March 27, 2021

Rutgers U announces students are required to receive vaccine, as senators call “anti-vaxxers” domestic terrorists. Legislators call for banning ‘conspiracy theorists’ from government.

The push for vaccine apartheid and censorship of critical thought is accelerating, and the state is creating a sub-human class of “untermensch” who are dangerous. This is happening rapidly.

Christian from the Ice Age Farmer broadcast stresses how urgent the situation is in this bitchute exclusive.
