

Operation Soul Disconnection

The spirits of darkness are now among us. We have to be on guard so that we may realize what is happening when we encounter them and gain a real idea of where they are to be found. The most dangerous thing you can do in the immediate future will be to give yourself up unconsciously to the influences which are definitely present.” ~ Rudolf Steiner, [October 1917 lectures](#)

The truth about [The Transhumanist Agenda](#) has been bubbling to the surface in rashes, heart ailments, mental disorders, miscarriages, and infertility, along with increased deaths in certain groups. There are no signs of healing on the horizon because the symptoms mirror a deeper truth that touches the sanctum of human divinity, itself.

Spiritual PSYOP

The Psychological Operation, or PSYOP, appears to be spiritual, fought on two fronts, directed by two groups of authorities: 1) earthly human/androids/humanoids (top politicians, scientists, Hollywood), and 2) non-earthly, non-human, Inter-dimensionals (spirits) who direct their earthly underlings from behind the scenes.

As the Transhumanist Reset plays out against the backdrop of a [pandemic PSYOP](#), the tools wielded are both material and energetic ([mind control](#)): from media and entertainment, to controlled opposition and the rituals of social distancing, lockdowns, and [masking](#).

The people will believe what the media tells them they believe. ~ George Orwell

The PSYOP uses inverted ideology and language. Thus, pandemic injections, promoted as cure-alls, do the opposite. Ultimately, they end human procreation through infertility and 'fetal demise.' They take out the human defense system, known as the innate immune system, through the Trojan Horse of inoculations. And they leave a shell. An October 2021 [COVID vaccine efficacy study confirms the results on the immune system](#):

*Questions remain regarding a booster dose and **waning immunity**, the duration of immunity, and heterologous vaccination.*

Before most humans can wake up to see through the multidimensional layers, the damage is done. The known dangers of mRNA inoculations and the PCR test, a *delivery system*, are disclosed *after* 'deployment' (a military word). Only now do reports show actual casualty reports, published in medical journals and in obituaries. Thanks to [medical databases](#), and search engines, anyone can search [physical adverse events](#) and symptoms associated with the PSYOP products:

1. adverse heart effects ([myocarditis](#), [vestibular neuritis](#), [thrombosis](#))
2. adverse mental effects: [psychotic disorders](#)
3. changes in hearing: [Tinnitus](#) and [mind control](#)
4. [waning immunity](#) and [immune dysfunction](#)
5. endocrine dysfunction: [hypopituitarism](#), [hypothyroidism](#), [hypogonadism](#), and [adrenal insufficiency](#)
6. [increased miscarriages in pregnant women](#) from [VAERS data reports](#) and [here](#), and [fetal demise](#)
7. [increased sensitivity to 5G](#) through ionization
8. [388K excess American deaths](#), see [report](#)

Authorized Not Approved

The technology of these authorities remains [without FDA-approval](#), and with [more boosters](#) coming down the pipeline. The inoculations continue to be rated [Emergency Use Only \(EUA\)](#), or *experimental*, because authorities are still *testing* the population. The companies contracted to manufacture this technology by these authorities have not provided a complete list of ingredients but they have disclosed that the ingredients incorporate into the recipient DNA.

*A new Swedish study [published in MDPI](#) found that the **Pfizer vaccine goes into liver cells and converts to DNA**, challenging claims so far that the mRNA COVID-19 vaccines do not change or interact with your DNA in any way.*

At least two questions should arise in everyone's mind:

1. Does DNA tampering affect human consciousness? The soul? The spirit?
2. Are warnings from *prophets* meant as disclosures?

"I have told you that the spirits of darkness are going to inspire their human hosts, in whom they will be dwelling, to find a vaccine that will drive all inclination toward spirituality out of people's souls when they are still very young, and this will happen in a roundabout way through the living body. Today, bodies are vaccinated against one thing and another; in future, children will be vaccinated with a substance which it will certainly be possible to produce, and this will make them immune, so that they do not develop foolish inclinations connected with spiritual life – 'foolish' here, or course, in the eyes of materialists. . . .

". . . a way will finally be found to vaccinate bodies so that these bodies will not allow the inclination toward spiritual ideas to develop and all their lives people will believe only in the physical world they perceive with the

senses. ~ Rudolf Steiner, [October 1917 lectures](#)

Medical science has made such tremendous progress that there is hardly a healthy human left. ~ [Aldous Huxley](#)

Power is in tearing human minds to pieces and putting them together again in new shapes of your own choosing. ~ [George Orwell](#)

Elites Playing God

The victim of mind-manipulation does not know that he is a victim. To him, the walls of his prison are invisible, and he believes himself to be free. ~ Aldous Huxley

The *Elite* authorities, from politicians to [scientists](#) to [authors](#), and [billionaire engineers](#), like to ignore and deny that human beings have a soul essence because they, themselves, lack a soul. While the *Elite* did not always push their agenda, they have waited patiently, and their time has come.

In the Roman Empire, Galen of Pergamon, was a [Greek polymath: physician, surgeon and philosopher](#) who believed that the body was the physical vehicle for the indwelling soul. Considered to be one of the most accomplished of all medical researchers of his time, Galen influenced the development of various scientific disciplines, including [anatomy](#), [physiology](#), [pathology](#), [pharmacology](#), and neurology, as well as philosophy, logic, and herbalism. Galen developed the Four Humors System that Hippocrates had created by adding the ideas of *Physis* and *Pneuma*. Galen's most famous medicinal formula was [Theriac](#), an herbal tonic with 64 different ingredients that was a cure-all for many diseases, and an antidote to many poisons and viper venoms. His ideas encompassed the life force, spirit, and breath that is infused in all living beings that was slowly [written out of western medicine](#).

