

Geoengineering Microwave Transmissions and Their Connection to Hurricane Florence

Every aspect of our weather is being altered and manipulated by geoengineering programs, including hurricanes / cyclones. Radio frequency / microwave transmission installations have been and are [a core component of the ongoing global climate engineering](#) operations. The 2+ minute video below tracks the [path of Hurricane Florence](#) while clearly revealing the network of radio frequency / microwave transmission facilities that were used to manipulate and steer this storm.

Like Hurricane Florence, [Hurricane Harvey \(2017\) was heavily manipulated](#), radio frequency / microwave transmissions were a core aspect of that manipulation. [Hurricane Maria \(2017\) and Jose \(2017\), the same](#). Microwave transmission facilities are [undeniably being used to manipulate climate and weather systems](#). The agendas behind the climate engineering programs are [many and multilayered](#). Climate engineering / weather warfare operations are [wreaking havoc](#) with the Earth's remaining life support systems. What will it take to wake the masses to what is occurring in the skies over their heads? Exposing and halting the climate engineering assault is the great imperative. [All of us are needed](#) to bring these programs to light and to a halt. Share [credible data](#) from a credible source, [make your voice heard](#).
