*In the deepest depths of you and me  
In the deepest depths of we  
Lies the most beautiful jewel  
Shining forth eternally*

*Within that precious jewel  
Within that priceless piece of we  
Lies a time beyond all time  
Lies a place beyond all space*

*Within that sacred source of radiance  
Lies a love beyond all love  
Waiting  
Waiting  
Waiting  
Ever so patiently*

*Waiting for you, waiting for me  
Waiting patiently for all to see  
The beauty that is you inside of me  
The beauty that is me inside of thee*

*In the deepest depths of you and me  
In the deepest depths of we  
Lies the love and wisdom  
Of all Eternity*
