

The Serpentine Stealth of the Long Range Planners

This overwhelming yet cleverly obscured phenomenon of extremely patient, devious long range planning by the changing guard of the “powers that be” is of paramount importance.

The ‘patience of the planners’ aspect eventually becomes evident to any sincere researcher, and literally haunts and even taunts with its seductive perfidy. Even putting your finger on this slippery subject is a chore, since we don’t think like they do and have a hard time even conceiving of such inter-generational, pathological conniving, the complete fulfillment of which most would knowingly not see in their lifetimes. It’s beyond us.

And that’s the key. They’re not normal. Something very powerful and sinister is driving them.

Fully developed conscious humans wouldn’t plot and scheme for generations to take over the world at any cost to its inhabitants. Most humans inherently trust and positively contribute in conscious, natural ways, endeavoring to pass on to their progeny loving wisdom and a better world. We natural born citizens believe in the decency of humanity and that natural and spiritual laws are clearly delineated via the simplest observations of the world around us and the revelations of our awakened conscience.

Love and truth are not all that complicated. Naturally.

However, seriously perverted and otherwise motivated elements feel they need to control and steer and harvest the energies of everyone else. Natural law and order are anathema to them. They've decided for some insane, occult reason, that humanity is diseased with its own 'naturalness' and needs to be corralled, cleansed, modified and even "maintained" at certain population levels. Their self-styled, cold so-called intellectual prowess dictates a world with the "illuminated" man taking the earth-bound masses into a utopia designed by these self-appointed elites, for these same elites, and with them in absolute power over a populace enthralled with its very enslavement.

And they're pretty damn close in many respects, sad to say.

But what really opens people's eyes is realizing this is something that is spiritually driven, and when you connect enough dots you see there is a core intelligence behind these tentacles of control being exerted on humanity.

And it's ugly.

A Slippery Concept With Woeful Consequences

What I'm driving at is the ageless nature of this conspiracy by a very few to take dominion over the earth and how they're going about it. I maintain that very long-term planning with extreme, deliberate patience is their greatest "stealth" weapon.

In fact, in the words of Adam Weishaupt, the hired founder of the Bavarian Illuminati, this slow moving shroud of secrecy is the very same weapon used to attract followers and participants in this furtive plan. He said:

Of all the means I know to lead men, the most effectual is a concealed mystery. The hankering of the mind is irresistible.

That's how they work; in secret, very slowly, yet right in

your face. The reason is for the distinct purpose of not being noticed. In fact, after the Bavarian Illuminati were found out they were banished and took refuge within Masonic lodges, told to be a secret society within another secret society. Next they were told to start philanthropic organizations. And on they've moved within institution after institution.

Lies within lies. Who would imagine such a thing? They would.

Time Lapse Dot Connecting

Just watch politics and economics, and especially societal changes. When you look back historically some things are extremely clear in how they developed. However, for the people living within those changes? Did the Germans see what they were being led into under the Nazis? Did the Russians know they were begging for their own mass execution when they got behind an apparently populist Communist movement?

Do the Americans know their once beloved Republic is fast becoming much worse than Nazi Germany? Most don't.

And how did the world get the way it did at any point? By degrees, always by degrees. Cataclysmic social changes like outright revolutions are the exception, but even those are brought about by slow planning, seeding and preparation, usually for many years. And yes, by a small minority of extremely determined and proactive conspiratorial plotters and planners.

And who has almost outlawed talking about, never mind believing in, conspiracies? The conspirators, of course

They can ostensibly do some drastic, very noticeable things at times, but then they'll soften in other areas so as to not cause too big a reaction. They could take gasoline prices through the roof and gouge the public even more than they do, but they know the "natives will get restless" when they push too hard and too fast. Instead, they'll work another area such

as the war arena or vaccines or climate change to get everyone's minds off of monetary issues, if need be.

They have a lot of cards to play.

They're devilishly smart. When you start seeing how pervasive this relentless inching forward of their plan is on so many fronts it can be quite disturbing.

Light, Shadows and Long Term Degradation

One of best analogies that demonstrates the subtly of this slow, long range mindset is noticing how you see the slow movement of the Sun by its effects. You don't actually see the Sun move, but you trace its motion by its placement in the sky, and the shadows cast by trees and buildings. It's like watching the stars...except for a few asteroids, everything moves just beyond where you can detect motion. If you go into the house for a few minutes and come back to look at the sky, everything will have moved. But it's just beyond visual detection.

Similarly, the effects of the social engineering efforts of these few very determined manipulators can be seen in the slow moving and evolving shadows of societal change. And almost always for the worse, unless they're doing some PR of some sort to make something more "palatable" to their subjects.

Just trace some of the trends.

- The destruction of the family unit has not just been a coincidence.
- The degradation of morality and the debasement of human behavior via manipulated mass media garbage is no accident.
- A dumbing down educational system that rings bells and buzzers as if for lab rats and shoves fabricated repetitive data and meaningless dis-associative information into children's minds like a meat grinder is

just the way they want it.

- The rape and wanton destruction of the environment, including our seas, skies, lands and food chain is fully engineered.
- While wars, economies, political states and corporate conglomerates are managed by this same manipulative handful via their massively powerful banking arm.

All with the express purpose of destroying civilization from within and without to bring about a new world order of their design.

And this doesn't touch the inherent enforced ignorance via withholding knowledge while promoting fabricated religions, phony science and false history...and that for millennia.

The So-called Elites are Parasites

In a way this "patience of the Illuminati planners" concept exemplifies the very difference between so-called normal humanity and those who subscribe to this nefarious elitist mindset. Most could never conceive that anything so vast, so thoroughly planned, even to go so far as passing through one begrudging, power-mad bloodline generation after another, could possibly be afoot.

