The United States is running parallel governments. For 23.5 years I have been studying the basics of law and the methods and techniques that the New World Order has so skillfully used to enslave the once freest people on the face of the earth. Few people really understand the uniqueness of the form of government our Forefathers founded and left us. Obviously, it has been totally corrupted and changed. 'How' the exact method that has been used was laid out exactly in my book, [*From Sovereign to Serf, Government by the Treachery and Deception of Words*](#). However, some people, even truly wanting to understand still have a problem understanding the really relative simple trick that has been played.

The explanation was greatly simplified, demonstrated and shown in actual application for a U.S. Passport in the video posted at [A U.S. Passport for Ed Snowden](#). In the middle of that video is what must be the greatest open hidden secret in the history of the world, The Holy Grail, the 'the pyramid w/the all seeing eye', a Babylonian conceptual trap! Viewing the video plainly shows you the two distinct types of 'political status', or 'citizenship' (if you want to use a term where their double definition dialectal word trick can potentially confuse and trick your mind). One can easily look into The Declaration of Independence and see the words that are capitalized, "Citizen" being one of them along with "Rights" and "Duties." I've tried to establish the phrase 'political status' as opposed to 'citizenship' for clarification purposes. The object of 'all' of this specificity is to assist people in "fine tuning" their thinking. "Muddy thinking", not being specific, allows them to play opposite-definition word tricks. They get us thinking in 'generalities' and then come back and zap us with 'specificity'. This is the technique that has been used so effectively by the Satanists that has brought the world so very close to the literal brink of destruction where we now find ourselves no matter where we are located on the globe.

For all the years I've come to understand these complex concepts I have continually attempted to apply my growing familiarity in methods to show or explain what has been done in simpler ways so that more people can quickly 'uptake' their understanding. The reason is because when people find out they've been living in a world of opposite definitions they have to go back and 'think through' each situation where they have established a "reality theory" view of their personal and worldview situations. Untying all of these "double minded" knots in one's life takes time, concentration and effort.

Lately I have come to understand something I had actually noticed and identified numerous years ago. But, in this 'untie

the knots' approach to understanding our jilted world now spinning out of control one can 'see' something, even 'know' some fact and still not know how it fits into the puzzle. What they have done is definitely complex and meant to deceive, trick and induce you into giving them the "Consent of the Governed" all the while not understanding what you are doing or agreeing to.

Oh, you didn't know they have 'the "Consent of the Governed"? Oh yes, you've given that to them many times over your lifetime! When you have been asked "are you a resident?" or "are you a citizen of the United States?" maybe even "are you a U.S. Person?" they were, in complex legally coded language asking you "are you a voluntary serf under the scope and purview of the 14th Amendment?". You answered 'yes' and signed some type of legal document! As the legal cannon goes, "Ignorance of the law is 'no' excuse!" Hell, you 'should' know 'what you ARE', shouldn't you? YOU should know whether you're 'slave or free', 'free or bond' now, 'shouldn't you'? To get Biblical here, "my people die from lack of knowledge."

Let's go back to a 'basic' premise, back in time over 2,000 years. One of the truly greatest true statesman in the history of the world was Marcus Tullius Cicero, 106-43 B.C. Note the dates that he lived. Try to comprehend the importance of this quote written before the birth and death of Jesus Christ.

Power and law are not synonymous. In truth, they are frequently in opposition and irreconcilable. There is God's Law from which all equitable laws of man emerge and by which men must live if they are not to die in oppression, chaos and despair. Divorced from God's eternal and immutable Law, established before the founding of the suns, man's power is evil no matter the noble words with which it is employed or the motives urged when enforcing it. Men of good will, mindful therefore of the Law laid down by God, will oppose governments whose rule is by men, and if they wish to survive as a nation they will destroy the

government which attempts to adjudicate by the whim of venal judges.

~ Marcus Tullius Cicero 106-43 B.C.

There are 'two' and "ONLY TWO" places men get their 'Rights' or 'rights'. The capital "R" Rights are the Natural God-Given Rights (with correlative Duties) as spelled out in The Declaration of Independence. The lower case "r" rights we today call 'civil rights' as installed and dictated by the 14th Amendment. Small 'r' rights are nothing more than 'privileges', privileges can be 'given' as well as 'taken away' and, even more importantly they can be, here's the key word, "regulated"! Hence the growth of "Administrative" or "Regulatory" Agencies, to "administrate" or "regulate" the new 'voluntary serfs' put into that condition with the Bankruptcy of the United States on March 9, 1933. From the Congressional Record. Congressman Louis T. McFadden, one of America's greatest Representatives. Thursday, May 4, 1933. (From Sovereign to Serf Government by the Treachery and Deception of Words)

Mr. McFadden. **Mr. Chairman, the United States is bankrupt.** It has been bankrupted by the corrupt and dishonest Federal Reserve banks. It has repudiated its debt to its own citizens. Its chief foreign creditor is Great Britain, and a British bailiff has been at the White House and British agents are in the United States Treasury making inventories and arranging terms of liquidation. In close cooperation with the British bailiff a French bailiff has been standing by with a staff of experts and 25 of the leading French journalists. The 'united front' has arrived at Washington.

