On January 10th of 1963, forty-five current communist goals were submitted to the Congressional record. Number thirteen was, "Do away with loyalty oaths."

Sixty years later on the very same day, Biden, Obrador, and Trudeau met in Mexico City for the Declaration of North America which states a plan to unify North America under the ideas of diversity, climate change, migration, health, and regional security. The beginnings of a North American Union, which is a step towards a one world government.

According to law, elected officials must swear an oath that they will support, defend, and bear true faith and allegiance to the Constitution of the United States against all enemies, foreign and domestic. And through the Freedom of Information Act, US attorney Todd Callender, along with his team at Project Proper Oath, found that not a single member of the existing cabinet has a valid oath of office.

US Secretary of the Treasury, Janet Yellen, has no oath of office.

US Secretary of Defense, Lloyd Austin, has no oath of office, and has also failed to register as a foreign agent, which is required due to serving on the boards and conducting

international business with Raytheon, Nucor, and Tenet Healthcare.

US Attorney General, Merrick Garland, has no oath of office.

US Secretary of State, Antony Blinken, has no oath of office.

US Secretary of Homeland Security, Alejandro Mayorkas, has no oath of office.

US Secretary of Transportation, Pete Buttigieg, has no oath of office.

US Secretary of Health and Human Services, Xavier Becerra, responsible for declaring a national emergency during COVID, has no oath of office.

Former director of the Centers for Disease Control, Rochelle Walensky, had no oath of office.

US special counsel, Jack Smith, responsible for investigating the January 6th U.S. Capitol attack, has no oath of office.

US Attorney for the District of Columbia, Matthew Graves, chief prosecutor of Jan-sixers, has no oath of office.

Vice President of the United States, Kamala Harris, has no oath of office.

Within 30 days of appointment to public office, all public officials are legally required to have a signed and notarized copy of their oath of office. And it appears as if no elected officials in the Federal government have one. They are either non-existent, incomplete, or fraudulent. The fraudulent ones are missing signatures, are not notarized, and in most of them, the words "SO HELP ME GOD" are in all caps. In the US Constitution, "So help me God" is not in all caps. And this matters. As many have been telling us for decades, including the great Jordan Maxwell.

"Today, the entire world of mankind operates under a world law which is referred to as the law of the high seas or, International Maritime Admiralty. When you were born, you came out of your mother's water. Since you came out of your mother's water, you are a maritime product. This is why, when you were born, the doc (dock) has to sign your birth (berth) certificate. It's a maritime Admiralty manifest showing that your mother brought you into the world and you are going to make money. Anything in this country, if it's a lawful legal document of any kind, your name must be, according to maritime law, be in all capital letters. Why? Because you do not own your body. You do not own yourself. All capital letters name implies that you are a maritime admiralty product. You are not a human. You're not a living entity. You're a product.

"Your living entity person, the actual you, is represented under law by upper and lower case name. So you are a corporation, whether you know it or not. But you are merely a subsidiary of a larger corporation called UNITED STATES. This is the way the law works."

~ Jordan Maxwell
