The prolific author and investigative journalist Jon Rappoport is back and had so much to talk about.

We discuss:

- A major medical crime that alternative media won't discuss
- Why Jon doesn't go to a GP
- Why people are addicted to seeing allopathic doctors
- The collusion of media, corporations and government
- How the media fakes authenticity
- The problems with the alternative media
- The way we can remedy this global crisis

and much more!
