Fauci Silent as CDC Makes Sweeping Changes to Covid Policy

Fauci Silent as CDC Makes Sweeping Changes to Covid Policy

by **Del Bigtree**, *The HighWire* August 28, 2020

With Dr. Fauci sidelined after vocal cord surgery, the U.S. Centers for Disease Control and Prevention (CDC) has made rapid, sweeping changes to relax its #COVID guidelines.

Ending 14-day travel quarantines, loosening testing requirements and admissions of mask ineffectiveness, the media is buzzing with speculations as to what prompted the changes.