Yet it is, much like a parasite or alien creature that has invaded a body. The initial subject is turned into a host, considered nothing more than a living feeding ground for them, while the parasitic creature slowly strengthens and multiplies and literally re-forms what it can of the original organism to serve its purposes.

There are a lot of theories as to what exactly is the nature of these would-be controllers, from simply pathological demagogues with serious psychiatric problems, to persons controlled by demonic spiritual entities or trans-dimensional alien races of reptilian origin. Anyway you look at it, something's afoot and humanity better wake up to it.

Because these parasites are about to kill their hosts.

The Illuminati Question

The question remains, who and what is directing these changes? Can there really be a plot to bring about a specific desired result through social, economic, political and even biological manipulation over these long periods of time?

Herein lies the aha moment for many.

In the words of Winston Churchill in 1920; (although he himself played a similar role on the other side of the coin..)

“From the days of Adam Spartacus-Weishaupt to those of Karl Marx, to those of Trotsky, Bela Kun, Rosa Luxembourg, and Emma Goldman, this world wide conspiracy for the overthrow of civilization and for the reconstitution of society on the basis of arrested development, of envious malevolence and impossible equality, has been steadily growing. It played a definitely recognizable role in the tragedy of the French Revolution. It has been the mainspring of every subversive movement during the nineteenth century, and now at last this band of extraordinary personalities from the underworld of the great cities of Europe and America have gripped the Russian people by the hair of their heads, and have become practically the undisputed masters of that enormous empire.”

Manly P; Hall, himself a 33rd degree Freemason, was a prolific writer about the occult mystery schools. While these occult, (meaning hidden) teachings have been around for millennia, they’ve been shrouded in secrecy and a “don’t touch” classification to keep this knowledge from the common man, whom they call the profane, oddly enough. (Oh how they love to twist concepts to keep us confused.)

The following summary is a simplified history and quite profound and ends with a bang. (Emphases mine.)

The Illuminati “Brotherhood” of the Great School – Some Background

Today, the term Illuminati is used to loosely describe the small group of powerful individuals who are working towards the creation of a World Government, with the issue of a single world currency and a single world religion. Although it is difficult to determine if this group descends directly from the original Bavarian Illuminati or that it even uses the term Illuminati, its tenets and methods are in perfect continuation of it. As stated above, the name that is used to describe the occult elite can change. And, ultimately, the name is irrelevant; what needs to be recognized is the **underlying current that has existed for centuries.**

According to Manly. P Hall, the Bavarian Illuminati was part of what he calls the “Universal Brotherhood”, an invisible Order at the “source” of most Hermetic Secret Societies of the past. It has **worked for centuries towards the transformation of mankind, guiding it through a worldwide alchemical process.** The same way the alchemical Great Work seeks to turn crude metals into gold, it claims to work towards a similar metamorphosis of the world. According to Hall, the Universal Brotherhood sometimes makes itself visible, but under the guise of different names and symbols. This would mean that the Knights Templars, Freemasons, Rosicrucians, and Illuminati are **temporary visible manifestations of an underlying force that is infinitely more profound and more powerful.** However, human beings being what they are – weak toward greed and power-lust – these movements often become more corrupted and end up conspiring against the masses for more power and material gain.

Hall concludes that the **Illuminati existed long before the advent of Weishaupt’s Order and that it still exists today.** It was under the guise of defeat and destruction that the Illuminati realized its greatest victories.

*“Weishaupt emerged as a faithful servant of a higher cause. Behind him moved the intricate machinery of the Secret School. As usual, they did not trust their full weight to any perishable institution. The physical history of the Bavarian Illuminati extended over a period of only twelve years. It is difficult to understand, therefore, the profound stir which this movement caused in the political life of Europe. We are forced to the realization that **this Bavarian group was only one fragment of a large and composite design.***

*All efforts to discover the members of the higher grades of the Illuminist Order have been unsuccessful. It has been customary, therefore, to assume that these higher grades did not exist except in the minds of Weishaupt and von Knigge. **Is it not equally possible that a powerful group of men, resolved to remain entirely unknown, moved behind Weishaupt and pushed him forward as a screen for its own activities?***

*The ideals of Illuminism, as they are found in the pagan Mysteries of antiquity, were old when Weishaupt was born, and it is unlikely that these long-cherished convictions perished with his Bavarian experiment. The work that was unfinished in 1785 remains unfinished in 1950. **Esoteric Orders will not become extinct until the purpose which brought them into being has been fulfilled. Organizations may perish, but the Great School is indestructible.*** [Source](#)

Indestructible? Look What’s Arriving!

“Organizations may perish, but the Great School is indestructible.” says worshipful adherent Hall. Sorry, I don’t share his reverence for all that “knowledge”, especially not in that context. Yeah, there will always be creeps who yield to the dark side and will do anything for temporal power and glory and use any means they can to do so.

But their time in this cycle is almost over.

It is astonishing seeing their avarice and bravado so fully on display on the world stage right now. It seems to be peaking at this point in history as they think they have this pretty well sewn up with World War Three coming down the “pike” and the world being so well conditioned to accept the coming police state and New World Order.

And any moves the people make to resist at this point seem to only serve to strengthen their grip, like a Chinese handcuff.

Fear Not

They’ll have their day in many ways. But it doesn’t have to be YOUR day. It’s really a time to get clear of it all. Pull out of their sticky system every way you can. As humanity wakes up from its slumber we’re seeing the shadows flee.

And it is happening now, and it is truly glorious! Keep heart! Stay on top of it, and help others do the same.

I believe that unarmed truth and unconditional love will have the final word in reality. This is why right, temporarily defeated, is stronger than evil triumphant. – Martin Luther King, Jr.
