January 22, 2022 marks this date in our Canadian history with the start of the biggest trucker convoy to descend upon Ottawa to protest vaccine mandates. Their ETA is Saturday January 29, 2022. *What a glorious time to be Canadian!*

Truckers Hit With Illegal Vaccine Mandates

We need to be clear. Vaccination in Canada is voluntary. To have a mandatory vaccination policy is illegal and unconstitutional.

The first sector hit with these unlawful measures was the airline industry followed by all of the first responders: Police, Firefighters, Health care workers, Paramedics etc. Simultaneous mandates rolled out to provincial and federal employees including Educators and Teachers and federally regulated telecommunication industries such as Bell Canada.

And now our Truckers. The buck stops here.

Trucker Convoy: Their Mission

Simply put. Unite and say NO to these illegal and unconstitutional mandates in the biggest demonstration our country has ever seen in this regard!

If you've eaten fresh fruits and vegetables today or put on warm socks, thank a truck driver who made that happen. Sometimes we honestly give no consideration to how these items of necessity wind up on our shelves in the grocery and retail stores.

If thousands of truck drivers are fired because they stood up and said NO to the illegal vaccine mandates, this will have a major impact on the food and supply chain coming into Canada. Not to mention a devastating personal impact to their personal lives for the loss of their jobs, but also the inability to feed and clothe their own families.

- their goal is to have 5,000 vehicles in Ottawa – this would gridlock the city
- truckers will be at interprovincial borders; it will be a coordinated shut down in Canada and the US
- American Truckers are starting around the same time; truckers in Buffalo, Detroit, New York will be participating
- trucks are also coming from the North West Territories
- clan mothers are coming to support the event

In an overwhelming response to the Convoy's Mission, freedom loving human beings have generously donated over 5\$ million dollars to date! These donations help with trucker costs of fuel and vehicle repairs, food and shelter, and to remain in Ottawa as long as it takes for illegal, unconstitutional mandates to be lifted. What a tremendous expression of love and UNITY!
