Excerpt from YouTube generated transcript:

"...The sheriffs only report to the voters. The people are our only supervisors. I don't report to the president, to the governor, to the mayor, to the town manager, to the Board of Supervisors, to the County Commissioners. Nobody is my supervisor except the people and that's why we're a constitutional republic. I'm worried about the coronavirus but I'm scared to death of the destruction of America that we're all witnessing right before our eyes. We're willing participants and we're going along with this. And we should not be." ~ Sheriff Richard Mack
