VAERS COVID Vaccine Mortality Reports

Through November 5, 2021

All Deaths Reported to VAERS by Year

Protest call:

WHEN: Saturday December 11, 2021, 12 noon to 2

PM (rain or shine)

WHERE: Capetown Plaza, 790 Iyannough Rd., Hyannis across the street from the Cape Cod Mall, in front of the former K Mart.

Cape Cod Against Medical Mandates has been holding monthly demonstrations since December 2020 when gene manipulating injections were rolled out to supposedly fight the “covid 19 pandemic.” These injections are by no means voluntary, as many of us are not allowed to work, go to school, or enter public spaces without proof of having taken them. They are now being criminally mandated for children as young as 5 years old when they are known to cause more illness and death across all age groups, but especially the young, than the illness they are purported to cure.

We are opposed to government tyranny being implemented in the name of public health. We are not funded and we are not affiliated with any political party or organization. We always have a good turnout, the atmosphere is healthy and family friendly, and the response from passersby is overwhelmingly in support. Bring large letter signs with your message (no signs for political candidates please). Join us December 11.

We stand for:

– **the right to remain human.** We do not want to be genetically modified with mRNA injections, or made “transhuman.” The openly declared transhumanist agenda of the Great Reset and its plan for “a fusion of our physical, digital and biological identity” is absolutely insane.

– **the right to live.** The mRNA injections are killing people (see tables below). We obviously have the right to reject them for ourselves and our children.

– **the right to the pursuit of happiness.** Happiness will not be achievable if we have lost our health to medically induced chronic disease.

– **the right to work.** Government mandating employers to require vaccination means anyone asserting the natural right to bodily autonomy will lose their job. How is this not coercion? Governments do not have the power to say something should be injected into our bodies. Nor, obviously, do employers.

– **our right to refuse medical interventions.** No to vaccine mandates by which state and federal government forces employers, colleges, and businesses to require vaccination certificates and terminate anyone who refuses.

– **the right to breathe.** End mask requirements on public transportation, in healthcare facilities, and especially in schools. Forcing children to wear masks is child abuse. Masks have no health purpose. They are used for psychological conditioning only. They are dehumanizing.

– **the right to bodily autonomy.** No one should be forced to take a vaccine, wear a mask, be swabbed, tested, or scanned.

– **the right to informed consent.** This was established in 1947 in the Nuremberg code. No substance should be injected into anyone's body without their full understanding of all possible harmful effects. A long list of adverse effects, including death, has already been established with the C19 injections. There should be no negative consequences should we refuse this or any other medical intervention. Violators of the Nuremberg code should be prosecuted.

– **parental rights.** The state has no right to bypass parents' authority on whether their minor child should wear a mask, be tested, or be given any pharmaceutical product. In some places, governments are pushing for children as young as 12 to accept a shot without parental consent.

– **the right to education.** Education at K-12 schools, universities, and colleges should not be withheld as leverage to enforce government medical decrees. Nor should pharmaceutical products be promoted by schools or administered on school grounds as they have been.

– **the right to freedom of movement.** This right is violated when any kind of travel requires masking, testing, or proof of vaccination.

– **the right to privacy.** The 4th Amendment to the US Constitution guarantees “the right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures.” Our vaccine status and medical history is not the business of store clerks, ticketing agents, transportation companies, restaurants, bars, grocery stores, or entertainment venues.

– **the right to due process.** Open meeting laws continue to be illegally suspended in towns, counties, and states across the country “due to coronavirus” and elected officials who are uncomfortable with democracy seem to like it that way. Virtual meetings undermine due process by restricting public access and participation. Also, the numerous executive and administrative edicts bypassing the legislative process are a violation of the due process clauses of the 5th and 14th Amendments.

– **the rights of freedom of speech and press.** These rights are guaranteed by the 1st Amendment. End the blatant Soviet-style government-media censorship of people with dissenting views about the covid narrative.

– **the right to equal protection of our civil and Constitutional rights.** Refusal of service by any transport company, public venue, ticket vendor, grocery store, or other business on the basis of arbitrary “vaccine passports” is a form of discrimination which we should be protected from under

the law. Loss of this right amounts to coercion through medical tyranny and will lay the groundwork for a “social credit score” system in which all citizens no longer have equal rights.

Resources:

“The Centers for Disease Control and Prevention released [new data](#) late Monday showing a total of 913,268 adverse events following COVID vaccines were reported between Dec. 14, 2020, and Nov. 19, 2021, to the Vaccine Adverse Event Reporting System (VAERS). VAERS is the primary government-funded system for reporting adverse vaccine reactions in the U.S.

