After the historic TEACHERS FOR CHOICE protest at City Hall on August 25th where thousands of workers, unionists, students and citizens stood against vaccine mandates and passports, we need an ever bigger showing of resistance!

Come to Foley Square, NYC, 4pm on September 13th

EVERYONE NEEDS TO BE THERE!

This is the day de Blasio's segregationist "key to the city" plan – barring unvaccinated people from businesses and public places – is to start.

Please help preserve NYC. We need you!