Yet, as times change, so does acceptance of long suppressed concepts. Slowly, the [concept of the soul](#) is bleeding through the mire of medical science. The medical journal *Psychology Today* features a 2011 article: [Biocentrism: Does the Soul Exist? Evidence Says 'Yes'](#). Author Robert Lanza writes:

The results not only defy our classical intuition but suggest that a part of the mind – the soul – is immortal and exists outside of space and time. ~ [Robert Lanza M.D](#)

What is known, despite a lack of acknowledgment by *authorities*, is that human beings are a body, a mind, a soul, and a spirit rolled into one. Human beings are the seen *and* the unseen. They are electric *and* magnetic, made up of matter *and* energy. How does magnetic resonance imagery (MRI) technology work without a human energy biofield? When looking into a mirror, humans are more than meets the eye: [Spiritual beings having a human experience](#).

While adding synthetic foreign matter to the human body produces known negative physical consequences, less is disclosed about changes of the human bioenergetic field. Will an altered human vibrate at a frequency different from the vibration of the soul essence? Does the synthetic inoculation create incoherence? Do humans remain divine, sovereign, and free?

Only the authorities know for sure. And they are not telling because they have reached their goal of attacking human energy using advanced technology through a needle. In October 2019, Microsoft promoted an initiative called [ID2020](#), a platform for an" implantable digital ID vaccine system, whose goal was "giving every human on the planet a digital ID." This ID is in the form of a DNA vaccine tattoo. Today, the technology is called [The Good Health Pass](#) to restrict travel among the masses.

Does this sound like the dystopian, futuristic [Netflix series](#),

[3%](#), labelled as a post apocalyptic thriller where only 3% are allowed to transition to a “better” life after being tested in a game of wits? However, once they get to the “better life”... spoiler alert.... they are vaccinated and told they can never have children.

Human divinity is a birthright because humans give birth. Is there anything more valuable than human divinity to those who lack it? What happens when the divinity supply line is cut off? Do humans become mere vessels for Inter-dimensionals?

Ironically, these answers have been prophesied as warnings by Rudolf Steiner, and Aldous Huxley, and George Orwell, well known elites themselves.

By now it is widely known that the mRNA [patented](#) injections do not live up to their marketed promises because they were never meant to benefit humans at all, but rather benefit another group of beings that stays hidden.

The Borg Culture

In 1961, [Aldous Huxley](#) warned of a sinister agenda, stating that “*there will be, in the next generation or so, a pharmacological method of making people love their servitude.*” He did not say there *could* be. He said there *will* be.

Were Rudolf Steiner and Aldous Huxley prophets who offered a warning to individuals of a coming soul-less world? Or were they programmers who carried out a ritual by planting a seed in the minds of men? *Predictive programming.*

In [Klaus Schwab’s Global reset](#) to Transhumanism, the message is clear. Klaus is a programmer who seeks to cut off the soul connection present in each individual (something he lacks), and replace it with a materialist hive-mind. Through rituals that work like an alchemical transformation of consciousness, the “I” of individual disappears. Why create a a society of

automatons?

Freedom is irrelevant. Self-determination is irrelevant. You must comply. ~ [The Borg](#)

Hollywood, a branch of the political system, is complicit in the PSYOP, providing disclosure through fiction. [Star Trek's The Borg](#) shed light, early on, on planned human transformation. *The Borg* are cybernetic organisms (cyborgs) linked in a hive mind called "the Collective." The Borg's purpose is to co-opt the technology and knowledge of other species through the process of "assimilation": forcibly transforming individual beings into "drones" by injecting nanoprobes into their bodies and surgically augmenting them with cybernetic components.

[The Borg, The Stepford Wives, The Sentenels-X-Men, Terminator, Ultron, The Avengers](#), are all forms of disclosure by those who seek to sever the human soul from the body. What better way to offer humanity *implied consent* than through *entertainment* on the big screen where people pay to participate in the story of their soul's demise? What more efficient way to wage a war on the mind of humanity than from the inside out?

The movie, [Ex Machina](#) disclosed that humanoid robots and Synthetics already walk among us. Are there more non-humans than we are told? Anything is possible, especially since human bodies now contain more foreign' microbes than human cells. The headlines alert us to this truth: "[Engineers create 'lifelike' material with artificial metabolism.](#)" According to [this April 2019 article](#):

Cornell engineers constructed a DNA material with capabilities of metabolism, in addition to self-assembly and organization – three key traits of life.

Natural human DNA acts like a biological antenna, a receiver,

transmitter, and retainer of information past, present, and future. Through natural evolution, DNA expands abilities in individuals, including psychic ability and telepathy. DNA is of Nature and functions under Natural law. DNA is also highly sensitive to harmful frequencies ([3G](#), [4G](#), [5G](#), [nanobots](#)). Add patented mRNA injectables to the bloodstream and DNA is now targeted by ionizing frequencies that cause humans to veer off course, from a natural organic evolution to a divergent devolution. 5G frequencies play a pivotal role as [a directed energy weapon](#).

If people are unaware of how their energy feels in their own bodies, if they do not know of their divine right to be sovereign and free, then how do they notice any changes once the soul is severed? What will divinity look like then?

If your head comes away from your neck, it's over. – [Sean Connery as Ramirez in Highlander, 1986](#)

The disconnection of human consciousness, alluded to by Rudolf Steiner, Hollywood, and others, suggest a [bifurcation or split](#) into two different consciousness streams for humans, one organic of Nature and regeneration, and one inorganic of Synthetics and degeneration.

The compression of human consciousness is happening now, like the splitting of a cell under pressure. However, in this universe, there is also *The Light* to balance The Darkness. That Light is inside each of us. We come to Earth equipped with everything we need. We only have to remember and choose it. The only way to know which direction to go is to be aware of all directions and choose one.
