The Courage of David Icke: The Wogan Interview Nobody Mentions

“...while 15 years ago he was ridiculed for his prophecies about natural disasters around the world...now he has a controversial new view about who really is running the world...that interview at the time, it changed everything for you, didn't it?” – Wogan

“Well, it changed everything in the sense that I couldn't walk down any street in Britain without being laughed at by most of the people. Going in a pub there was uproar. A comedian only had to say my name to get a laugh. And what that does, it reveals to you the level of immaturity that passes for adulthood in this country...which gave me a real insight...about how easy it is for the few to control the many...We humans have out-sheeped the sheep because at least the sheep need a sheep dog to keep them in line. Humans keep each other in line.” – David Icke
