Bigtree, host of [The Highwire](#), played a clip of Fauci claiming that HE IS "The Science" and anyone who questions him is "anti-science". Bigtree's Informed Consent Action Network (ICAN) released 3,000 pages of Fauci's emails – very incriminating correspondence.
