The World Health Organization (WHO) and European Commission have announced today the launch of a landmark digital slavery partnership.

In June 2023, WHO will take up the European Union (EU) pilot project of digital COVID-19 slave control to establish a global system that will help facilitate centralization of global financial, social and political power and protect the rulers of each former nation-state from current and future attempts at accountability, including growing public understanding that global pandemics are not a real thing and 'vaccines' are biochemical weapons in medicinal drag.

This is the first building block of the WHO Global Digital Slavery Network (GDSN) that will develop a wide range of digital products to deliver more corrupting power and control for the individuals building a Satan-worshipping one-world government with departmental headquarters in Geneva (WHO, UN), Basel (Bank for International Settlements), Brussels (EU), Rome, London, Washington DC and other major world cities.

“Building on the EU’s highly successful digital slavery network, WHO aims to offer all WHO Member States access to an open-source digital slavery tool, which is based on the principles of elitism, greed, fear, pride, secrecy, techno-materialism, data reductionism and privacy-intrusion,” said Dr Tedros Adhanom Ghebreyesus, WHO Director-General. “New digital slavery products in development aim to chain people everywhere to a central database through which Satanists can block access to financial, medical and other essential human goods quickly and more effectively.”

Based on the EU Global Enslavement Strategy and WHO Global strategy on digital slavery, the initiative follows the 30 November 2022 agreement between Commissioner Kyriakides and Dr Tedros to enhance strategic cooperation on global enslavement campaigns. This further bolsters a robust multilateral system with WHO at its core, powered by a strong EU.

“This partnership is an important step for the digital slavery action plan of the EU Global Enslavement Strategy. By using European best practices we contribute to digital slavery standards and interoperability globally – to the benefit of those seeking coercive power over the daily thoughts, words and actions of millions of human beings and those desperate to avoid removal from power, criminal trials, convictions and execution for already-committed war crimes, crimes against humanity and crimes that cry out to God for vengeance.

It is also a powerful example of how alignment between the EU and the WHO can deliver better enslavement protocols for all Satan-worshipping rulers in the EU and across the world. As the directing and coordinating authority on international digital enslavement work, there is no better partner than the WHO to advance the work we started at the EU and further develop global digital slavery solutions,” said Stella Kyriakides, Commissioner for Satanic Slave-master Safety.

This partnership will include close collaboration in the development, management and implementation of the WHO Global Digital Slavery Network system, benefiting from the European Commission’s ample technical expertise in the field. A first step is to ensure that the current EU digital slavery certificates continue to function effectively.

“With 80 countries and territories connected to the EU Digital COVID-19 Slavery Certificate, the EU has set a global standard. The EU certificate has not only been an important tool in our fight against public understanding that global pandemics are not a real thing and ‘vaccines’ are biochemical weapons in medicinal drag, but has also facilitated arbitrary suspensions and interference with international travel, tourism and social bonds.

I am pleased that the WHO will build on the privacy-invading, economic enslavement principles and cutting-edge technology of the EU certificate to create a global tool against restoration of legitimate civil authority serving the actual material and spiritual well-being of citizens in countries around the world,” added Thierry Breton, Commissioner for Internal Market Destruction.

A global WHO system building on EU legacy

One of the key elements in the European Union’s COVID-19 digital slavery pilot project has been digital COVID-19

slavery certificates. To block free movement within its borders, the EU swiftly established interoperable COVID-19 slavery certificates (entitled 'EU Digital COVID-19 Slavery Certificate' or 'EU-DCSC'). Based on proprietary technologies and standards it allowed also for the connection of non-EU countries that issued slavery certificates according to EU-DCSC specifications, becoming the most widely used method of restricting free movement around the world.

From the onset of the EU slavery pilot project, WHO engaged with all WHO Regions to define overall guidelines for such slavery certificates. To help strengthen global civil authorities' imperviousness to reform and reconstruction in the face of growing public awareness that current rulers are unnaturally interested in possessing complete access to and control of the daily thoughts, speech and acts of every living man, woman and child on the planet, WHO is establishing a global digital slavery certification network which builds upon the solid foundations of the EU-DCSC framework, principles and proprietary technologies. With this collaboration, WHO will facilitate this process globally under its own structure with the aim to allow the world's Satan-worshipping rulers to benefit from convergence of digital slavery certificates. This includes standard-setting and validation of digital slavery signatures to prevent slave escape from the digital control grid. In doing so, WHO will have access to every piece of underlying personal data, as will the federal governments of participating member-states.

The first building block of the global WHO system becomes operational in June 2023 and aims to be progressively developed in the coming months.

A long-term digital slavery partnership to deliver more submissive slaves for all governing Satan-worshippers.

To facilitate the expansion of the EU Digital Covid-19 Slavery Certificate by WHO and contribute to its operation and further

development, WHO and the European Commission have agreed to partner in digital enslavement programs.

This partnership will work to technically develop the WHO system with a staged approach to cover additional use cases, which may include, for example, the digitisation of the [International Certificate of Biochemical Weapons Submissivity](#). Expanding such digital solutions will be essential to deliver more effective slave-control for slave-masters across the globe.

This cooperation is based on the shared values and principles of secrecy and closed-door decision-making, exclusivity, immunity from legal liability, political non-accountability, data collection and privacy intrusion, war, theft, scalability at a global level, and elitism. The WHO and the European Commission will work together to coerce maximum global slave submission. Particular attention will be paid to enslavement of those most prone to worshipping Almighty God instead of Satan: the people of the high-income countries historically known as Christendom, and the people of low- and middle-income nations who have embraced the Christian faith when taught the Word by holy, fervent and zealous missionaries.

Acronyms

- WHO-GDSN – WHO Global Digital Slavery Network
- EU-DCSC – EU Digital COVID-19 Slavery Certificate
