*there was no way to deny it or get around it  
her little boy started screaming after the shot  
and then 2 days later  
the world shut down*

*he sat in a corner  
he lay in his bed  
he didn't speak*

*the doctor huffed and puffed in back of his steady blank  
eyes  
he assured her this had nothing to do with the shot  
it was a predisposition or a genetic trait or a  
precondition*

*he smiled now and then  
he said autism could have emerged on its own just after the  
shot was given  
as if the universe rearranged itself  
at that moment*

*she saw she was talking to a psychopath  
he had been a machine for a long long time*

*she went into the darkness and pled her case before a  
government committee  
they sat like ancient high priests  
and listened and glanced at documents  
and when they had permitted her the allotted time they  
handed down their judgment:*

*no*

she went home and took her boy in her arms  
he was still  
he didn't look at her  
he didn't speak

she consulted a lawyer  
who told her  
the manufacturer was protected by an iron wall  
he would continue to make the vaccine and sell it  
and pocket billions

the long night was closing in  
the storm was here  
the silent boy was sitting in its eye

rage was burning in the middle of her chest

a rage the public would see as insanity

from a distance, the moon and the stars might know  
what was going on  
but people in their everyday straitjackets  
would lash out at her  
because they needed a target  
they needed to ridicule a defector from their own slave-  
shuffle

they obeyed all the small print  
they were neutered in their cores  
paralytically

but she wields  
the two-edged sword in the empire

that cuts away the web  
and comes to the spider

no matter what defamation  
the intermediary whores  
lay at her door

lady liberty, liberty from the living death...Vaccine Woman  
She and her family are pre-civilization, civilization, and

*Post-civilization*

*And she will go to the ends of the earth*

*To bare the innards of the crime*

*Her enemies will never know*

*What it means to have her mission, her eternal mission*

*But she knows*

*Vaccine Woman*

*Love in her breast for her own is one answer*

*Justice is the other*

*She has a two-edged sword in the Empire*

*That cuts through the web*

*And comes to the spider*

*Vaccine Woman...*
