Magicking

*I grow up...and out of cycles,
Thought freewheeling .
This old head once lost in clouds
Is breaking ceiling ...*

*Mind goes in...and down,
To deeper understanding,
Tears through veil
And bursts the bubble,
Hearts expanding ...*

*Love flows here...and now
In rivers, source fulfilling,
Floods new worlds
With universal conscious willing ...*

*I know then...
And there, the power
Hands are holding,
By creating dreams
Of infinite unfolding !*