The data included a total of 19,249 reports of deaths – an increase of 396 over the previous week – and 143,395 reports of serious injuries, including deaths, during the same time period – up 4,269 compared with the previous week.”

Search Results

From the 11/19/2021 release of VAERS data:

Found 913,268 cases where Vaccine is COVID19

Government Disclaimer on use of this data

Table

↓ Event Outcome	↑ ↓ Count	Percent
Death	19,249	2.11%
Permanent Disability	30,967	3.39%
Office Visit	143,275	15.69%
Emergency Room	58	0.01%
Emergency Doctor/Room	101,315	11.09%
Hospitalized	97,292	10.65%
Hospitalized, Prolonged	269	0.03%
Recovered	274,293	30.03%
Birth Defect	671	0.07%
Life Threatening	21,582	2.36%
Not Serious	395,486	43.3%
TOTAL	↑ 1,084,457	↑ 118.74%

† Because some cases have multiple vaccinations and symptoms, a single case can account for multiple entries in this table. This is the reason why the Total Count is greater than 913268 (the number of cases found), and the Total Percentage is greater than 100.

Note: VAERS/CDC is known to under-report adverse events because the CDC is controlled by the pharmaceutical industry. Yet they are forced to admit to this many adverse events. In the past, far lower numbers were cause to remove a pharmaceutical product. Pfizer, Moderna, and Johnson & Johnson products are allowed to continue because the CDC no longer has any safety threshold.

– Here are the statistics of the VAERS counterpart in Europe:

EudraVigilance - European database of suspected adverse drug reaction reports

The European Medicines Agency publishes these data so that its stakeholders, including the general public, can access information that European regulatory authorities use to review the safety of a medicine or active substance. **Transparency** is a key guiding principle of the Agency.

COVID-19 Vaccine Adverse Drug Reactions

31,014 DEAD

2,890,600 Injuries Through Nov 20, 2021

COVID-19 MRNA VACCINE MODERNA (CX-024414)

COVID-19 MRNA VACCINE PFIZER-BIONTECH

COVID-19 VACCINE ASTRAZENECA (CHADOX1 NCOV-19)

COVID-19 VACCINE JANSSEN (AD26.COV2.S)

– “According To CDC’s Data, Covid Vaccine Is 43 Times More Effective To Take You To Haven [Heaven]”, Nov 11, 2021 [Short video](#) for “vaccine worshipers” by Tony Lin (satire).

– Steve Kirsch put together the following table of the most common adverse events (see <https://www.skirsch.io/> for his explanation of the x factor):

1	Symptoms	C19 Count	Baseline count	X factor
2	Heart rate	3,189	2	7973
3	Cardiac failure acute	95	1	475
4	N-terminal prohormone brain natriuretic peptide (indicates heart failure)	88	1	440
5	Body temperature abnormal	172	2	430
6	Acute myocardial infarction (the fancy name for heart attack)	659	8	412
7	Cardiac ablation (procedure to scar your heart to restore normal heart function)	75	1	375
8	Left ventricular hypertrophy	70	1	350
9	Arteriogram carotid abnormal	69	1	345
10	Stress echocardiogram	69	1	345
11	Internal haemorrhage	68	1	340
12	Coronary artery occlusion	132	2	330
13	Carditis (inflammation of the heart)	65	1	325
14	Peripheral artery thrombosis	62	1	310
15	Pulseless electrical activity (PEAs are a sign you're going to die)	123	2	308
16	N-terminal prohormone brain natriuretic peptide increased (heart damage)	118	2	295
17	Arteriogram coronary abnormal	59	1	295
18	Ventricular hypokinesia	93	2	233
19	Acute left ventricular failure	46	1	230
20	Myocardial ischaemia	46	1	230
21	Magnetic resonance imaging thoracic abnormal	45	1	225
22	Tri-iodothyronine	45	1	225
23	Arterial occlusive disease	44	1	220
24	Angiogram abnormal	173	4	216
25	Percutaneous coronary intervention	42	1	210
26	Troponin increased	1,845	45	205
27	Catheterisation cardiac	482	12	201
28	Electrocardiogram ST segment abnormal	80	2	200
29	Coronary artery dissection	40	1	200
30	Epinephrine	40	1	200
31	Cerebral venous thrombosis	39	1	195
