*In the deepest depths of you and me
In the deepest depths of we
Lies the most beautiful jewel
Shining forth eternally*

*Within that precious jewel
Within that priceless piece of we
Lies a time beyond all time
Lies a place beyond all space*

*Within that sacred source of radiance
Lies a love beyond all love
Waiting
Waiting
Waiting
Ever so patiently*

*Waiting for you, waiting for me
Waiting patiently for all to see
The beauty that is you inside of me
The beauty that is me inside of thee*

*In the deepest depths of you and me
In the deepest depths of we
Lies the love and wisdom
Of all Eternity*
