*The famous lawyer, **Dr. Reiner Fuellmich**, founder of the International Crime Investigative Committee (ICIC), formerly the German Corona Commission, was deported last Thursday, 12 October, from Mexico City to Germany, to be arrested for alleged financial irregularities at arrival in Frankfurt, on Friday, 13 October. He was immediately put in pre-trial detention.*

In Mexico, Reiner had to consult with the German embassy for passport issues and, to his shocking surprise, was immediately arrested and flown to Germany – accompanied by two guards, no personal belongings, no clothing, not even a toothbrush. His wife is not accused and was allowed to remain in Mexico.

From Frankfurt, Dr. Fuellmich will eventually be transferred next week to Göttingen, where he will be kept for an undetermined period in pre-trial detention because they unjustly suspect him of attempting to escape.

His confinement was based on a 30-page arrest warrant written already in September 2022.

He is falsely accused for financial fraud, precisely by those people who themselves have questionable criminal records and who supposedly worked with him during the 2+ years Dr. Fuellmich was running the *German Corona Commission* from Berlin.

Dr. Reiner Fuellmich will be defended by two excellent

lawyers, Dr. Dagmar Schön and Dr. Katja Woermer. They filed immediate counter-accusations against the predator-accusers.

Lawyer Dr. Dagmar Schön presented Reiner's story on Sunday evening, 16 October 2023, on *BittelTV*, where 33,000 spectators and supporters listened to his case.

Reiner is well known and highly appreciated throughout the world for his fine work, defending victims of government-induced COVID crimes, and other crimes against humanity, perpetrated by governments and government institutions around the world.

The attempt to censure and outright silence him has failed bitterly – and the very German government, which disrespects human rights, freedom of speech and is guilty of lying and distributing false information on the media, has now found no other way than arresting Reiner illegally.

They will not succeed. Justice will eventually prevail. A higher justice, way above the manmade twisted laws – justice that reigns over Mother Earth and the Universe – always rules.

This case will be followed closely and updated periodically.

Truth Comes to Light editor's note:

This following message was sent on October 16 to our substack mailing list subscribers and was posted at our telegram, minds and brighteon social accounts.

As many of you know, Reiner Fuellmich was arrested three days ago in Mexico and was flown to Germany where he is now in prison.

His friend (and now his defense attorney) Dagmar Schoen made an announcement on Bittel.tv (in German). BittelTV telegram channel: <https://t.me/s/bittelvtv>

Elsa Schieder, PhD provided an English transcript of this announcement at her [The Truth Summit substack](#). She provides additional background information, including the involvement of Viviane Fischer (of Corona Investigative Committee) in the charges made against Reiner Fuellmich. She also shares information on ways to offer support for Reiner Fuellmich.

Here is the transcript of the announcement made by Dagmar Schoen:

Reiner and his wife lost their passports and visas quite some time ago, needed to get them replaced. As they have been staying in Mexico, this led to their needing to go to the German embassy in Tijuana, Mexico. The first time they went, on Monday, they needed to come back. Dagmar was already uneasy, but everything seemed all right.

A time was arranged, for Friday, for them to pick up the documents. So the embassy knew exactly when they would be arriving.

When they went back on Friday, Reiner's wife got her documents and was allowed to go. Reiner was arrested. He had nothing with him, only the clothes he was wearing. No toothbrush, even.

A warrant for his arrest had been issued in March. A second warrant was issued in May. One was from Germany and the other from the EU. Obviously he was

not informed.

As Reiner was in Mexico, which is outside the jurisdiction of the EU, the warrants could not be enforced.

So there needed to be a way to get him onto German soil.

Reiner's needing a new passport and visa gave those who wanted him arrested the perfect opportunity.

When he entered the embassy on Friday, there were 6 men waiting to detain him, take him to the airport, escort him to Germany.

The charges, as Dagmar found out when she had the official papers opened, were 30 pages long – so this was something carefully planned and executed.

They related to allegations of Viviane Fischer, a former team member on the Corona Committee, about financial wrongdoing.

Three people signed the charges against Reiner.

Perhaps the craziest aspect of the charges is that the money Reiner allegedly took is in the bank account (or anyway, was in the bank account) of one of the 3 people.

As additional information becomes available, I will post links at [Telegram](#), [Brighteon Social](#), [Minds](#) and [Substack Notes](#), as well as include them in our New Posts newsletter.