Put into bondage that day in this banker manipulated 'bankruptcy' were 'all' the people in America at the time. This was done under the legal concepts of the 13th and 14th Amendment. Let's examine and dissect these two Constitutional Amendments.

It amazes me that the answers have been right there in front of all of our faces for 'all' these years. However, until you understand the basic premise of what is/has happening/happened you simply cannot fathom the depth of the trickery, treachery and deceit. Let's dissect the 13th Amendment.

Section 1. Neither **slavery nor involuntary servitude**, except as a punishment for crime whereof the party shall have been duly convicted, shall exist within the United States, or any place subject to **their** jurisdiction.

Section 2. Congress shall have power to enforce this article by appropriate legislation.

Note the first highlighted phrase "involuntary servitude". Note that the term also is equally qualified with the preceding key word, 'slavery'. In law there is another concept termed 'legal by omission'. What the 13th does NOT make 'illegal' is "Voluntary Servitude" because it is 'not' expressly prohibited! Put in the dialectical form, "Voluntary Servitude" was made 'legal' by the 13th Amendment.

Now, secondly and equally if not 'more' important is the next key, highlighted, word. That word is "their"! "Their" is obviously referring to "PLURAL" or, the original states jurisdiction! So, these 'illegalities' and 'legalities' of the 13th Amendment apply to the states of the Union at the time of the Amendment's passing. This, again, capitalized here for emphasis, "PLURAL" denotation is highly important to not only 'note' but also 'understand'.

Now that we know "Voluntary Servitude" is 'legal by omission' in the existing 'states' let's move to the 14th Amendment's 1st sentence or clause.

Passed by Congress June 13, 1866. Ratified July 9, 1868.

Section 1. All persons born or naturalized in the United States **and subject to the jurisdiction thereof**, are citizens

of the United States and of the State wherein they reside.

I am already planning on writing another, follow up article on SIX 'legal landmines' in the above sentence. For this article and our analysis here we'll concentrate on the highlighted text, the middle 'guts' of this dastardly addition to our National Constitution. You see, it has become vividly apparent to me, especially as of late, the more I understand the true dialectical nature of our traditional enemy, their plans and more importantly their methods of advancing their slavery agenda. It takes planning, stealth and years of scheming and conditioning of the people's minds to accomplish their goals! These amendments as well as a horrible 'Civil War' or, as, being a Southern boy I prefer to call it, "The War of Northern Aggression," were ALL part of the more than 150 year old plan we live in now, unfolding to its predicted and intended results now in our collective lifetimes.

I don't think it takes much of an English language scholar to see the above center part of the 14th Amendment is framed in the 'singular'. "the jurisdiction thereof" is solo, one as diametrically opposed to the previous "their", plural jurisdiction. Here you see the stark reality, right there in the U.S. Constitution the plain evidence that we have 'parallel governments'! The first the original composite of the original and added 'states', each considered a separate country. The second the post "War of Northern Aggression" singular 'federal government' now all powerful!

Now, let's reexamine the "Oath" on the current Application for U.S. Passport as examined in depth in From Sovereign to Serf Government by the Treachery and Deception of Words as well as the "[A U.S. Passport for Ed Snowden](#)" video on this website. Here you will see the two separate and distinct political statuses set forth plainly in the 13th & 14th Amendments to the Constitution discussed at length above."

"I declare under penalty of perjury that I am a **United States**

citizen (or non- citizen national) and have not, since acquiring **United States citizenship (or U.S. nationality)**, performed any of the acts listed under “Acts or Conditions” on the reverse of this application form (unless explanatory statement is attached). I declare under penalty of perjury that the statements made on this application are true and correct.”

They are ‘to this day’ running ‘parallel governments’! The ‘original’ government, with God-Given Rights and Constitutional protections is still there, it still is operable and it still operates! The second, the federal government, with its ‘regulatory/administrative agencies’ to ‘regulate/administrate’ the post March 9, 1933 ‘voluntary serfs’ or, even more correctly, ‘federal property’ has become predominant. It controls the entire country, it’s business and it’s ‘property’. That, of course, would be YOU!

Changing this is, at least in action, a very simple and easy exercise. File, according to the U.S. Passport application, a ‘declaration, including Affidavits’ with the United States Secretary of State. That office is the highest office in the federal government with ‘all’ final authority on ALL matters concerning ‘citizenship’, therefore ‘political status’.
