"Darkness has the ability to cover up; light has the ability to uncover! Darkness is the enemy of truth; light is the friend of truth!"

~ Mehet Murat ildan

Sometimes acceptance of obvious truth is so stark and thought to be fraught with treachery, that it is literally ignored by the many; making it more comfortable to remain hidden in madness amidst the shadows of deception and lies. While taking responsibility is the only way forward, fear of the truth often wins out, as reliance on collective ignorance gives the false illusion of safety. This behavior is always severely destructive over time, and any psychological relief always temporary, but much more often than not, it is the easy way out for the non-thinking and frightened societal herd. This natural flaw in the makeup of man is well known by the ruling class, and therefore taken advantage of in order to quell

dissent and rebellion while gaining further control.

Considering our recent and current history, this was the tactic used for the entirety of the 'covid' scam. So long as voluntary acceptance of state propaganda by the masses prevails, this strategy will continually be used going forward in order to perpetuate the advancement of the takeover of humanity in the name of the "Great Reset." That brings us to the latest threat by the purveyors of evil who have been allowed to rule without resistance. They claim, as voiced by former Trump appointed director of the CDC, Robert Redfield, that the next wave of monumental death worldwide will be due to a non-existent mystery bird flu. This approach by government to manufactured threats, has been around for a very long time, and in the past has been used to frighten the weak, but it is simply a lie.

Threats of avian bird flu, swine flu, including SARS, among many others, have been weapons of the state meant to accelerate panic where none is warranted for very many years. It is imperative to understand that these toxic concoctions are all manmade in labs using gain of function to create bio-weapons. They are not natural, or some lethal strain that just so-happened to affect birds or other animals by accident, and magically jumped to humans. Even the idea of this is ludicrous. If in fact, any such sickness or disease of these types were actually causing mass death, it would only be due to a purposeful release of a bio-weapon by the state, not any innate strain of a normal malady. Knowing this, how could entire populations continue to be so fooled by propaganda?

In 1997, the CDC said that "avian influenza A(H5N1) viruses first spread from poultry to infect humans in Hong Kong resulting in the deaths of 6 of 18 infected persons." Because of this, the evil WHO and the U.S. sought to increase pandemic preparedness, obviously knowing that this would be useful indoctrination in order to create panic due to future plans to gain power over society. All of this was aligned with the

WHO's "global framework."

In 2002, SARS was said to be the new disease to fear, and SARS-CoV was to be the "model for future pandemics." In March of 2003, the 'novel' coronavirus, SARS-CoV, was said to be isolated, a lie, and identified and sequenced by nothing other than PCR, an impossibility. There was even the spectre of a future "catastrophic pandemic," and investigations of live animal markets, as the supposed first case was found in Hong Kong, and said to be able to spread by infected persons traveling by airplane. Does this sound familiar or suspicious to any thinking individual? Is this not the same exact fraud that took place beginning in 2020, two decades later?

In March of 2006, Michael Chertoff, head of Homeland Security, an obvious expert on bird flu, was worried about a bird flu strike any day. "I can't predict, but I certainly have to say that we should be prepared for the possibility that at some point in the next few months, a wild fowl will come over the migratory pathway and will be infected with H5N1."

As far back as 1976, the H1N1 Swine Flu hoax took center stage, as the government and its controlled media propaganda campaign went into high gear in order to create a pandemic fraud so as to mass-vaccinate the U.S. population against a non-existent 'swine flu.' This conspiracy was also used as a way to get all 'vaccinations' available into every person possible. This led directly to 45 million people getting unnecessary injections. At the time, the CDC stated that 80% of the population needed to be 'vaccinated,' just as was sought in the 'covid' scam.

Again in 2009, the H1N1 fraud was revived, and another government call for mass 'vaccination' was issued. As always, the collusion between national and global 'health organizations, government and government officials, pharmaceutical companies, and corporate insiders was evident. Nothing today has changed, it has only gotten worse, and in

fact, the risk now due to the world takeover plot is much more sinister, and globally structured.

In the distant past, while control was a key factor, money from mass 'vaccination' was the primary goal. Today, money is a factor, but control of the minds and bodies of the proletariat herds is the result most desired by the ruling 'elites.' In addition, depopulation and eugenic transformation of the rest of society, all by way of controlling and lethal injection of a bio-weapon, is what is needed in order to finish the global takeover agenda.

This is a long-term plot to fool the public into believing and expecting that a future pandemic of epoch proportions is imminent. The very idea that 'natural' pandemics are inevitable has long been planned and embedded in the minds of the people. This is a multi-decade brainwashing of the common people in order to prepare them for not only mass sickness and death, but also for acceptance of a global governing body with unlimited power.

The most sought-after goal at this time is mass 'vaccination,' but this time is different in that the preferred injections are much more dangerous, much more able to physically and psychologically control large numbers of those who have taken the jab, and cause mass death beyond anything seen before. In order to accomplish such a deadly and evil agenda, the people will need to be fooled once again. They will have to believe the lies, and accept that all the impending deaths due to the weaponized 'covid' injections, are in fact due to a fraudulent and purposely crafted plot to place blame on a non-existent 'virus' that is being called an "avian bird flu."

The 'warning', or more accurately, the foretelling of mass death by the ruling class, as outlined by the ex-CDC commandant Robert Redfield, is that 800 million to 4 billion of us will die due to some mystery bird flu. When the mass deaths occur, it will not be due to any flu or 'virus,' it

will be due only to the toxic poison that has been previously injected into billions of unsuspecting, order-following slaves to the state.
