**LEGAL CHALLENGE TO COVID-19 MEASURES FILED
IN ONTARIO SUPERIOR COURT**

July 8, 2020

We are living in unprecedented times. The mass and indiscriminate containment of citizens, the restriction of access to parliament, the courts, medical and educational services, the destruction of local economies and livelihoods, and the requirement to physically distance, along with the

forced use of non-medical masking are extraordinary measures that have never before been imposed on the citizens of Canada. The impact of these aberrant measures on our physical, emotional, psychological, social and economic well-being is profoundly destructive and these actions are unsustainable, unwarranted, extreme and unconstitutional.

During times of emergency, Constitutional rights do not stop being important. They become even more important.

Vaccine Choice Canada has made numerous formal requests of the Government of Canada and various provincial governments to provide evidence that justifies the declaration of an emergency, the imposition of unscientific and unwarranted measures, and the violations of our Charter rights and freedoms, to no avail.

An over-hyped COVID-19 pandemic narrative is being utilized to create unnecessary panic and to justify the systemic violation of the rights and freedoms that form the basis of our society, including our Constitutional rights, sovereignty, privacy, rule of law, financial security, and even our very democracy.

Many recognized global health and research experts have offered their severe and valid criticism of government overreach and the draconian and unjustifiable measures taken in response to COVID-19. The warning bells are being rung about the dire consequences of these unwarranted, irresponsible, and extreme actions that are in violation of the rights and freedoms well established in Canadian and international law. All this continues to fall on the deaf ears of governments.

On Monday, July 6, 2020, Vaccine Choice Canada formally filed legal action in the Ontario Superior Court to hold multiple parties accountable for their actions with respect to COVID-19 measures. The defendants include: the Government of Canada, the Government of Ontario, the Municipality of Toronto,

various public health officers, the Canadian Broadcasting Corporation, among others. Vaccine Choice Canada has a long history and enviable reputation of advocating for and defending the rights and freedoms of Canadians when it comes to public and individual health.
