If there is one topic that even comes close to the amount of coverage the virus gets, it is vaccines, and the big question is will they be mandatory?

Recently Jason Goodman of [Crowdsourcing The Truth](#) interviewed Alan Dershowitz and Dershowitz made some very bold controversial statements...

Dershowitz – a high-profile lawyer who has formerly represented President Trump, OJ Simpson and even Jeffery Epstein amongst other high-profile clients – stated you have no constitutional protection against being forcibly vaccinated for an infectious disease.

Lets take a closer look...
