

Never Forget: Firefighters are Disposable Props

Source: [The Corbett Report](#)

September is the season for 9/11 propaganda and this year is no exception. But of all the 9/11 propaganda that we face, perhaps the most galling is the way that the real heroes of that day, the first responders, are treated as nothing more than disposable props to prop up a narrative of lies that has been used to justify 17 years of unending warfare, blood-letting and destruction. Join James for this week's edition of #PropagandaWatch as he examines one such piece from CNN.
