Just confirmed!

TEACHERS FOR CHOICE is honored and proud to announce Professor Mark Crispin Miller will be speaking at our [August 25th Protest in NYC at City Hall](#).

Miller is a prominent NYU Professor who was viciously attacked for asking his students to investigate the competing bodies of literature on the efficacy of masks. Because he dared to ask his students to research and think for themselves, a title-wave of pushback came his way starting with one student but then being picked up by ad hominem attacks from Miller's colleagues at NYU.

Miller is currently suing his colleagues at NYU for slander and libel, and he is represented by legendary Harvard-trained civil rights attorney Michael Sussman. TEACHERS FOR CHOICE followers may notice that Sussman is also one of our attorneys.
