July 17, 2022

In this short advocacy documentary piece, narrator Lawrence Fox explains a disturbing trend which has crept into children's education in the West, as he exposes the worrying degree to which politicised, divisive ideologies – including gender theory, critical race theory, queer theory and “transgender toolkits” – are being taught to our children through Personal, Social, Health and Economic education (PSHE). How has this been allowed to happen, and what can parents do about it?
