Lyrics:

Hold the line, hold the line
Won't let them steal our sovereignty with their lies

This is spiritual warfare

Between the light and darkness

It's an empirical nightmare

What they're tryna inject inside us

We're not signing up

For their experiment

Try to coerce and force us

But they'll never penetrate our temples cause we

Hold the line, hold the line
Won't let them steal our sovereignty with their lies, so we
Hold the line, hold the line
We stand together and we do not comply, yeah we hold the line

We are the doctors and nurses
Sleepless nights and overtime on the front lines
We are police in the cities
And firefighters, we're protecting the families
Kicked us to the curb for the shot we refuse
It's our body and our right to choose
It don't matter, we will weather this storm
Cause God is with us in this battle, come and join us as we

Hold the line, hold the line
Won't let them steal our sovereignty with their lies, so we
Hold the line, hold the line
We stand together and we do not comply, yeah we hold the line

We hold the line in love, hold the line Show 'em what we're made of, hold the line

Hold the line, hold the line
Won't let them steal our sovereignty with their lies, so we
Hold the line

To the parents of the children We're sending hope to you Pull 'em out of the system We'll build a better school Hold the line
