"War is a racket. It always has been. It is possibly the oldest, easily the most profitable, surely the most vicious. It is the only one international in scope. It is the only one in which the profits are reckoned in dollars and the losses in lives." ~ [General Smedley Butler](#)

*I don't need your civil war
It feeds the rich while it buries the poor
Your power hungry sellin' soldiers
In a human grocery store
~ [Guns N' Roses – Civil War](#)*

Whether it is a distinguished general who came to his senses in 1935, after doing the bidding of the monied interests by initiating conflict throughout the world to fill their coffers with blood money, or a rock & roll star fifty years later writing a hit song about the exact same theme, the song remains the same. The wealthy always benefit from war, the poor always die in their wars, and politicians are bribed to continually foment conflict, hate, and railing against whoever their puppet masters choose as the enemy of the moment. This is not a recent development, it has spanned centuries, just the sums of money feeding the military industrial complex are now astronomical.

The 20th Century began with Butler doing the bidding of the monied classes in South America, Mexico, and Europe, disguised

as keeping America safe for democracy – the usual propaganda fed to the masses when they are running their racket. Just as [Edward Bernays](#) clearly laid out in his 1928 book – [Propaganda](#) – that the world is run by an invisible government who manipulate the minds of the masses to do as they are told, Butler unequivocally described why we are perpetually at war and who benefits from perpetual warfare. The invisible government/insiders run this world and have always run this world. Once you reconcile yourself to this fact, you will be well on your way to understanding all of the major events happening in the world today.

“A racket is best described, I believe, as something that is not what it seems to the majority of the people. Only a small “inside” group knows what it is about. It is conducted for the benefit of the very few, at the expense of the very many. Out of war a few people make huge fortunes. In the World War [I] a mere handful garnered the profits of the conflict. At least 21,000 new millionaires and billionaires were made in the United States during the World War.” ~ [General Smedley Butler](#)

It seems many more millionaires and billionaires have been created since [World War I](#), the war Wilson promised not to enter. What a coincidence the [Federal Reserve](#) was created in shadowy back rooms on a [secretive island](#) in 1913 by men constituting the invisible government (bankers, corporate executives, corrupt politicians), just before the outbreak of the Great War. Of course, it was only great for the bankers, arms dealers, and corporations getting rich off the blood of the 20 million innocent soldiers and civilians who died to fill up their war chests with gold. Once the politicians, bankers, and connected corporations had the ability to use a central bank to print fiat and fund their wars for eternity, we’ve had over a century of total war.

“It is no coincidence that the century of total war coincided with the century of central banking.” ~ [Ron Paul](#)

“War against a foreign country only happens when the moneyed classes think they are going to profit from it.” ~ [George Orwell](#)

The moneyed classes profit from warfare no matter who wins. But even better, they profit the most when no one wins and the war is perpetual. Perpetual war equals perpetual profits. The United States has not been invaded by a foreign enemy since the War of 1812. The [\\$1.8 trillion allocated to the Department of Defense](#) in 2023 exceeds the GDP of most countries in the world and is a self sustaining mechanism where politicians: approve the trillions in blood money while promoting chaos and war around the globe; become multi-millionaires from bribes accepted from the corporations enriched by the military industrial complex; accelerate the downfall of America by enslaving future generations in chains of unpayable debt; and then convince the poor to become cannon fodder in their bloody game of thrones.

“Every war, when it comes, or before it comes, is represented not as a war but as an act of self-defense against a homicidal maniac.” ~ [George Orwell](#)

The propagandists for the military regime always need a “bad guy” to justify their wealth generating wars. First it was Hitler, even though corporate leaders like Ford admired and profited from his rebuilding of Germany. Then it was the generic “communist” which was used by the war profiteers to justify Korea and Vietnam. Keeping the world safe for democracy and corporate profits, at the cost of only 100,000 American lives and several million natives. Evidently a beneficial trade-off for the American Empire and the military industrial complex, warned about by Eisenhower.

The modern day “homicidal maniacs”, who threatened the peace that the American Empire has spread at the point of a gun and demanding use of their fiat currency, have included: the Ayatollah Khomeini when fighting our ally Sadaam Hussein,

until Sadaam Hussein became the “homicidal maniac”; Soviet leadership in Afghanistan fought by our ally Osama bin Laden until bin Laden became the “homicidal maniac” blamed for 9/11; Muammar Gaddafi when he dared not fall in line regarding the USD; Bashar al-Assad when gas pipelines were needed to keep profits flowing; Vladimir Putin for revealing U.S. and Biden family corruption in Ukraine; and now Hamas because they tired of living in the open air Israeli prison of Gaza.

None of these “homicidal maniacs” has ever threatened the American homeland with invasion or meaningful attack. But they did provide justification for the [Patriot Act](#), a never ending [War on Terror](#), doubling of military spending, sacrifice of American lives for nothing more than oil and mammon, and creation of new eternal enemies across the globe (aka blow back). You see the regime propaganda media declare we are running low on bombs, missiles and military hardware because we’ve sent over \$100 billion worth to their anti-Putin puppet Zelensky (with 10% for the big guy), and now we need tens of billions more to give to Netanyahu to aid in his genocide of Palestinians. What if the trillions spent on destroying things and killing people over the last seventy five years had been used for productive purposes?

