

# Robert Francis Kennedy, Jr.'s Heroic Resistance to the CIA's Continuing Covid Coup D'état

[Robert Francis Kennedy, Jr.'s Heroic Resistance to the CIA's Continuing Covid Coup D'état](#)

by [Edward Curtin, Behind the Curtain](#)

December 7, 2021

## A Meditation

With his extraordinary new book, [The Real Fauci: Bill Gates, Big Pharma, and the Global War on Democracy and Public Health](#), RFK, Jr. has made it very clear that he will not allow Orwell's 1984 totalitarian boot to stamp on his face. His is

a very rare moral courage, and he is asking us to join him, before it is too late and we enter into a new dark age, in recognizing and resisting the evil forces intent on stamping out democracy around the world. He is not pulling his punches with language as he accuses the political-intelligence-media-money-medical-corporate-pharmaceutical conspirators of executing “the controlled demolition of American constitutional democracy.” For a brilliant and highly accomplished lawyer and excellent writer and speaker, the choice of those words “controlled demolition” is clearly intentional.

For anyone who doubts that the Covid-19 crisis is an intelligence-run operation controlled by spooks working with medical technocrats like [Anthony Fauci](#), billionaires such as [Bill Gates](#), the military, media, [Big Pharma](#), the [World Economic Forum](#), etc., a close reading of this book – with its 2,194 references – will disabuse one of that illusion.

The CIA has long been deeply involved with vaccines, viruses, drugs, weaponizing cancer, biological weapons, and of course massive mind-control operations – deadly propaganda in plain English – for use in controlling U.S. Americans and foreigners alike. As Kennedy writes in an ironically understated way, “The pervasive CIA involvement in the global vaccine putsch should give us pause.” Yes, a long pause. He continues:

*There is nothing in the CIA’s history, in its charter, in its composition, or in its institutional culture that betrays an interest in promoting either public health or democracy. The CIA’s historical preoccupations have been power and control. The CIA has been involved in at least seventy-two attempted and successful coup d’état between 1947 and 1989, involving about a third of the world’s governments. Many of these were functioning democracies. **The CIA does not do public health. It does not do democracy. The CIA does coups d’état.** [my emphasis]*

Just as it does Kennedy assassinations.

Character assassination of Robert F. Kennedy, Jr. is what the CIA and its media mouthpieces have been doing for years. This has become more and more necessary as they have realized the great growing danger he poses to their agenda. Calling him an anti-vaxxer, conspiracy theorist, and names far worse, is part of a concerted smear campaign to turn the public away from his message, which is multi-faceted and supported by deep research and impeccable logic. Like his father and uncle, he has become an irrepressibly eloquent opponent of the demonic forces intent on destroying the democratic dream.

With *The Real Fauci: Bill Gates, Big Pharma, and the Global War on Democracy and Public Health*, he has pinned his indictment of those forces to the world's wall for all to read.

Just as this new book will not be reviewed by the corporate mainstream media, not even negatively for fear of promoting it by doing so, so too the last book he wrote, [\*American Values: Lessons I Learned from My Family\*](#), was completely ignored by such media.

As I wrote three years ago in the only [review](#) of that book:

*When a book as fascinating, truthful, beautifully written, and politically significant as American Values: Lessons I Learned from My Family, written by a very well-known author by the name of Robert F. Kennedy, Jr. and published by a prominent publisher (HarperCollins), is boycotted by mainstream book reviewers, you know it is an important book and has touched a nerve that the corporate mainstream media wish to anesthetize by eschewal.*

*American Values* is part memoir, part family history, part astute political analysis, and part-confessional, and is in turns delightful, sad, funny, fierce, and frightening in its

implications.

What implications? It is the heart of that book that had the obedient reviewers avoiding it like the plague, a plague introduced by a little mockingbird, as in Operation Mockingbird. No member of the Kennedy family since JFK or RFK had dared to say what RFK, Jr. did in that book. He indicted the CIA in a carefully crafted and fully factual way for a vast array of crimes. He spelled out the long war between the Kennedys and the CIA that resulted in the deaths of his father, Senator Robert F. Kennedy, and his uncle President John Kennedy. He threw a gauntlet down in the midst of telling an entertaining and touching family saga, which included a critique of his own youthful transgressions.

But the nation's spooks smelled danger in the tale and they are now more acutely aware that they must censor him because his message is finding an expanding audience of people sick of government lies and very hungry for the truth. More and more people are willing to follow this brave man into the darkness of our history and the ongoing coups d'état underway at home and abroad. They smell a demonic author behind the Covid-19 propaganda.

