*Kristina Borjesson of The Whistleblower Newsroom in powerful conversation with attorney Tom Renz.*

Lawyer Thomas Renz discusses why he and a group of lawyers have filed a temporary restraining order against various government agencies in an Alabama court to halt vaccinations of children. Among their reasons for filing the order: FDA Emergency Use Authorization in this case is illegal; children have virtually zero chance of getting or transmitting covid; the vaccines are experimental and children should not be experimented upon, the vaccines already have an inordinately high rate of serious adverse reactions and deaths.
