

The “TRACE” Act – Is This the World We Want?

[The “TRACE” Act–Is This the World We Want?](#)

by [Mary Holland](#), Vice Chair and General Counsel, Children’s Health Defense

May 15, 2020

Unless we put medical freedom into the Constitution, the time will come when medicine will organize into an undercover dictatorship to restrict the art of healing to one class of Men and deny equal privileges to others; the Constitution of the Republic should make a Special privilege for medical freedoms as well as religious freedom. ~ Benjamin Rush, Physician and Signer of the Declaration of Independence

House of Representatives’ [Bill H.R. 6666](#), the “COVID-19 Testing, Reaching, and Contacting Everyone (‘TRACE’) Act” is a startling piece of proposed legislation. Introduced by Rep. Bobby Rush, Democrat, from the South Side of Chicago, it seems fitting that he introduced it on May 1, or May Day, the worldwide term for a distress call in a life-threatening emergency. Another bizarre and troubling detail, its number – 6666 – incorporates what is considered the [number of the beast](#) in the Book of Revelation. Omens such as these must surely give pause to even the agnostic among us.

The bill is short – under five pages – but grants \$100 BILLION to entities around the country “to trace and monitor the contacts of infected individuals, and to support the quarantine of such contacts.” It would do this through mobile health units “at individuals’ residences” and provide “services related to testing and quarantines” and “for other

purposes.” Priority for funding would go to “hot spots” and “medically underserved communities.”

\$100 billion in funding would be for Fiscal Year 2020 and ‘such sums as may be necessary’ for FY 2021 and any year thereafter when the emergency continues.

The Centers for Disease Control Director would direct the funds to health clinics, schools, high schools, universities or basically any other entity the CDC Director chooses. \$100 billion in funding would be for Fiscal Year 2020 and “such sums as may be necessary” for FY 2021 and any year thereafter when the emergency continues. The bill almost humorously notes that it must not contradict medical privacy laws.

One hundred billion dollars is the size of New Jersey and Illinois’ entire state budgets, combined. The bill is wildly unconstitutional on myriad grounds. Yet, it now has 58 co-sponsors in the House of Representatives. If passed, this bill would surveil EVERYONE.

The bill creates a federally-funded “health” police force with power to “conduct diagnostic testing for COVID-19, and related activities...at individuals’ residences,” paving the road to violations of due process and equal protection. [Journalist Ben Swann](#) provides an excellent overview of the bill’s stunning problems in this 15-minute video.

But as bad as the bill would be for everyone, H.R. 6666 is especially ominous for children. If passed, it would lead to [family separations](#)—as promoted by the World Health Organization—despite the fact that children rely on their parents and guardians in every way – physically, emotionally and psychologically.

And the threat of child separation is not far-fetched—an ad on a Washington State job board suggests that child separation for quarantine is already in the works.

State of Washington
Dept of Children, Youth, and Families
invites applications for the position of:
**DCYF Social Service Specialist 3 COVID-19
Care – Internal Only**

SALARY: \$4,829.00 - \$6,496.00 Monthly

OPENING DATE: 05/08/20

CLOSING DATE: 05/11/20 10:00 AM

DESCRIPTION:

DCYF is seeking current DCYF employees in King, Snohomish, and Benton counties to volunteer to supervise and support children and youth in Emergency Quarantine Centers. While this is a voluntary effort, you will be compensated four ranges (approximately 20%) above you current base salary while performing these duties, and return to your normal position and salary once concluded.

The State of Washington, ahead of the federal curve on contact tracing, has already outlined the plan for wide testing, quick isolation, contact tracing and quarantine. The graph below comes from Governor Inslee's recent [presentation on the State's plans](#).

Contact Tracing

The
Virus**

Office of Governor Jay Inslee

If you do not like the totalitarian future that H.R. 6666 foreshadows, violating inalienable rights to one's person, home and property, to one's life, freedoms, privacy and security and that of your children, then please take action. Send a letter to your legislator and share this with your friends. The time to act in preservation of the freedoms established by our forefathers in the Constitution is now.

Make sure your U.S. Representative in Congress hears from you! Go to our [Advocacy Center](#) and scroll down to the form to [easily send a letter](#).
