The Age of Terror was inaugurated with a series of controlled demolitions in New York City on September 11, 2001. Now the world is being led into the Age of Biological Terror with a controlled demolition of the economy that is already causing unprecedented carnage across markets and around the globe. As the dust settles on this demolition, an entirely new economy is ready to be erected in its place: one in which no citizen will be out of the sight of the all-seeing government. This week on The Corbett Report we examine the details of this collapse and why the banker class is seeking to destroy the financial Ponzi scheme that they themselves created.