“Every gun that is made, every warship launched, every rocket fired, signifies in the final sense a theft from those who hunger and are not fed, those who are cold and are not clothed.” – [Dwight D. Eisenhower](#)

The arms dealers who keep the war machine killing are more than happy to ramp up production to support the ongoing Ukraine debacle and now the powder keg in the Middle East which threatens to explode into [World War III](#). Imagine the corporate bonuses if we get ourselves a new world war. Politician’s coffers will be filled with blood money. And if the neo-cons can just get China to attack Taiwan, champagne corks will be popping all over Washington DC. Since the Biden/CIA provoked Ukraine war began in early 2022, defense

contractor stocks have soared (BAE Systems: +100%; Lockheed Martin: +36%; Northrup Grumman: +32%; General Dynamics: +26%), while the overall stock market was down 8%. It's good to be the kings of war.

Our dementia ridden puppet president let the truth slip last week by saying these wars are good for the economy. And by good for the economy, he means good for the bankers, mega-corporations, military industrial complex, and the bank accounts of politicians bought off by war loving donors. What it is not good for are the bank accounts of average Americans, as relentless inflation created to wage these wars destroys their purchasing power as they spiral towards impoverishment. It's not good for the poor who enlist and get to shed their blood for no good reason at all. It's not good for the innocent civilians across the globe killed by the promoters of endless war and declared collateral damage by the likes of [Dick Cheney](#), Lindsay Graham, Victoria Nuland, Hillary Clinton and Nikke Haley. It's not murder if you are waving the flag of [neo-con](#) justice.

"It is forbidden to kill; therefore all murderers are punished unless they kill in large numbers and to the sound of trumpets." – [Voltaire](#)

The absurdity of allowing rich men to decide millions should die for a fake cause in order to sustain their wealth, power and control, infuriates me and is why I hold out little hope for a positive outcome to this [Fourth Turning](#). How could so many be so obtuse as to not see what is happening right in front of their eyes? I have no animosity towards average Russians, Ukrainians, Chinese, Iranians, Syrians, Turks, Palestinians, Israelis, or anyone on this earth trying to live normal lives. It's the rich and powerful rulers of countries, kingdoms, and empires who I despise. Despite having no personal quarrel against anyone, the shadowy psychopaths in suits behind the curtain use religion and psychological manipulation to convince the masses they should hate and kill

an enemy they are instructed to loathe and fear.

“What is absurd and monstrous about war is that men who have no personal quarrel should be trained to murder one another in cold blood.” ~ [Aldous Huxley](#)

Whether it was World War II or what is playing out before our very eyes today, the song remains the same. Rich man's war, poor man's fight.

Most have not come to the realization we are already in the midst of World War III. It began in the spring of 2022 when Boris Johnson was instructed by the globalist cabal to stop Zelensky from signing an agreed upon treaty between Russia and Ukraine to end the conflict. There was billions in war profits to be made and the opportunity to bleed Russia of financial resources. When this disastrous venture, which has killed 600,000 innocent victims, began to run out of steam and the enthusiasm of clueless dolts with their “Support Ukraine” lawn signs began to wane, miraculously Hamas attacked Israel. How convenient for the war machine.

World War II started in September 1939, but Americans set the date at December 7, 1941. In reality, the U.S. was already at war in 1939, as we supplied the UK with arms and financial support, while provoking Japan into attacking through economic sanctions. It is exactly the same situation today. We have been at war with Russia for over a year through our puppet proxy, the actor Zelensky. We are now at war in the Middle East through our Israeli proxy point of the spear. None of this is declared, but anyone with critical thinking skills knows we are calling the shots. What the military industrial complex is now actively seeking is a new [Pearl Harbor](#), [Gulf of Tonkin](#), or [9/11](#). They need a horrific event to usher in World War III. They are gathered in black masses, plotting death and destruction, while feeding their insatiable desire for mammon.

Generals gathered in their masses

*Just like witches at black masses
Evil minds that plot destruction
Sorcerer of death's construction*

*In the fields, the bodies burning
As the war machine keeps turning
Death and hatred to mankind
Poisoning their brainwashed minds
Oh lord, yeah!*

*Politicians hide themselves away
They only started the war
Why should they go out to fight?
They leave that role to the poor, yeah*

~ [Black Sabbath – War Pigs](#)

So here we are, on the edge of [Armageddon](#), waiting for the next shoe to drop. I don't believe a word my government tells me. I consider those who are running this country, whether they be "elected" politicians, shadowy billionaires constituting the invisible government, or the globalist cabal seeking a new world order, to be my sworn enemies. When they initiate the false flag, designed to falsely generate the patriotic spirit of the masses and mobilize them for war against the enemy of their choosing (likely Russia, China or Iran), I will not be obeying, complying or sacrificing my three sons as cannon fodder for their evil agendas and wars for profit. The only ammo fired by my family in this coming conflict will be at any government thug attempting to invest my sons in their wars. That is my red line and I will die defending it. Time to prepare for the real war against the real enemy.

*My hands are tied
The billions shift from side to side
And the wars go on with brainwashed pride*

My hands are tied

*For all I've seen has changed my mind
But still the wars go on as the years go by*