While Dr. Anthony Fauci understandably stands at the center of this new book, and deservedly so for his evil machinations over so many decades, it is important to recognize that he is an obedient, albeit very powerful, underling in a systemic structure of evil, who has greatly materially profited from the sale of his soul. Yet while this is true, to read Kennedy's chapters on Fauci's commanding role in the HIV/Aids fraud, the AZT shakedown, illegal experiments on children that killed at least 85, etc., is enough to make your blood boil and to realize that such actions must spring from a source far deeper than the thirst for lucre. Something fiendish and sinister is at work with all this with the suffering and death it has caused, and in the ways it has foreshadowed the COVID-19 propaganda and the complicity of the mass media in

fronting for Fauci and his allies, then and now.

Kennedy exhaustively details Fauci's work as a drug dealer for Big Pharma, even while his job at NIAID is to protect and improve the people's health, which has deteriorated dramatically over his tenure. (It is important to mention parenthetically but not at all incidentally that the CIA "manages" the so-called war on drugs in a similar manner.)

Thus we have a war of drugs and a "war on drugs" working in tandem in a perfect scheme to drug as many people as possible. Here are a few details:

- Fauci has an annual \$6 billion budget, most of which goes toward the research and development of new drugs.
- He is the highest paid federal employee, more than the President, with an annual salary of \$417, 608.
- He controls 57 percent of global biomedical medical funding directly and indirectly via the NIH, Bill and Melinda Gates Foundation, and the Wellcome Trust, and therefore controls the scientists looking for research money.
- He has for decades overseen the regulatory capture of government health agencies by Big Pharma.
- The CDC, a paramilitary organization, spends \$4.9 billion of its \$12 billion budget buying and distributing vaccines, the vaccines that Fauci has been pushing. It also owns 57 vaccine patents.
- Fauci and other officials receive yearly emoluments of up to \$150,000 in royalty payments on products that they help to develop and push through the approval process.
- He has for many years promoted false pandemics to promote novel vaccines, drugs, and pharmaceutical company profits.
- Forty-five percent of the FDA's budget comes from the pharmaceutical industry through what are euphemistically called "user fees."
- Fauci has a "strange fascination with," and has invested

in “gain of function” experiments to engineer superbugs, which is part of a long CIA history of weaponizing viruses, etc.

RFK, Jr.’s detailed exposure of Fauci’s role reminds me of reading *Moby Dick* and meditating on Melville’s description of Ahab – one has to enter a different mental space to begin to comprehend such evil, and even then one is struck dumb by its extent and the media’s complicity in covering it up for so long.

When I use the word evil, I am not using that word loosely, but very precisely, for the actions of Fauci and his ilk are evil, although the human being Anthony Fauci is still capable of contrition and redemption. Anything is possible if not probable, but I am not holding my breath. Just as the actual people who shot JFK, RFK, MLK, Jr., et al. were obedient servants of the system that produced them – listen to Bob Dylan’s [Only A Pawn in Their Game](#) – Fauci is a product of a structural system of evil. This is not to excuse him but to place his actions in an historical and structural context.

Obviously he is not a poor southern unschooled white man used by the KKK as in Dylan’s song, but a sophisticated and Jesuit-educated New Yorker brought to political consciousness within a system that amply rewards obedience to the authorities. He is a graduate of the same Jesuit high school I attended, the elite Regis High School in NYC (and then the Jesuit College of the Holy Cross), and is considered by many of my classmates to be a national hero bordering on a saint. Such schooling made me well aware of how the system gobbles up its youth with promises of wealth and prestige if they yoke their intellectual acumen to allegiance to the rules of the game and become what Hannah Arendt termed “*schreibtischtäter*” – desk killers, or what the great American poet Kenneth Rexroth called hyenas with polished faces in the offices of billion dollar corporations devoted to “service.”

That such socialization is presented as being “a man for others” within the Jesuit tradition of mind-control, doubles its effectiveness as a confidence game. That is why so many decent young people succumb to this siren call. It then, however, demands the quelling of an uneasy conscience.

Jean Paul Sartre called this bad faith (*mauvaise foi*), a form of mental trickery in which one tries to “lie” to oneself – an impossibility since the liar and the one lied to are the same person – which means the deceiver must really know the truth that he is trying to conceal from the deceived. This form of split consciousness allows those who serve a rapacious system to attempt to deceive themselves and others that they are serving a just cause. Such attempts demand an actor’s skill and the quelling of one’s inner voice. But there are very many actors among us, as Nietzsche said, not genuine ones, but bad actors. Fauci, Gates, et al. are bad actors in a propaganda film, at least for those who know how propaganda is produced and bad acting exposed. Robert Kennedy is such an astute critic.

