Woo woo regarding the crazy man and the armored truck on the Hoover Dam bypass bridge named after the former NFL star turned Army Ranger Pat Tillman, who was fragged on orders of military brass in the Pentagon who didn't want him coming home and speaking out against the 'war on terror'. The "nut in the armored vehicle" on the Pat Tillman bridge on Friday, Matthew Wright, held up a sign reading "Release the OIG report" while yelling "No more lies, no more bullshit, we the people demand full disclosure." If this isn't a predictive programming deep state psyop, I don't know what is.