My purpose here is not to go into detail about Fauci and Gates’s connections to the U.S. intelligence and defense industries, for this is a meditation, not a review. But those connections are massive. Read the concluding chapter 12 in *The Real Fauci: Bill Gates, Big Pharma, and the Global War on Democracy and Public Health*. Check his sources, [298 for this chapter alone](#). This is not speculation or theory, but fact. Do your homework. Study. Kennedy says:

*After twenty years [since the insider anthrax attacks following September 11, 2001: see Graeme MacQueen’s, [The 2001 Anthrax Deception \(isbn.nu\)](#)] of modeling exercises, the CIA – working with medical technologists like Anthony Fauci and billionaire internet tycoons – had pulled off the ultimate coup d’état: some 250 years after America’s historic revolt against entrenched oligarchy and authoritarians rule, the American experiment with self-government was over. The*

*oligarchy was restored, and these gentlemen and their spymasters had equipped the rising technocracy with new tools of control unimaginable to King George or any other tyrant.*

Yet the fight is far from over, and those with the tools and the mechanistic, material mindsets must contend with a rising tide of opposition to their plans for a “[Great Reset](#)” and a [transhuman world](#). We may be in the final battle of this war, but the human spirit is stronger than those who wish to stamp out human freedom. Robert Kennedy, Jr. is leading the fight for the soul of the world, and it is both a political and spiritual one.

It does not take great intelligence to realize that when countries throughout the world act in a synchronized way in locking down their populations and repeat the same message on cue that such events are centrally coordinated. The entire COVID-19 propaganda campaign, culminating with its push to enforce multiple vaccines that are not vaccines and are based on [fraudulent PCR tests](#), has been long in preparation and the intelligence agencies’ fingerprints are all over its planning. War game scenarios, weaponized vaccines, the CIA, the NIH, Gates, Fauci, the NIAID, DARPA, *Wired* magazine, the financial elites and their power centers such as the World Economic Forum, etc. – they are all involved in a conspiracy to impose a rigid global tyranny over regular people [for the benefit of the world’s super-rich](#). Since Fauci’s coordinated lockdowns early in 2020, there has been a 3.8 trillion dollar shift in wealth upwards to the super-rich, [creating 500 new billionaires](#), while pulverizing the middle class, destroying small businesses, enriching Fauci and his Pharmaceutical and robber baron corporate partners, and causing vast suffering and death all around the world. None of this is accidental. Kennedy documents it all. He writes:

*Dark Winter, Atlantic Storm, and Global Mercury were only three of over a dozen Germ Games staged by military, medical,*

*and intelligence planners leading up to COVID-19. Each of these Kafkaesque exercises became uncanny predictors of a dystopian age that pandemic planners dubbed the “New Normal.” The consistent feature is an affinity among their simulator designers for militarizing medicine and introducing centralized autocratic governance.*

*Each rehearsal ends with the same grim punchline: the global pandemic is an excuse to justify the imposition of tyranny and coerced vaccination. The repetition of these exercises suggests that they serve as a kind of rehearsal or training drill for an underlying agenda to coordinate the global dismantlement of democratic governance...Virtually all of the scenario planning for pandemics employ technical assumptions and strategies familiar to anyone who has read the CIA’s notorious psychological warfare manuals for shattering indigenous societies, obliterating traditional economics and social bonds, for using imposed isolation and the demolition of traditional economies to crush resistance, to foster chaos, demoralization, dependence and fear, and for imposing centralized and autocratic governance.*

U.S. and foreign intelligence agencies have dominated the COVID-19 military project from the start. The CIA and Fauci are central to the official “conspiracy theory” – accurately called fact – including “[Operation Warp Speed](#)” under Trump. Trump simply carried on the work of his predecessors, including Obama, but acted as if he was opposed to it. It has always been a bi-partisan program because the CIA runs both parties.

When he was in prison in Germany after returning in 1939 from Union Theological Seminary in NYC to oppose Hitler, the German theologian Dietrich Bonhoeffer wrote the following from his prison cell before he was executed:

*Against stupidity we have no defense. Neither protests nor*

*force can touch it. Reasoning is of no use. Facts that contradict personal prejudices can simply be disbelieved – indeed, the fool can counter by criticizing them, and if they are undeniable, they can just be pushed aside as trivial exceptions. So the fool, as distinct from the scoundrel, is completely self-satisfied. In fact, they can easily become dangerous, as it does not take much to make them aggressive. For that reason, greater caution is called for than with a malicious one. Never again will we try to persuade the stupid person with reasons, for it is senseless and dangerous.*

By stupid he did not mean that such people lacked intellectual ability, for they were often very smart, but that they had fallen under the spell of public power and lost all independence of mind. Thus he adds, “He is under a spell, blinded, misused, and abused in his very being. Having thus become a mindless tool, the stupid person will also be capable of any evil and at the same time incapable of seeing that it is evil.”

Robert Francis Kennedy, Jr. is still trying to reach these people. His is an heroic task. No wonder Kennedy is named for St. Francis to whom he is devoted; St. Francis taught him and us that courage and sacrifice are what God asks of us all.

One of his father’s favorite quotes defines the son as well; it is from Edith Hamilton, the author of *The Greek Way*, who wrote:

*Men are not made for safe havens. The fullness of life is in the hazards of life... To the heroic, desperate odds fling a challenge.*

Robert Francis Kennedy, Jr. has stepped up to the challenge. He is brave and brilliant. We are blessed to have his witness.
